was entirely cured. I pray that my testimony may be of help to others to health."

Fruitoia and Traxo are compounded from the original Eisall formula at the Pinus laboratories in Monticello, Ill., and can be purchased in drug stores.

Fruitoia is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief.

One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to rebuild and restore the weakened rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois, for whom this advertisement is published.

Doctor Recommended Operation for Gall Stone Trouble but Mother Objected.

In her work as an evangelist in the mountain districts of West Virginia, Mrs. Mary A. Ferree, who lives at 1964 Madison Ave., Huntington, W. Va., was frequently called on to relieve suffering among her charges and became familiar with the practical value of remedies easily available.

When her daughter became ill and the doctor finally said the trouble was gall stones and that an operation was necessary, Mrs. Ferree would not consent. In a letter to the Pinus Laboratories she says, "After four doctors had treated my daughter, and we had tried various remedies without avail, I heard of Fruitoia and Traxo and tried it as a last resort. The first dose brought immediate relief and after using three bottles of Fruitoia and two bottles of Traxo she

"Cyclone" Davis, Member of the 64th United States Congress, Prominent Prohibitionist, Says Nuxated Iron

Gave Him Renewed Energy and Vitality in Three Weeks Time—Nothing Now Seems to Tire Him Out—Has Appetite of an Athlete—Says Effect Was Almost Magical.

Dr. A. J. Newman, Police Surgeon of the City of Chicago, Formerly House Surgeon of the Jefferson Park Hospital of Chicago, explains why "Cyclone" Davis and others have obtained such remarkable results from the use of Nuxated Iron—Opinions of other physicians who have tested it.

The Man Whom American Newspapers Made Famous Over Night Tells What Nuxated Iron Did for Him in Three Short Weeks.

Copy of a letter written by "Cyclone" Davis to the manufacturers of Nuxated Iron, Feb. 26, 1917, while he was a member of the 64th United States Congress.

HOUSE OF REPRESENTATIVES Committee on EXPENDITURES IN THE INTERIOR DEPARTMENT Washington, D. C.

For the first time in thirty-five years of active business and political life, I found myself at the conclusion of the first session of the 64th Congress tired, exhausted, debilitated from hard work and the change from the bracing western atmosphere to the lowland airs of Washington.

When Congress adjourned last September I was all in. My strength was gone, and my appetite followed it. I left Washington to enter the national campaign feeling played-out and caved-in before the campaign ended.

As the midwinter rush of Congressional business grew into its regular grind this session, I began to feel symptoms of the "played-out" condition returning. My wife urged me to take a tonic. I had seen the testimonial of Ex-Senator Mason of Illinois and decided to try Nuxated Iron.

Nuxated Iron is a tonic for tired folks. I tried it, and the effect has been almost magical. I don't seem able to tire myself out, no matter how strenuous the work. I have the appetite of a young hyena. I feel better in every way than I have in two years, and that after only two of three weeks of careful following of the injunctions laid down in the little pamphlet which accompanies your prescription.

I am happy to give testimony as to the merits of your remedy.

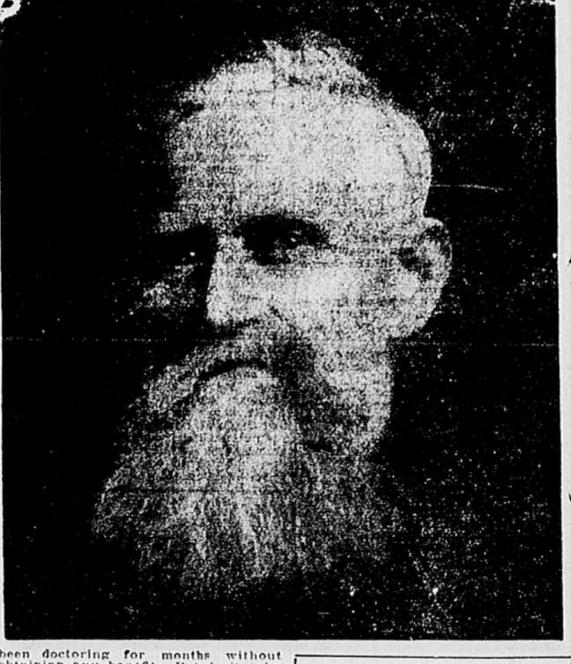

Very sincerely yours, J. H. Davis

In commenting on the remarkable results obtained from the use of Nuxated Iron by "Cyclone" Davis, Dr. A. J. Newman, Police Surgeon of the City of Chicago, and formerly House Surgeon of the Jefferson Park Hospital, Chicago, said: "It has been my particular duty during the past six years to assist in keeping Chicago's five thousand blue-coats in good health and perfect fighting trim so that they would be physically equipped to withstand all manner of storms and the ravages of nature's elements."

"Recently I was prompted through an endorsement of Nuxated Iron by Dr. Schuyler C. James, Visiting Surgeon of St. Elizabeth's Hospital, New York, to give it a trial. This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders."

"Cyclone" Davis' case, notwithstanding the fact that long hours of hard work and the strenuous strain of his office life had depleted the iron in his blood so that it no longer possessed sufficient oxygen-carrying power. Consequently his body lost its full power to convert food into blood tissue and nerve force, and as a result he became exhausted, debilitated and all "run-down" in the moment. Iron in the proper form was supplied to the blood nature began to do her work again.

"At thirty he was a man who was nearly half a century old and asked me to give him a preliminary examination for life insurance. Now at fifty, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again, and see how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while doubt their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time by taking iron in the proper form. And this, after they had in some cases
