Richmond Times-Dispatch

RICHMOND, VA., MONDAY, MARCH 8, 1915.

TO KEEP INFORMED

On matters of importance in city, State and nation, you need but read

THE TIMES-DISPATCH

Miller & Rhoads - "The Shopping Center"

Announcement

On TUESDAY, WEDNESDAY and THURSDAY, of this week, MARCH 9th, 10th and 11th, we will hold our

Formal Spring Opening

at which time we will exhibit the new and authentic fashions in Spring Suits, Dresses, Blouses and Wraps; also the new Dress Silks, Dress Goods, Trimmings and correct Spring Millinery for 1915.

The Inflowing Tide of

Spring Fashions!

Throughout the length and breadth of the land there is a stirring and awakening of interest as the new season approaches.

What is the story of the fashions for spring?

This store at least is splendidly ready to meet all enquiries on this subject, and to illustrate it by great numbers of actual present examples in our Women's Wear Section.

The tide of fashions is inflowing, crowding up speedily to the great flood tide of spring and summer styles.

- NEW SUITS!
- DRESSES!
- BLOUSES!
- WRAPS!
- MILLINERY!
- NEW DRESS SILKS!
- DRESS GOODS!
- TRIMMINGS!
- LACES, Etc.
- FOOTWEAR!

This store is able to make every minute of your visit unusually interesting and pleasantly profitable.

Miller & Rhoads

AVERAGE GAS RATE NEARLY SAME AS RICHMOND PRICE

Albany and Bridgeport Plants, Privately Owned, Charge \$1 a Thousand.

MEAN RATE IS 80 CENTS

Only Two of Fifteen Cities Comparable With Richmond Enjoy Rate as Low as 70 Cents for Product of Low Candle Power.

Efforts on the part of interested Councilmen to compile a comparative statement of the price charged for gas in a number of representative cities comparable with Richmond in population and conditions governing the gas-making industry, reveal the fact that the average price charged in these cities is 80 cents per 1,000 cubic feet.

The information referred to has been secured from the most recent issue of Brown's Gas Directory—the best-known American authority. In every city that figures in the compilation the plant is privately owned, except in Richmond and Dayton, O. These appear to be the only two American cities having a population in excess of 100,000 that own and operate their own gas works.

Dayton has a population of 130,000 and supplies gas of eighteen candle-power through 10,487 meters at a net price of 85 cents. As compared with Richmond, which has a population of 150,000 and supplies gas of 16 candle-power at 90 cents, through about 16,000 meters.

In the remainder of the fifteen cities whose rates have been tabulated gas is manufactured and supplied by private corporations. In several of the larger cities, notably Los Angeles and Cleveland, the industry is in the hands of two or more rival companies.

Only two of the fifteen cities comprised in the tabulation sell gas as low as 70 cents. These are Minneapolis, Minn., and Springfield, Ill. In both of these cities the product supplied is of 18 candle-power. Atlanta, which is supplied by the Georgia Railway and Power Company, pays 70 cents for its fuel gas, and \$1 for illuminating gas.

In the other cities that have been selected because they were comparable in size with Richmond, and enjoyed relatively the same advantages as regards the facilities for making gas, the rate is 80, 85, 90 and 92 cents. For Albany, N. Y., which has a population of 115,000, pays \$1.00 for a product of twenty candle-power. It has 24,575 meters. Richmond's 16,000, BIRMINGHAM PAYS \$1

FOR ILLUMINATING GAS Birmingham, Ala., a city of 110,000 population, is charged three rates. For the first 10,000 cubic feet the rate is \$1. A rate of 90 cents is charged for the second 10,000 cubic feet, and a rate of 80 cents for the third 10,000. All gas in excess of 30,000 cubic feet a month is charged for at the rate of 70 cents per 1,000. From this statement it appears that the great majority of Birmingham's 11,000 metered users fall in the \$1 per 1,000 class, since few families consume more than 10,000 feet a month.

Bridgeport, Conn., with a population of 110,000, pays \$1 a thousand for a product of twenty candle-power. Wilmington, Del., a city of 95,000 population, pays 95 cents for gas of twenty candle-power. Des Moines, Ia., with a population of 88,000, Elizabethtown, N. J., with a population of 84,000, and Buffalo, N. Y., with a population of 423,715, all pay 90 cents a thousand—the rate that is charged in Richmond. In the two first-named cities the candle-power is twenty-two—the Richmond standard. In Buffalo the gas supplied is of 18 candle-power.

In the 50-cent class fall Cambridge, Mass., population 17,000, eighteen candle-power; Grand Rapids, Mich., population 117,000; Fall River, Mass., population 122,212, twenty candle-power; and Cleveland, O., population 613,270, sixteen candle-power.

The comparative statement will be laid before the Committee on Public Buildings, Properties and Utilities for its consideration in connection with the ordinance introduced by Alderman Powell, which provides for a reduction of the Richmond rate from 90 to 80 cents. The committee is scheduled to meet in special session next Monday night for a hearing on the offer of the Southern Gas and Electric Corporation and others, to lease the Gas Works.

Independent of its timeliness in view of the impending gas lease agitation, is significant in that it shows that the city of Richmond is now supplying gas to its consumers as cheaply as many other cities in which the product is manufactured and supplied by private corporations, and that by reducing the price to 80 cents the city will be abreast of a majority of the most favorably situated American cities in the matter of gas prices.

According to Chief Inspector Shelton of the Gas Department, the city would have made a net profit of \$128,000 in the past three years had it sold gas during this period at 80 cents a thousand. It is the belief of many Councilmen that a net profit of this size in three years offers an ample margin to take care of fluctuations in the price of gas-making materials, and to provide for other elements of expense which cannot be foreseen. A reduction to 80 cents, therefore, it appears, would be entirely feasible, and the Powers ordinance carrying such a reduction into effect will receive careful consideration.

Mr. W. A. Montgomery, 1109 West Avenue, went into her dining-room early last night and was startled to see the hand of a white man groping through the window blinds. The man was endeavoring to loosen the catch and so gain an entrance into the room. Mrs. Montgomery screamed for help. The hand was withdrawn hurriedly and the man took to his heels. He made good his escape, although persons in the neighborhood searched some time for him.

Miss Catherine Gordon, 316 North Tenth Street, was struck by an automobile, driven by E. Vaughan, 523 West Broad Street, near her home yesterday afternoon and was considerably bruised about the face. Ambulance Surgeon Walker was called and treated the young woman, who was taken home to her home by Vaughan. She is not thought to have been seriously injured.

Said to Be Wanted in Norfolk. Albert Morgan, colored, is being held at the Second Precinct Station on a charge of assaulting and using abusive language to Cora Johnson, Detective Sergeant Kregel and Policemen Parsons and Dunn, who arrested him, have also charged the man with being a fugitive from justice in Norfolk, where it is said, he is wanted on a grand larceny charge. He will be given a hearing in Police Court to-day.

MAY BE SENT TO ASYLUM FOR CRIMINAL INSANE

Clay Drewry Must Appear in Hustings Court To-Day for Commitment.

WAS RUSHED TO WESTBROOK

City Police Kept in Ignorance That Commission of Lunacy Had Been Called in Case of City Employee Under Indictment.

According to the statement of Commonwealth's Attorney Polkes on Saturday, Clay Drewry, former superintendent of the West End handkerchief factory, now under indictment on a charge of stealing the city's money by padding the pay rolls and since adjudged insane, will be brought to the hustings Court this morning on a writ to face such procedure as Judge Richardson may decide.

As Drewry is under indictment for a felony, he is within the power of the court to have him transferred to the Asylum for the Criminal Insane, at Marlton, as was done recently in the case of E. R. Rixey, the Alexandria banker, whose case was carried to the Supreme Court of Appeals.

HE RECOVERS SANITY. Chapter 313, acts 1914, page 542, amends section 1682 of the Code of Virginia to read: "If any person who is charged with, or indicted for, any crime be found, in the court in which he is so charged or indicted, to be insane at the time appointed for trial of such indictment, the court shall order him to be committed to the department for the criminal insane at the proper hospital, where he shall be kept in custody and cared for until he has been restored to sanity. If any such person be removed to the department for the criminal insane at the proper State hospital, in the opinion of the superintendent, not insane or when such person, if insane, has been restored to sanity he shall forthwith be brought back to the jail or custody from which he was removed, where he shall be held in accordance with terms of the process by which he was originally committed or confined."

THE SUPERINTENDENT shall, from time to time, or as often as the court may require, inform the court of the condition of the said person while confined in the hospital.

POLICE NOT NOTIFIED OF DREWRY'S ALLEGED DEFECTIONS discovered on February 21, and he left the city after having promised City Engineer Bolling that he would go over his accounts with his superior officer. The matter was reported to the Administrative Board, and, after a thorough investigation, Drewry was suspended, and on the next day Detective Hately swore out a warrant charging Drewry with theft. Later he was indicted by the Hustings Court grand jury on a charge of stealing more than \$50, which constitutes a felony.

After a search instituted by the police, Drewry's family learned that he was in Atlanta, and he was brought back on Friday by his brother-in-law, E. L. Benson, Attorney D. C. O'Flaherty and Sheriff J. Herbert Mercer met them in Petersburg, and when the train reached Richmond the sheriff placed Drewry under arrest. He was immediately taken before a commissioner of lunacy at the office of Dr. R. I. Tucker, 205 East Franklin Street, the commission consisting of Dr. Tucker, Dr. Greer Baughman and Magistrate J. D. Layle. Mr. Drewry had been declared insane, he was not to be in the care of his mother and then transferred to the Westbrook Sanatorium. The Police Department was notified on Saturday afternoon that Drewry had returned, and informed what disposition had been made of him.

Supposed of Stealing. Lawrence Houston, colored, and his mother, Nannie Houston, were arrested last night on a warrant charging them with being suspicious characters; suspected of stealing \$65 from Zak Vosaski, 1027 Newbury, by Detective Sergeant Kregel and Policeman Stockman arrested the negroes.

Charged With Disorder. Claude Bradshaw, Paul Bowman, Jack Robinson and Tucker Burns were arrested by Policemen Tucker and Gary in the Aber House, 101 North Eighth Street, early yesterday morning on a warrant charging them with being disorderly there. They will be given a hearing in the Police Court this morning.

Escapes From Asylum. Chief of Police Werner was informed last night that a man named Castle had escaped from the State Hospital at Williamsburg, and was asked by the authorities of that place to assist in apprehending him. No details of the escape were reported to the police. Local officers were instructed to look out for the news and to arrest him if he was seen. Castle is described as being thirty-three years of age, about six feet in height and well dressed.

Woman Severely Beaten. Ambulance Surgeon Walker was called to the house in the rear of 302 East Franklin Street yesterday afternoon to treat Martha Adams, colored, who is said to have been severely beaten. She was found not to have been seriously injured, and was left by Dr. Walker, after he had treated her.

Sunday Committee to Report. The committee of the Ministerial Union which recently went to Philadelphia to invite "Billy" Sunday, the evangelist, to come to Richmond, will report on the matter this morning. Rev. Russell Cecil, D. D., chairman of the committee, will present the report. Sunday was encouraging in his attitude towards the invitation.

Gans-Rady Company

WILL ASK FOR HEARING ON FRANCHISE APPLICATION

Power Company Completes Compilation of Separate Grants for City's Use.

STREET COMMITTEE TO ACT

Will Fix Date This Afternoon for Initial Hearing—Council Authorities Predict That Disposition of Franchise Matter Will Take Months.

The Virginia Railway and Power Company will ask the Committee on Streets at its meeting at 5 o'clock this afternoon, for a date for a hearing on its application for a franchise to supplant the several grants under which it is at present operating its street car and light and power transmission lines in this city.

At the committee's request the company has assembled in one volume all the franchises granted to it, and its predecessors in title. Copies of the book, which contains about 400 pages, will be distributed to the committee members this afternoon and filed with the city authorities for their information. According to the company, the preparation of the volume proved to be a task of the first magnitude, requiring many weeks for the selection, arrangement, editing and printing of the material.

The volume is provided with a complete cross-index, which will enable the reader to locate readily the separate grants under which the company is operating and the principal provisions of the existing franchises. It is the first complete compilation of Richmond's street railway and light power franchise and from the standpoint of reference value alone it will be a valuable addition to the city's record library.

APPLICATION WAS FILED AT NOVEMBER MEETING

Although the company's application for a new blanket franchise was submitted to the Common Council at its meeting on November 2, and immediately referred to the Street Committee for consideration, its consideration has, at the request of the company, been repeatedly deferred to allow it time to prepare the franchise compilation referred to in recent articles. The committee has been busy in looking after the East Broad Street rerouting ordinance, which has now been passed by the Common Council and will be in effect on or about the 15th of the month. The Board of Aldermen to-morrow night.

The Street Committee will to-day fix a date for an initial public hearing on the franchise application. It is assumed that numerous hearings will be required. Council authorities have predicted that the franchise matter will not be disposed of in less than a year.

Henry W. Anderson, of the company, has himself expressed the belief that even under the most favorable conditions it will require at least from six to eight months to dispose of it.

TENTATIVE ORDINANCE AS BASIS FOR CONFERENCE

With its application for a new blanket franchise the company has filed in the City Clerk's office a tentative ordinance intended as a basis of conference between representatives of the company, the council and the public. It has been publicly stated by representatives of the company that certain provisions of the tentative ordinance are not what it should include, in the ordinance and that it is prepared to agree to such changes as may be determined upon by conference.

It is quite generally understood that in its suggested franchise the Virginia Railway and Power Company asks for many concessions which it does not expect to obtain. A blanket franchise, if granted, would be a concession of the product of concessions by both sides and may differ in important respects from the tentative and incomplete instrument now in the hands of the committee.

Those Councilmen who have discussed the matter unofficially are uniformly of the opinion that a properly drawn blanket franchise in which the public would be adequately protected, would benefit both the company and the city. All are agreed, however, that the preparation of such an instrument will require much deliberation and close study.

CONCESSIONS ARE WORTH \$1,000,000, SAYS COMPANY

In exchange for the blanket franchise the company offers to surrender to the city all the separate franchises under which it is now operating in the city, and all rights of way owned by it in fee simple. In addition to these the company offers to transfer to the city the Marshall, First and Fifth Street viaducts, and Forest Hill Park—a tract of about 100 acres. In its petition to the Council the company values these concessions at approximately \$1,000,000.

So far the most bitter opposition to the proposed new franchise has come from the East End, where quasi-political organizations have held meetings and adopted resolutions calling upon the Council to refuse to grant a franchise with a longer life than ten years, and to oppose any change in existing street arrangements east of Eleventh Street.

To Undergo Operation

Mrs. E. V. Carson, wife of Rev. E. V. Carson, pastor of Fairmount Avenue Methodist Church, was taken to the Stuart Circle Hospital yesterday to undergo an operation. The operation will probably be performed to-day.

Not This Kessler

John W. Kessler, of 906 1/2 East Broad Street, is not the John W. Kessler who was arrested Saturday night on a charge of being disorderly on car No. 140, of the Oakwood and Broad line. The first Mr. Kessler is an employee of the Western Union Telegraph Company, with which firm he has been for some years.

GIRL FRIENDS VIEW BODY OF LILLIAN MAY COOK

Steady Line of Young Women Files Into House, and Many Floral Pieces Arrive.

MANY IN TEARS AS THEY LEAVE

Father, Visibly Affected by Disclosures Made Through Autopsy, Satisfied With Result of Probe, and Will Not Seek Further Inquiry.

[Special to The Times-Dispatch.] NEW YORK, March 4.—In a simple white dress, and resting in her coffin with a placid smile upon her features, the body of Lillian May Cook was viewed by no less than 100 of her girl friends in the tiny parlor of her parents' home here to-day.

All day, while her brothers and sisters and her mother sat in silence in the death-room, a steady line of young women filed into the house and past the casket. They were all in tears as they came out. None would believe the reports of the physicians in New Haven who performed an autopsy upon the girl on Saturday.

"She was too sweet a girl to have such an accusation made against her," said one. "We cannot believe the report we have read."

The father, Frank Cook, visibly affected by the disclosures made through the autopsy, spent the day in arranging for the funeral, which will be held on Tuesday afternoon.

Many floral pieces came to the house to-day, but none came from the girl's late employer, Virginia Mayo, no from "Mrs. Dudley," of Brooklyn. "They didn't send any flowers, and we don't expect they will," said the dead girl's broken-hearted sister, Laura. "But we know they are not grieving at sister's death."

SATISFIED WITH RESULT OF QUICKLY CLOSED PROB

There is no demand for vengeance from the self-slain girl's father. He is satisfied with the result of it, although closed probe into his daughter's death.

"I have washed my hands of the entire matter," he announced. "Lillian was a good, dutiful daughter, and cannot believe the reports made by the physicians who performed the autopsy. There must be some mistake."

"But if their analysis is true, I do not attach any blame upon Mr. Mayo," he said.

A different opinion of Mayo is held by the Rev. Christian Freiner, who, in a sermon at the Grace M. E. Church to-night, denounced him from the pulpit. "While we are arranging the means for polygamy, we are forgetting the girl who was murdered," he said. "The divorce decree obtained was perjured witnesses and occasioned the appearance of a woman who is a disgrace to the woman who was not being caught."

NORFOLK AND WESTERN SHOWS CURTAILMENT

Both Receipts and Expenditures Below Last Year, January Statement.

The statement of the Norfolk and Western Railway Company as to receipts, expenses and net income for the month of January, 1915, shows a decrease of 7 per cent in the net way operating revenues, as compared with January, 1914.

The question complained for the months beginning July 1, and ending January 31, show that the revenue during that period this year were \$1,480,169.22, as compared with \$1,578,801.13, a decrease of 6.28 per cent. The operating expenses during the same period this year were \$1,674.94, and for the corresponding period of last year \$1,820,941.82, a decrease of \$2,033,294.88, or 11 per cent. The net railway operating revenue were \$5,298,422.28, a decrease of \$2,237, or 5 per cent.

The gross income for the 8 months ending January 31, 1915, \$8,470,071.10, a decrease of \$292,833 or 3 per cent. The net incomes for two periods were, respectively, \$5,688,273.07, 1914, \$6,127,370.07, a decrease of \$439,097, or 7 per cent.

TEACHERS MINUS PAY

Pittsburgh Education Board to Ask to Washington.

PITTSBURGH, Pa., March 7.—The Pittsburgh Board of Education probably appeal to the Comptroller of the Currency at Washington to determine whether payment on checks posted the day before a bank has closed by the comptroller can be deferred shortly after Federal authorities have taken charge.

The question grew out of the closing of the German National Bank Thursday, a day after several school teachers had deposited monthly pay checks, which had drawn on a local trust company board. The teachers appealed to the board, which at once ordered pay stopped, but there is some question over the legality of the action. The case is decided the teachers be minus their pay.

Y. M. H. A. ENTERTAINMENT

Social Evening With Several Musical Numbers Is Greatly Enjoyed.

One of the largest crowds that ever assembled in the building of the Young Men's Hebrew Association attended the entertainment given by the auxiliary last night, and the occasion was greatly enjoyed. Many pleasant features were on the program, and the performance given by the Young Men's Hebrew Association minstrel troupe, under the direction of Jacob Lovenstein, elicited much applause.

The program included a piano solo by Miss Deborah Gellman, a reading by Miss Bertha Herman, song by Jake Medvedoff, with Miss Herman accompanying, and a song by Harry Siegel. The minstrel troupe consisted of Jess Michaels, Max Barker, N. M. Wasserman and Bernard Spielholz. Refreshments were served.

Civic League Meets, ng.

The monthly meeting of the Ginter Park Civic League will be held at the schoolhouse to-night at 8 o'clock. Dr. J. A. C. Chandler, superintendent of city schools, and E. E. Smith, principal of Southside schools, will address the meeting.

Wanted in Henrico.

John Price, colored, arrested by Policemen Latham, Willis and Hord last night on a warrant charging him with being a fugitive from Henrico County, where he is said to be wanted on a charge of beating Lena Robinson. The alleged assault took place in Barton Heights.

Charged With Theft.

Peter Robinson, colored, was arrested yesterday on a charge of stealing seventy-two cents from J. M. Dugan. Just how he managed to get away with the sum will be explained to Justice Higgins in Police Court this morning.

Charged With Stealing Revolver.

Charles Valentine, colored, was arrested by Policemen Hill last night on a warrant charging him with stealing a .122 revolver from William Moore. The man will be arraigned in the Police Court to-day.

Charged With Trespass.

Eraxton Hart will be arraigned in the Police Court this morning on a charge of being disorderly and trespassing on the premises of Pearl Donahoe. Policeman Whitlock arrested the man early Sunday morning.

NO NEW CASES OF CATTLE DISEASE ARE REPORTED

State Veterinarian Ferneyhough Is Still on Alert for Indications of Outbreak.

TO ASK STATE FOR LARGE SUM

Immense Loss in Cattle Slaughtered to Be Partly Borne by Appropriation From Legislature—Sources of Infection Are Being Traced.

State Veterinarian Ferneyhough is still alert to the danger of the spread of the foot-and-mouth disease, but is comforted that no suspicious indications have been reported to him since the outbreak last Wednesday in Frederick County. He received information from that county yesterday that the infected herds of Rosser Campbell and E. M. Miller had been slaughtered and buried, and that the infected cattle of John W. Larrick, Jr., will be slaughtered and buried to-day.

Mr. Larrick bought the infected cattle at a sale in Martinsburg, W. Va., and sold them to Mr. Miller and Mr. Campbell and kept the others. It is said that at the time of the sale it was announced that the cattle were sick and would be sold cheaply. Mr. Larrick will not know, however, that his purchases were suffering from the most dangerous of all cattle plagues, and he recently drove them over the border into Virginia. The disease soon showed itself in true form, and veterinary aid was immediately summoned.

NEED FUNDS TO FIGHT ON PLAGUE

Dr. Ferneyhough detailed Veterinary Surgeon E. W. Miller to take charge of the case and to observe conditions everywhere in the Valley of Virginia, which is a great cattle and dairy country.

Mr. Campbell lost thirty-five cattle and twenty-five hogs, which were appraised at a total value of \$1,500. Mr. Miller lost eight cattle and twenty-three hogs, assessed at \$1,000. The State must pay half of this assessment, and the Federal government bears the other half. As the State appropriation of \$75,000 is already practically exhausted the State Live Stock Sanitary Board,

of which J. Thompson Brown is chairman will ask the Legislature this week to make an special appropriation to cover the cost of suppressing the disease, which has been incurred in combating the disease. It is thought that at least \$100,000 will be necessary.

DISCUSS EHRlich REMEDIES

Interesting Meeting to Be Held by Richmond Academy of Medicine and Surgery.

A meeting of the Richmond Academy of Medicine and Surgery will be held in the auditorium of the Richmond Chamber of Commerce to-morrow night at 8 o'clock. The program will consist of papers, reports of interesting cases and a review of modern literature on a selected subject.

Dr. Thomas W. Murrell will read a paper on a study of four years' work with the Ehrlich remedies, and Dr. Robert C. Bryan will read a paper and demonstrate some unusual cases with lantern slides.

Burglar Escapes.

Mrs. W. A. Montgomery, 1109 West Avenue, went into her dining-room early last night and was startled to see the hand of a white man groping through the window blinds. The man was endeavoring to loosen the catch and so gain an entrance into the room. Mrs. Montgomery screamed for help. The hand was withdrawn hurriedly and the man took to his heels. He made good his escape, although persons in the neighborhood searched some time for him.

Struck by Automobile.

Miss Catherine Gordon, 316 North Tenth Street, was struck by an automobile, driven by E. Vaughan, 523 West Broad Street, near her home yesterday afternoon and was considerably bruised about the face. Ambulance Surgeon Walker was called and treated the young woman, who was taken home to her home by Vaughan. She is not thought to have been seriously injured.

Said to Be Wanted in Norfolk. Albert Morgan, colored, is being held at the Second Precinct Station on a charge of assaulting and using abusive language to Cora Johnson, Detective Sergeant Kregel and Policemen Parsons and Dunn, who arrested him, have also charged the man with being a fugitive from justice in Norfolk, where it is said, he is wanted on a grand larceny charge. He will be given a hearing in Police Court to-day.
