

DISCHARGED SOLDIERS BECOME FARM OWNERS

Band of Sixty-Second Infantry Will Be Heard in Virginia Cities.

CHAPLAIN OF SENATE COMING

Rev. Mr. Prettyman Will Be Heard at Camp Lee Next Sunday—Rejected Applications of Men for Discharge Subject to Review.

CAMP LEE, VA., January 25.—A surprising number of soldiers are going back to the farms, says J. Richards, statistician of the United States reclamation service, who has been delivering a series of lectures here on the advantages offered discharged men by the government in securing small farms. While soldiers from Pennsylvania, West Virginia and Virginia were largely small farm owners, there are many others who were employed by the landowners.

These are most vitally interested in the simple plan that the government is working out, which provides the means whereby an industrious man may become the owner of a piece of land without having any large amount of money to pay down on it. He can pay just as fast as his farm develops. Much has been done to plant the cultivated ear, just as to soothe the savage beast, especially at Camp Lee, where some of the best musicians in the United States have produced some of the best military bands in the world. The replacement camp band of 100 pieces was called the best band in the South until its recent disbanding, owing to the breaking up of the replacement camp. The 6888 Central Postal Directory band was a close second, but the discharge of various of its star players recently has almost wiped out the organization.

BAND OF SIXTY-SECOND

IN MUCH DEMAND The Sixty-second Infantry band is composed of regular army men, who are not eligible for discharge, which virtually assures the permanency of this unit, and it is much in demand. Along with its step into the limelight came the order of the War Department that the State councils of national defense may call for camp bands whenever needed, indicating that the Sixty-second band will perform in many Virginia cities.

Val Ullam, the crack trap drummer of the Liberty Theater, is among the discharged musicians, and he is now on his way back to join the orchestra at the Academy Theater, Pittsburgh.

BLIND CHAPLAIN WILL SPEAK

Rev. Forrest J. Prettyman, the blind chaplain of the United States Senate, will appear at the big big Sunday night, February 2, to deliver an address. The effort of General Bundy to see that every soldier gets individual attention, when possible, in the matter of considering the grounds for discharge stated in his application, is being shown strongly in new orders. An order from the adjutant-general on this subject requires that the application of enlisted men for discharge, under regular 77, which has been directed by a subordinate commanding officer, must be forwarded to the next higher officer, with the recommendation of the adjutant-general, and the final decision is to rest with the commanding officer, on whose authority the discharge would be given.

DR. BOWIE BACK FROM FRANCE

Rector of St. Paul's Declares Work of Y. M. C. A. Has Been Invaluable. Rev. Walter Russell Bowie, D. D., rector of St. Paul's Episcopal Church, No. 45, of which Dr. Stuart McGuire is director, arrived yesterday at Richmond, and conducted services in St. Paul's at noon. Dr. Bowie upon his arrival here talked to the members of the Y. M. C. A. and others concerning the work in France, and declared that the Y. M. C. A. has been invaluable to the men in service. He said that no doubt a few of the secretaries were misfits, but that was no deliberate desire to prostrate.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Weyth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darken your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

TWO BAGGED BY CRUSADERS

Use Bellhop Fined and Sentenced to Jail in Clean-Up Campaign. Bellhops of some local hotels were tried in the Police Court yesterday in connection with the recent crusade, which resulted in recent raids by local police and officers of the United States Public Health Service. Claiborne Gee, charged with pandering, was fined \$25, sentenced to serve three months in jail and required to give good behavior for six months. Tom Scott, charged with violating the prohibition law, was sent on to the grand jury.

"VICTORY AND BEYOND"

Major Jan Hay Beth Emphasized Destruction of Class Distinction. Speaking on "Victory and Beyond" last night to an audience that packed the auditorium of the Jefferson Hotel, Major Jan Hay Beth laid particular emphasis on the destruction of class distinction as one of the results of victory. The struggle had brought the peoples of the warring countries shoulder to shoulder in the spirit of co-operation and sacrifice would endure for a long time and would constitute the reward of those who sacrificed their lives in the conflict, he said. Major Beth also told of some of his experiences in the trenches, lightening the gruesome details with bits of Scotch humor. The lecture was for the members and friends of the War Relief Association of Virginia. Many of the members were in war work costume. Mayor Ainslie introduced Major Beth.

Salary Advances Provided for All in Annual Post-Office Appropriation Bill.

LARGE SUM FOR ROAD WORK

Senate Adds Amendment Providing Expenditure of \$125,000,000 in Two Years in Highway Construction.

[By Associated Press.] WASHINGTON, January 25.—Besides recommending salary increases for virtually all postal service employees, the annual post-office appropriation bill, as revised and reported out to-day by the Senate Post-Office Committee, proposes appropriations of \$200,000,000 during the next three years for construction and maintenance of roads. To the House bill, which carried \$357,782,000, the Senate committee added the bill of Chairman Bankhead to appropriate \$50,000,000 this year and \$75,000,000 each for 1920 and 1921 for road work. The amendment also would provide \$2,000,000 each year for roads in national forests.

In revising the House bill the Senate committee made an increase from \$300,000 to \$350,000 in the appropriation for postal airplane service, authorizing the Postmaster-General to establish new routes and to secure airplanes from the War Department. The House appropriation for extension of parcel post, "farm to consumer" express routes was reduced from \$1,000,000 to \$300,000.

In providing employees' pay increases the committee added an amendment to increase the per diem allowance for railway mail clerks from 90 cents to \$2 per day.

Appropriations for rural route and city letter carriers were increased respectively from \$31,500,000 to \$58,800,000 and from \$41,000,000 to \$50,500,000. The House increase of 20 per cent in pay of rural carriers on standard routes was raised to 25 per cent. Pay increases for inspectors, assistant postmasters at first and second-class offices, superintendents of mails and delivery clerks and watchmen, and other employees also were approved.

MANY ATTEND BENEFIT BALL

Funds Will Be Used to Entertain Members of Light Infantry on Return From France.

Beautifully decorated with palms and bunting, the Blues' Army presented a joyous scene last night, the occasion being the ball for the purpose of raising funds with which to entertain the members of this famous old organization of light infantry when they return from overseas.

Mrs. Westmoreland Davis herself graced the ball with her presence, escorted by Brigadier-General Jo Lane Stern, Adjutant-General of Virginia. Other prominent women of the city were present as patronesses of the ball, and honored guests were the Confederate veterans from the Old Soldiers' Home, and the "old" Blues.

Sufferers From Stomach Troubles—Read This

If food ferments in your stomach, causing gas and sour risings; if you have heaviness in the chest, acute pains in the abdomen; if you feel drowsy and sluggish after meals; if your appetite is poor and nothing tastes right; if you're losing flesh; if you're tired out all the time, your old energy and ambition gone; if your tongue is coated and breath bad—these are warnings of a disordered stomach and take steps at once to correct the trouble!

Many people are the victims of serious stomach troubles and do not realize it. Many more suffer from ailments which almost invariably develop into serious trouble unless corrected.

People who are subject to these attacks regard them entirely too lightly. They think of the disorder as a passing and trust to the already over-worked organs to readjust themselves.

Others drug themselves with patent medicines, increasing the doses as the effect is diminished with each succeeding chronic, perhaps affecting other organs. The system becomes badly deranged from overdoses of the frequently dangerous medicines and the condition becomes almost hopeless.

The United Doctors specialize in treating stomach troubles. In the four years they have been located in Richmond they have relieved hundreds of sufferers, many of whom were victims of chronic, long-standing cases which had resisted every other treatment.

Many of these former patients have made public statements in the papers, praising in highest terms the work of these specialists.
