

which the enemy suffered serious losses. The artillery fighting was rather heavy last night on the front between Cerny and Hurbelise. Surprise attacks by the enemy northeast of Berry-aux-Bac, in the sectors of the Navarin farm and Auberville, and south of Ste. Marie Pass, were checked easily. We took prisoners. There is nothing to report from the remainder of the front.

FOUR FRESH DIVISIONS OF GERMAN ARMY OBSERVED ON AISNE FRONT. PARIS, May 11.—Four fresh German divisions have been observed on the Aisne front since May 7, says an official summary of the operations of May 1 to 6. The statement adds: "This is irrefutable proof of how rapidly these effective are being used up. German losses in these three days exceed all estimates."

EIGHTEEN BRITISH AND FRENCH AIRPLANES BROUGHT DOWN. BERLIN, May 11 (via London).—Mutual artillery firing of the greatest violence prevailed over the entire Aisne front, in France, yesterday, says the official statement issued today by the German army headquarters staff. Eighteen British and French airplanes were brought down yesterday on the western front.

ALL GERMAN ATTACKS REPELLED BY BRITISH. LONDON, May 11.—German attacks were delivered last night on the British positions east of Arras and south of the Souchez River. All the assaults, in one of which liquid gas was employed, were repulsed.

The official announcement of operations on the front in France reads: "Early last night the enemy attacked our positions east of Arras and south of the Souchez River. He was repulsed in each case by our artillery and machine guns. At the latter point the enemy made another attack later in the night, assisted by flamethrowers. He was again driven off."

"We made a successful raid last night east of Ypres. There was considerable artillery activity on both sides during the night at a number of points on the battle front."

ADVANCED TRENCHES CAPTURED BY SERBIANS. SALONIKI, May 11 (via London).—Advanced trenches in the neighborhood of Dobropolye, on the Macedonian front, have been captured by the Serbians. A Serbian official statement issued today, reporting this success, reads:

"Several localities our infantry carried out successful surprise attacks on enemy trenches, especially in the region of Dobropolye, where we again captured some advanced enemy trenches, took prisoner one officer and fifty-four men, and captured one machine gun."

REPORT ON MILITARY OPERATIONS IN MACEDONIA. LONDON, May 11.—An official statement issued today on military operations in Macedonia says:

"On the night of Wednesday, after a heavy bombardment, the enemy attacked our new positions southwest of Kratal, three miles southwest of Deljan town. He obtained a momentary footing on Goltides Hill, which we held as an advanced post in front of the center of this line, but he was immediately driven off by our counter-attack."

"On Thursday a second attack was repulsed by us with loss. Our airplanes made four successful bombing raids, and dropped a large quantity of explosives on the enemy's dugouts and dumps."

HEAVY CASUALTIES SUFFERED BY GERMANS. LONDON, May 11.—The Germans, returning to the attack today against the new British positions south of the Souchez River, forced the British to give ground and withdraw from a portion of the front. An official communication by the British today, however, in a counter-attack, the British regained all their old positions, the Germans suffering heavy casualties.

HALT TRADING IN MAY WHEAT. Directors of Chicago Board of Trade Order Immediate Discontinuance. CHICAGO, May 11.—Trading in May wheat was ordered discontinued at a meeting of the board of directors of the Chicago Board of Trade tonight. The directors also decided that existing contracts should be adjudicated, either by delivery of the property or at a selling price to be fixed by a committee appointed for the purpose. This committee is headed by James A. Carter, and will meet tomorrow morning.

May wheat was quoted at \$2.15 at the close of today's trading. Traders said there was no way of estimating the effect of the order on trades existing.

It was current among members of the board that action by the Federal authorities in the last few days, and particularly earlier in the day, had hastened the action of the board of directors. None of those at the meeting would confirm or deny that it had been intimated to board officials that some action to curb soaring prices of wheat should be taken, or government officials would close the board. It was admitted that several members had been summoned to the office of the Federal district attorney during the day. It also was admitted that government agents had been in the trading pit of the board for several days taking notes on the trades.

CAPTAIN BALL MISSING. Credited With Having Fought 100 Battles in Air Before Twentieth Birthday. NOTTINGHAM, May 11.—Captain Albert Ball, of the British flying Squadron, who recently received the freedom of the city of Nottingham for having brought down German airplanes, has been missing since Monday, according to a letter received by his father.

Captain Ball, who some time ago was awarded the Distinguished Service Order medal, was credited with having brought down twenty-nine German airplanes. He was said to have fought more than 100 battles in the air before he reached his twentieth birthday.

Increasing Efficiency in Destroying U-Boats

(By Associated Press.) WASHINGTON, May 11.—The increasing efficiency of the allies in submarine destruction was recognized in a speech by the German Secretary of the Navy in the Reichstag on May 10. Official accounts of the speech reaching here report the German secretary as saying that while the submarine warfare had achieved far greater results than was expected, a certain number of submarines had been lost as the result of improved means of destruction devised by the allies.

Another official telegram says the Heilner Tageblatt of May 9 complained bitterly of the observations being placed by the government on the progress of the committee for discussing the system of government.

"The sittings of the committee, so far as is known from the very meager reports, the account says, 'make on those outside the committee a highly peculiar and painful impression. The bureaucratic spirit of our government officials and their complete estrangement to the present cannot hinder forever the absolutely necessary changes in the government. The government, however, need not consider itself free of the fact that a public disappointment, after the message of the Kaiser, will lead to very serious consequences.'"

RICHMOND TO REPORT AT FORT MYER ON MONDAY. Richmonders who were selected for the officers' training camp at Fort Myer will go into camp on Monday. James Keith, son of former Judge James Keith, of the Supreme Court, was advised yesterday that he had been appointed to the officers' training camp. His name was not included in the list of names published Thursday night.

Among those appointed as from other points in Virginia are William H. Sands, Jr., Norfolk, son of Major William H. Sands, examiner of records for this district, and Roger W. Mercer from Blacksburg, a son of Walter C. Mercer, of this city.

BUNTOO ROOKIES DIVIDED AMONG TWO TRAINING CAMPS. (Special to The Times-Dispatch.) BRISTOL, VA., May 11.—Rolling H. Handy, John Gose, Jr., John Wood, Arthur Newton Samuel King, Jr., and J. M. Fisher, young men of prominent Bristol families, have been ordered to the training camp to be held for officers in the army. The four first mentioned depart for Fort Myer on Monday.

At 11 o'clock this afternoon a farewell review parade was held for the men who were to leave and at its conclusion President Eggleston made a brief address wishing them good speed in the service for their country. Following this the entire student body headed by the cadet band accompanied the prospective soldiers to the depot and bade them goodbye in real college style. Members of the faculty and many people from the community were

present at the review. He is able to speak French fluently. He and other officers found time to speak with the distinguished visitor, and they assured him that they would welcome a chance to see active service at the side of the French. Marshal Joffre assured them that he fervently wished that their desire may be gratified.

The marshal blessed them with a number of the officers' wives kissed his hand.

Colonel Biddle to-night received from Marshal Joffre a letter in which the French commander told how deeply he had been impressed by the showing of the cadets. Accompanying the letter, the marshal sent an order of the day to be read to the cadet corps.

INVITE TWO COMMISSIONS TO VISIT LEXINGTON SHINE. (Special to The Times-Dispatch.) LEXINGTON, VA., May 11.—President Henry Louis Smith, of Washington and Lee University, and General E. W. Nichols, superintendent of the Virginia Military Institute, today telegraphed to Senator Thomas S. Martin, Senator George E. Chamberlain and Representative Hal D. Flood asking them to extend to Secretary of State Lansing an invitation for the international commissions now in this country to visit the historic spot of Lexington, the sacred shrine of the South, and the last resting place of Lee and Jackson. The international commissions on their trip to this country have not yet visited south of the Potomac, and it is thought that such a visit to the homes and tombs of these two Southern heroes would thrill the hearts of the whole South and make an impressive demonstration of the present whole-hearted national unity of the United States. Telegrams were also sent to Secretary Baker and Secretary Lansing.

VIVIANI GREETED BY MORE THAN 800 LAWYERS. (By Associated Press.) NEW YORK, May 11.—Gene Viviani, French Minister of Justice, was greeted here to-day as head of the French bar by more than 800 American lawyers. He was told by Charles Evans Hughes, George W. Wickersham and others, amid tumultuous enthusiasm, how the profession feels not only toward the legal aspect of the war with Germany, but practically toward the human side of it, and the comradeship of the United States for France in fighting for the cause of world justice.

"We have not come here," M. Viviani said, "to exchange simply the amenities of international friendship. We have come to penetrate your soul, to penetrate your hearts. We have come here to cause to appear to you through us the great soul of wounded France, of suffering France."

"Come to us, brother Americans, whose hearts have been welded to ours ever since Lafayette, with his French soldiers, set foot on your soil. It is not for France, it is not for you, it is not for England, it is not for Russia. No, it is for the people of the entire world; it is for humanity entire."

M. Wickersham, who presided, said that "we know that it is the heart of the French people which we have fastened upon the civilized world that will win this war."

After leaving the lawyers, M. Viviani and members of his party went to the French hospital, where the head of the French commission went among the patients and spoke words of cheer to them.

After leaving the French hospital, M. Viviani paid a visit to his famous countrywoman, Madame Sarah Bernhardt, who is convalescing after an operation at another hospital. When he left the actress's room, after a tearful conversation, his face was wreathed in smiles. Madame Bernhardt expressed her delight at his visit, and seemed greatly caressed.

UNUSUAL HONOR PAID TO ADMIRAL CHOICHEPRAT. (By Associated Press.) NEW YORK, May 11.—When Admiral Paul Choicheprat stepped aboard the naval launch which was to take him to the New York Navy Yard today, a French vice-admiral's flag starred flag broke out aft. It was the first time such an honor had been shown a foreign commander. Admiral Choicheprat was greatly touched. The flag was presented to him as a souvenir.

"I have been deeply impressed," said the admiral, "in my constant contact with the American navy since I have been in the United States, with the absolute confidence of American naval officers of their being able to cope with the submarine war, and I share their confidence." Admiral Choicheprat was immensely interested in the super-Dreadnought New Mexico and in the new devices shown in her construction. He was taken into full confidence, and nothing was concealed from him.

FIRE IN EDISON PLANT. Confined to the Building—Cause of Outbreak Not Yet Ascertained. NEWARK, N. J., May 11.—Fire broke out just before midnight in one of the buildings of the Edison plant in West Orange, N. J. The flames were confined to building No. 28, in which an mold for records is manufactured. The cause of the fire has not been ascertained.

Personnel of U. S. Mission to Russia

Elihu Root, of New York, Is Chairman—Other Prominent Men Also Chosen.

(By Associated Press.) WASHINGTON, May 11.—Official announcement to-day of the personnel of the international commission to Russia marked a forward step in President Wilson's effort to thwart Germany's intrigues for a separate peace with the new democracy, and to hold the provisional government fast to the cause of the world against Prussian autocracy.

Headed by Elihu Root, with powers of a special ambassador, the personnel of the commission was chosen with special regard to conditions in Russia and the character of the new government.

Besides Mr. Root, who represents the element of statesmanship, with the distinction of having held many high offices in the United States, the commission comprises a Socialist, a labor leader, a banker, a manufacturer, a business man, a man celebrated for his international activities in human welfare, and ranking army and navy officers. The commission will be accompanied by a large suite, and will depart from the United States at an early date by a route which will not be published in advance.

The personnel of the commission follows: Elihu Root, of New York, chairman; Charles R. Crane, of Illinois, Chicago manufacturer and business man; John R. Mott, of New York, general secretary, International Committee of Y. M. C. A.; Cyrus McCormick, Chicago, president of the American Haystacker Company; Samuel H. Herron, banker, of New York; James Duncan, vice-president American Federation of Labor; Charles Edward Russell, of New York, author and Socialist; Major-General Hugh L. Scott, chief of staff United States Army; Rear-Admiral James H. Glennon, United States Navy.

President Appreciates Declaration of Fealty Made by Members of Catholic Hierarchy. (By Associated Press.) BALTIMORE, MD., May 11.—Cardinal Gibbons to-day made public a letter which he received from President Wilson thanking him for the declaration of fealty made by him and the other members of the Catholic hierarchy at a meeting at the Catholic University a short time ago. The letter is as follows:

"My Dear Cardinal Gibbons: The demands on my time incident to the arrival and entertainment of the foreign commissions now in Washington have delayed my reply to your gracious letter. I am sure you will understand, and I beg that you will pardon the delay."

"The very remarkable resolutions, unanimously adopted by the archbishops of the United States at their annual meeting in the Catholic University on April 15 last, a copy of which you were kind enough to send me, warms my heart and makes me very proud indeed that men of such large influence should act in so large a sense of patriotism and so admirable a spirit of devotion to our common country."

"Cordially and sincerely yours, 'WOODROW WILSON.'"

COAL MINERS NOT TO STRIKE. Tentative Basis of Agreement Reached at Conference With Secretary Wilson. (By Associated Press.) WASHINGTON, May 11.—A tentative basis of agreement for averting a threatened strike of coal miners in the central Pennsylvania district was reached at a conference of representatives of both sides to-day with Secretary Wilson, of the Labor Department.

None of those present at the conference would divulge details of the proposed agreement, except to say that there would be no suspension of work. About 75,000 men had voted to walk out on May 15, and it is understood strong pressure was brought to bear by the Federal government to bring the two sides together and prevent crippling of coal production in the national emergency.

TO EQUALIZE SHIPPING

International Arrangement Being Projected by United States and Allied Governments.

(By Associated Press.) WASHINGTON, May 11.—An international shipping arrangement is being projected by the United States and the allies to insure an even distribution of tonnage among the European countries fighting Germany.

The allies are presenting their needs in the way of supplies, and estimates of their own tonnage available for transatlantic service.

The Belgian minister gave the Shipping Board to-day an estimate of the number of ships necessary to transport supplies from the United States to Belgium. The other nations are presenting their tonnage requirements along with their estimates of foodstuffs and munition needs.

Already the Shipping Board has chartered two of the repaired German ships to the French and Italian governments for one voyage with supplies. Four more will be ready for the sea within a few days, and will be turned over to foreign governments for one trip.

A score of German ships in Philippine ports will be started for America soon with hemp and other raw materials needed here.

DISPATCH TRAINS BY PHONE. Southern Railway Official Order Affects System Between Washington and Atlanta. (By Associated Press.) WASHINGTON, May 11.—Train dispatching on the Southern Railway between Washington and Atlanta will be done entirely by telephone, it became known here today. After trying out the telephone in dispatching trains of twelve here and Spencer, N. C., road officials have just issued orders to construct telephone circuits between Spencer and Atlanta. Telegraphers who have been doing this work will be retained in the road's service, it was said.

MUNITION WORKERS WARNED. British Government Declares It Cannot Permit Strikes at This Time. LONDON, May 11.—The government to-night issued a grave warning to munition workers, saying that it cannot permit strikes to continue and aggravate the delay in the production of munitions.

All loyal citizens, therefore, are called upon to resume work immediately, and the government gives notice that all persons inciting to the stoppage of work on munitions are liable under the defense of the realm act to conviction for an offense entailing the penalty of life servitude or less punishment as may be awarded.

The notice embodying the warning has been posted in all affected centers, and explains the stoppage of work, which it says was clearly unauthorized by the trade unions and occurred in view of the present offensive on all fronts, there is greater need of munitions than at any previous time.

At the review, the marshal first viewed the cadets from the stand, and then went upon the plain for a close-up inspection.

The French party left West Point late this afternoon for the return to New York City.

CADETS OUTDO ANYTHING EVER SEEN BEFORE. All who witnessed the review to-day agreed that the cadets had outdone anything that had ever presented before for a distinguished foreign visitor, and there have been quite a few who have come here to feast their eyes on the maneuvers of future American officers. The alignment was perfect as the blue-gray mass swept past the French army commander, and Joffre turned to one of his aids and was heard to remark:

"Why these cadets could go to France to-morrow and assume commands."

Captain Guy Henry, who incidentally is a graduate of the French acad-

emy, at Semur was commandant of the cadets for the review. He is able to speak French fluently. He and other officers found time to speak with the distinguished visitor, and they assured him that they would welcome a chance to see active service at the side of the French. Marshal Joffre assured them that he fervently wished that their desire may be gratified.

UNUSUAL HONOR PAID TO ADMIRAL CHOICHEPRAT. (By Associated Press.) NEW YORK, May 11.—When Admiral Paul Choicheprat stepped aboard the naval launch which was to take him to the New York Navy Yard today, a French vice-admiral's flag starred flag broke out aft. It was the first time such an honor had been shown a foreign commander. Admiral Choicheprat was greatly touched. The flag was presented to him as a souvenir.

"I have been deeply impressed," said the admiral, "in my constant contact with the American navy since I have been in the United States, with the absolute confidence of American naval officers of their being able to cope with the submarine war, and I share their confidence." Admiral Choicheprat was immensely interested in the super-Dreadnought New Mexico and in the new devices shown in her construction. He was taken into full confidence, and nothing was concealed from him.
