ration that large numbers of savings banks and trust companies having savings bank departments throughout the country have already contemplated this situation, and, acting in the interest of the Liberty loan and of their depositors, have ruled that any depositors withdrawing money on June 28 to meet Liberty loan installment due on that date will be credited with interest up to that time, and will not, therefore, suffer the loss of interest which would otherwise be the case with respect to withdrawals before the 1st of July.

may avail themselves of this regulation may find it necessary (depending upon the rules of the particular savings bank in which their money is deposited) to present their pass books to the bank before June 28, in order that the transaction here authorized in so far as it affects the pass book, thus conforming to the usual rules of procedure in the savings bank. This exception ruling applies to payments on individual allotments not exceeding \$500 of bonds.

Calomel Users! Listen To Me! I Guarantee Dodson's Liver Tone Your druggist gives back your money if it doesn't liven your liver and bowels and straighten you up without making you sick.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug to-night and to-morrow you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone to-night.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it cannot salivate or make you sick.
