

number of prisoners have been captured. It is the same with regard to the crown prince's offensive in the Argonne. Whereas this is described by the French as an important action, the Germans say it is a minor one, designed to improve the situation, and that the desired result has been achieved.

FOUR GREAT BATTLES ON EASTERN FRONT

There has been no cessation of the heavy fighting on the Russian front. From Riga down to Galicia the armies are contesting every inch of the ground, and at least four separate battles are in progress. Field Marshal von Hindenburg has resumed his effort to reach Dvinsk, which town has been denied him so many times. The Germans announce that the Russians have been driven from two successive lines of trenches to the southwest of Dvinsk.

Except for Field Marshal von Mackensen, who is held in the Pripiet marshes, all the German generals report advances, even General von Luttwig, whose army was rather roughly handled by the Russians in Volhynia, having, with the aid of strong reinforcements, been able to take the initiative again. In addition to recapturing Lutsk, he has crossed the Star River below that fortress.

In Galicia the Russian general, Ivanoff, is still holding the Austrians back, and is himself gaining ground. Montenegro, the smallest of the allied nations, is taking a hand in the general attack on the central powers. She has launched an energetic offensive, according to an unofficial telegram, which secured for her the possession of some Austro-Serbian positions.

Sir Edward Grey, the British Foreign Secretary in the House of Commons, today made statements concerning the Balkan situation which should tend to clear the atmosphere. While saying that Bulgaria has assured the powers that she has no aggressive intentions against her neighboring states, Sir Edward took occasion to warn that country that any aggression would bring to the assistance of the friend of the allies attacked the whole power of the British empire.

The enthusiasm with which the Greeks are answering the call to a mobilization is considered in London as also being likely to affect the Balkan situation.

GREEKS WILL RESIST PASSAGE OF TROOPS

BERLIN, September 28 (by wireless to Sayville).—According to the Overseas News Agency, Greece has assured Serbia she will resist the passage of foreign troops through Greek territory.

BULGARIA AND GREECE AGREE ON NEUTRAL ZONE

BERLIN, September 28 (by wireless to Sayville).—The Overseas News Agency says that, according to reliable information, Bulgaria and Greece have agreed upon the establishment of a neutral zone between these two countries.

The suggestion of a neutral zone, the news agency says, was made by the members of the Greek general staff, who acted in concert with King Constantine. The Overseas News Agency adds: "Bulgaria agreed, and there is no doubt that she is ready to yield to Greek wishes about the Serbian territories of Dobruja and Gevgentzi. This means that the attempts of the entente allied powers have been frustrated."

English and French officers have been in Salonika in order to prepare for the landing of Anglo-French troops. Greece, for the time being, is determined to maintain neutrality, even in the face of the threat to land troops.

AMERICAN KILLED

Sergeant Edward C. Thompson, of Marine Corps, Ambushed by Outlaws in Haiti.

WASHINGTON, September 28.—Sergeant Edward C. Thompson, of the Sixth Company of Marines at Port Au Prince, Haiti, was killed by outlaws yesterday while returning to camp at the head of a party which included the body of Private Matthew Little, who had been accidentally drowned while swimming.

In reporting to the Navy Department on the death of Admiral Caperton, commanding the American forces in Haiti, the sergeant Thompson and his party were attacked from ambush by natives, who, according to reports, had been ordered to kill the sergeant, who was the husband of the late Mrs. Caperton. Little was a native of Austro-Hungary.

WILSON CASTS HIS VOTE

Returns to Legal Residence at Princeton and Takes Part in Democratic Primary.

PRINCETON, N. J., September 28.—President Wilson returned to his legal residence here today and voted in the New Jersey Democratic primaries. He remained in Princeton less than two hours, and hurried back to Washington.

The President walked directly from the railway station to the old farmhouse, which is the voting place of his precinct. He was followed by a crowd of students, many of whom took photographs of him. Entering the farmhouse, the President shook hands with the election officers, and was handed a ballot. He went directly into the polling booth and marked the ballot in a few minutes.

In the polling place the President was asked to sign a declaration of independence of the United States. He answered other routine questions in a matter of fact way.

After voting, the President took a short walk with Dr. Axson, and called on several old friends.

WILL INSPECT HARBOR

Army Engineer and City Officials to Make Trip on City Tug Today.

Colonel J. P. Harvey, United States Engineer for this district, will arrive in the city today to make an inspection of the harbor and nearby James River waters for the purpose of determining the amount of improvement work that is necessary. The municipal dock at 11:30 o'clock this morning with the inspecting party.

Accompanying Colonel Harvey on the inspection trip will be Henry F. Beck, of the Administrative Board, Assistant City Engineer Postine Jones, a subcommittee from the Committee on Dock, River and Harbor, and a committee appointed by the Chamber of Commerce.

IT QUENCHES THIRST

Horsford's Acid Phosphate. Tantalum in glass of water, quenches thirst more satisfying and refreshing than 100 cents.

German Army Corps Perishes in Marsh

LONDON, September 28.—The Times's Petrograd correspondent says: "A report, which has been confirmed from a good quarter, is that the Forty-first German Army Corps was overtaken by the flooding of the Dniestr marshes, and being unable to escape, nearly the whole of the corps perished."

ALLIES ARE PREPARED FOR CRISIS IN BALKANS

Will Give Their 'Friends' All Support Possible if Bulgaria Joins Their Enemies.

GREY EXPLAINS POSITION

Belief Now Expressed That Turbulent Little State, Courted by All Belligerents, Will Continue Armed Neutrality.

[Special Cable to The Times-Dispatch.] LONDON, September 28.—Sir Edward Grey's announcement in the House of Commons today that the allies would aid "without qualification or reserve" the Balkan states if they needed help against Germany, has greatly relieved the tension existing here over the mobilization of Bulgaria.

Following the energetic action taken by Greece, it is believed that Bulgaria will realize that in allying herself with the central powers she would make a mistake.

That Bulgaria now will continue to preserve her "armed neutrality" is the belief expressed here.

MAY PREVENT GERMANY'S SERBIAN EXPEDITION

The great activity on both the western and eastern fronts, it is believed here, will prevent the Germans from sending any considerable force against Serbia at present, although an Athens correspondent reports that the Austro-German offensive against Serbia is expected to start within a fortnight. A Sixth dispatch states that the Austro-German offensive against Serbia is expected to start within a fortnight.

"It would be well," said Sir Edward Grey in the House, "if I were to explain our view of the Balkan situation. Bulgaria has no intentions at present against her Balkan neighbors."

"Not only is there no hostility on the part of this country to Bulgaria, but there is a traditional feeling of sympathy with the Bulgarian people. As long as the Balkan states do not side with the enemy of Great Britain or her allies there can be no question of British influence or force being used in any sense hostile to Bulgaria."

"If, on the other hand, the Bulgarian mobilization were to result in Bulgaria assuming an aggressive attitude on the side of Germany this would be directly contrary to the policy of the allies, which is to further the destruction of the Balkan states without sacrificing the independence of any of them."

PREPARED TO GIVE FRIENDS ALL SUPPORT POSSIBLE

"Should Bulgaria be found on the side of our enemies we are prepared to give our friends in the Balkans all the support in our power in a manner that would be most welcome to our allies, without reserve and without qualification. I believe that the views of our allies are the same as our own."

"Our policy has been to secure an agreement between the different Balkan states which would ensure each not only independence but a brilliant future. It is the general principle of territorial and political union of kindred nationalities. To secure this agreement we have recognized that the legitimate aspirations of all the Balkan states must be satisfied."

"The policy of Germany, on the other hand, has been to create for her own purposes a discord and war among the Balkan states. Germany made use of Austria-Hungary to precipitate the European war with the result that Austria has been completely subordinated to Germany."

"Turkish interests would have been sacrificed if she had remained neutral, but she was forced by Germany into the war and is now being subordinated and made dependent on Germany in order to realize Germany's aspirations."

"The policy of Germany is to use Bulgaria with the inevitable result that Bulgaria would be subordinated to Germany and though territorial gains might be promised she would lose her real independence."

"This is directly contrary to the policy of the allies."

AT CRITICAL MOMENT IN HISTORY OF THE WAR

LONDON, September 28.—Premier Asquith, in a speech to Parliament today, abstained from raising questions in regard to recruiting and conscription. He declared that he could give no answers at this time. He said:

"We are at a critical moment in the history of the war. We are watching with intense sympathy and hope the gallant, combined efforts of the allied forces."

"I do not think a greater disservice could be rendered this country and the cause of the allies than that at this moment a suggestion should go forth to the world that there is any division of opinion here."

Despite this appeal, Captain Guest said that he had a grave sense of his responsibility in disobeying the Premier's request, but at this time he wanted to do what he thought was right.

He maintained that the adoption of national service would hasten the allied and would have a steady effect on Bulgaria and strengthen the attitude of Greece.

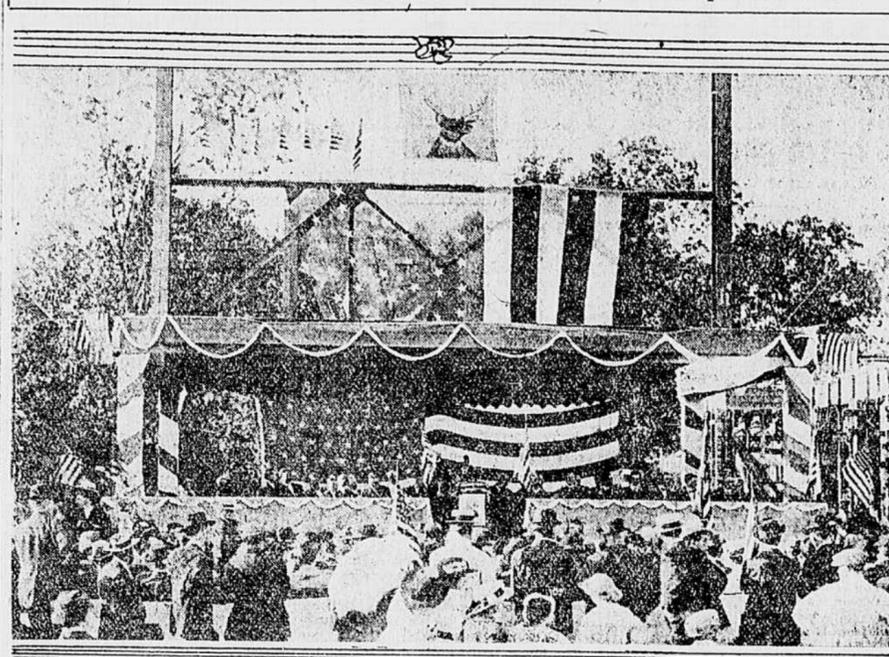

A discussion of conscription followed which was participated in by many of the members.

Acting Secretary of War Tennant announced that "the time is inopportune to grant leave of absence to any British soldiers in France."

This statement of the Under Secretary for War indicates plainly that Great Britain is now using all her forces on the Continent in the new offensive and that not a man can be spared.

Mrs. Henry Cabot Lodge Dead. NABANT, MASS., September 28.—The sudden death of Mrs. Henry Cabot Lodge, wife of Senator Lodge, at her home here last night, was announced today. Mrs. Lodge was sixty-five years of age. Death resulted from a sudden attack of heart disease. Mrs. Lodge was the daughter of Rear Admiral Charles Henry Davis, U. S. N., and was born in Cambridge, in 1850. She and Senator Lodge were married immediately after his graduation from Harvard in 1871.

Allen and Sylvester confer with Governor. (Continued from First Page.)

ALLEN AND SYLVESTER CONFER WITH GOVERNOR

Richmond recently show that the Hopewell situation is attracting much attention throughout the State, and there is a strong probability that conditions there will be thoroughly aired when the Legislature convenes this winter. The question will likely come up on an application to incorporate the town, or it may be the subject of a special message from the Governor.

Just what the outcome of the series of conferences on Hopewell will be is largely dependent upon the result of the talk which the Governor will have with the executive and Judge West. Authorities will co-operate with Judge West in every way possible, and it is said that they will take entire control of the situation if the county officers admit that conditions are beyond their control.

DRAMATIC ACTION BELIEVED TO BE NECESSARY

Information lodged with the Governor from independent sources are to the effect that lawlessness continues in and about Hopewell, and the general trend of the representations made to both the executive and Judge West is that some action, decidedly more drastic than any taken heretofore, will be necessary before permanent results will be accomplished.

Attorney-General Pellard has decided that the large quantities of liquor and beer seized by the officers at Hopewell and now stored in the police station there must be destroyed. There are about two or three hundred gallons of whisky and eight or ten barrels of beer, which the officers confiscated in recent raids. The State has no authority to dispose of these intoxicants in any other way than to empty the bottles of their contents on the streets, or in the James or Appomattox Rivers.

ALLEN DENIES REPORT THAT PLANT WILL BE ENLARGED

Superintendent Allen, of the Du Pont works, last night told The Times-Dispatch that, so far as he knew, there was no truth in the report that the powder company purposes enlarging its plant at Hopewell so as to increase the pay roll to any appreciable extent. Applications for employment are being turned away at the rate of 1,000 a day.

Mr. Allen said, and the publication of reports that additional men would be taken on brings large numbers of job-seekers to Hopewell.

There are now 15,000 men on the plant pay roll, and in addition, a large force of construction men, engaged in putting up new buildings and in street sewer and other construction work. As the construction force decreases the proportion of men on the pay roll will increase, but no great number of new positions will be created.

SURPRISE FOR FRIEND WIFE

She is Divorced and Husband Marries Again, and All Without Her Knowledge.

[Special to The Times-Dispatch.] NEW YORK, September 28.—How would you, if you are a woman, like to be told that you have been divorced, and that your husband has married some one else?

That's what happened to Mrs. Jessie E. Hopkins, a prominent suffragist, today, and now Mrs. Hopkins is looking for her ex-husband. She says he left her on the morning of January 24, 1914, to go to work in the Singer Building. He failed to return, so she started an investigation. She found he had resigned his position. Then all trace was lost.

Later she got on his trail again and traced him to Washington, then back to New York and then to Philadelphia. There was another break in the trail.

Now she has learned that he won a divorce from her in Houston, Tex., and married in that city on August 24 Miss Elsie Smith, of New York. She said today that she has reason to believe they are in or near New York, and she is keeping up the search. The former Miss Smith, it is said, is an "anti."

FREIGHTER SINKS

Isabel Strikes Submerged Wreck in Long Island Sound and Goes Down in Ten Minutes.

STAMFORD, CONN., September 28.—The freight steamer Isabel, from New York to South Norwalk, struck a submerged wreck in Long Island Sound to-night and sank in ten minutes. Six of the crew arrived here in a small boat. Fourteen other members of the crew are missing.

The men who arrived here said that Captain George Rowland and thirteen members of the crew got out in other small boats, and that they either had been picked up by passing vessels or would reach shore safely, as the sea was calm.

Steamer Rams Lightship. BOSTON, MASS., September 28.—The Boston Lightship was rammed by the coastwise steamer Quantico to-night and a hole was smashed in her side two feet above the water line. The Quantico, outwardbound for Philadelphia with a few passengers and a general cargo, sustained only slight damage, according to radio messages which she sent to her agents here.

After attempts by to learn the extent of the lightship's damage, the steamer proceeded. As a precautionary measure, the lightship asked for assistance, and the lightship tender Mayflower and a naval tug were sent to her.

The weather was clear, with a moderate sea, and it was believed the vessel, which protects the outer entrance of the harbor, would be able to remain on her station.

The cause of the accident was not given in the radio messages.

CHEAP PRODUCTS FEARED

WASHINGTON, September 28.—Legislation is being considered by the administration as a means of preventing the "dumping" of cheap foreign products on the American market at the conclusion of the European war. Some high officials believe the end can be accomplished without a revision of the tariff.

The subject will be taken up by Secretary Redfield and members of the Federal Trade Commission in their annual reports, which will be sent to Congress at the opening of the next session. While the exact recommendations will not be decided until conferences are held with President Wilson, it is known that the subject already has received detailed study by administration officials.

There is believed to be serious danger that after the war European concerns will attempt to recover lost ground by flooding the United States with goods to be sold at less than the cost of production.

Foreign goods, it was pointed out by officials to-day, cannot be shipped to the United States unless the invoices are signed by American consular officers abroad. An effort will be made to find a way to prevent the signing of invoices in cases where it has been established that the goods are to be "dumped" on the American market at prices less than the cost of production.

MILITARY HONORS PAID

Remains of Fourteen Unidentified Victims of F-4 Are Buried in National Cemetery.

WASHINGTON, September 28.—Full military honors to-day were accorded fourteen unidentified victims who lost their lives when the United States submarine F-4 mysteriously sank at the entrance to Honolulu harbor some months ago. Their dismembered bodies, in four caskets, were buried in the Arlington National Cemetery, the services being attended by high officials of the navy and others. As the flag-draped caskets were drawn along Pennsylvania Avenue from the Washington Navy-Yard to Arlington thousands of Civil War veterans and others attending the Grand Army of the Republic encampment lined the street and uncovered their heads in reverence.

There were twenty-one men aboard the submarine. Four bodies were identified and buried elsewhere. The funeral escort was composed of all the regular troops and bluejackets in this vicinity. Religious services at the cemetery were conducted by Chaplain M. C. Gleason, attached to the Newport training station, and J. B. Frazer, attached to the Norfolk Navy-Yard. The usual military ceremonies were observed at the cemetery, including the firing of musketry and the sounding of taps.

Secretary Daniels, Assistant Secretary Roosevelt and a large delegation of naval officers, including the members of the advisory council, attended the services.

SCHMITZ DEFEATED

Rolph Believed to Be Victor in San Francisco's Primary for Mayor.

SAN FRANCISCO, CAL., September 28.—Eugene F. Schmitz, deposed as Mayor at the time of graft prosecutions here in 1906-1907, apparently lost to Mayor James Rolph in to-day's primary to name a Mayor. It was indicated early to-night that Schmitz ran second in a field of eight candidates.

Incomplete returns from twenty-five scattering precincts showed Rolph leading at a ratio of about four to one over Schmitz, his nearest opponent. Supporters of Mayor Rolph were confident to-night that their candidate would be nominated.

California in October

NORFOLK STRAIGHTOUTS BRING OUT LARGE VOTE

Total of 2,210 Cast in Senatorial Primary for Portsmouth City and County District.

Association Expects 2,800 Ballots in General Election, and Believes That Percentage of Support Will Be Much Greater—No Disorder.

[Special to The Times-Dispatch.] NORFOLK, VA., September 28.—With a total vote of 2,210 cast in to-day's Senatorial primary in the Portsmouth City-Norfolk County District, W. C. Corbett, Straightout candidate, received 2,141 votes and sixty-nine votes were cast for H. L. Alexander, his Fusion opponent, who withdrew from the primary at the eleventh hour.

Returns for the County Democratic Executive Committee election, held today also, under order of the State Committee, ran along with the Senatorial primary figures in the county. The total vote for the county committee was 1,691, of this total 1,640 votes for the Straightout candidates and fifty-one for the Fusion list.

Retains for the County Democratic Executive Committee election, held today also, under order of the State Committee, ran along with the Senatorial primary figures in the county.
