Lyric Has Winning Bill.
There are no weak acts in the Lyric's week-opening menu. Honors are so evenly divided that it is unfair to pick one out for special commendation. Here they are:

C—Kola. A contortionist who accomplishes the impossible in defying his bones.
D—The Valerie Sisters. The uncommonly clever girls whose "stuff" is thoroughly low-brow and who pleases the playgoers immensely.

E—Henry B. Toomer & Co. A company of four, headed by Henry, whose playlet "The Headliners" abounds in clean, wholesome comedy and who extract every ounce of fun that is packed in a genuinely humorous burlesque of life behind the scenes.

F—Dorothy Wald and the Curtis Boys. The boys are piano and violin players of the popular order, and Dorothy sings songs in fetching musical-comedy style.

G—Colonel Diamond and Granddaughter. The Colonel admits that he is eighty-one and everybody agrees with the playbill which says he is the dancing marvel of the twentieth century. His granddaughter, a graceful lass, is not named on the bill, but contributes essentially to the success of an unusual act.

A pleasant incident not on the program was the presentation of a huge bunch of flowers to Len Garvey, the new orchestra leader, last night, just before the second performance. Mr. Garvey had just finished the overture when the theater was thrown suddenly in darkness. As the new leader turned to see what had happened the spotlight, a glaring shaft of green, caught him, and at the same moment an usher with the armful of flowers descended upon him. The audience, noting the confusion of the astonished Garvey, broke out into a roar of laughter, accompanying it with a round of hearty applause. The be-ribboned floral gift bore a card

GOODRICH SILVERTOWN CORD TIRES

An Object Lesson in Tires
TIRES wear out INSIDE—not OUTSIDE. They are burned out by internal frictional heat, rubbed up between the plies of the tire.

Ten Silvertown Cord X-Cels

1. Increased engine power. 2. Smoother riding. 3. Fuel saving. 4. Speedier. 5. Cost farther. 6. Start quicker. 7. Easier to guide. 8. Give greater mileage. 9. More resistant against puncture. 10. Repaired easily and permanently.

Every extra ply means extra wearing out of the tire.

Note the two-ply structure in the rubber saturated, cable-cord body of the Silvertown tire here laid bare.

Could you thus look into ALL tires, you would find three types:

Cotton fabric, with five to seven swathes; Thread-web, a five to seven ply base of strings; Cable-cord, the unique patent-protected, two-ply structure, found ONLY in Silvertown, the original Cord Tires.

It stands to reason that Silvertown tires, trademarked with the RED-DOUBLE-DIAMOND, with but two plies will outlast many-ply tires with their multiplied heat.

You cannot afford to be without their smart appearance, smoother-riding elegance, and their gasoline-saving economy
