

DELIVERY OF TOBACCO CLUTS DANVILLE MART

Judications Are Many Days Will Be Required to Dispose of Huge Stock. TO BUILD GRAIN ELEVATOR Baltimore Firm Acquires Land in Fredericksburg for That Purpose.

DANVILLE, Oct. 15.—Indications on the tobacco market this afternoon were that it would take up to the end of the week to dispose of the offerings which accumulated in this city during the course of yesterday. Warehousemen admitted that it was the heaviest glut the local market has seen for many years, and it was of sufficient dimensions to arrest the eye of the stranger, so unusual were the scenes in the warehouse section. Numbers of farmers were still arriving here this afternoon, but with the knowledge that they might have to remain here until the end of the week before they could get their earnings and thus losing valuable time for stripping operations on the farms, caused them to push on to surrounding smaller markets. There were wagons here today from territories hitherto not touched, some coming from Franklin County.

Plan New Elevator. FREDERICKSBURG, Oct. 15.—Contracts have been let by the Young-Sweetser Co. of this city, to the Dyer-Crell-Spencer Co. of Baltimore, for the immediate construction here of a large grain elevator and storage building, equipped with the most modern cleaning and elevating machinery. The Young-Sweetser Co. will buy quantities of grain coming to Fredericksburg, thereby giving to the people of the country contiguous to the city a market for their surplus grain. The plant will be located along the Richmond, Fredericksburg and Potomac Railroad tracks at Charles Street, at the present warehouse of the company.

Nearly Wreck School Room. DANVILLE, Oct. 15.—The police department has been called upon to discover the identity of vandals, who some time on Sunday, invaded Rison School and did wanton damage, which will amount to several hundred dollars. Entering five class rooms, the workers of destruction put a splinter to a new use by plastering the walls and ceiling with the ripe fruit and then throwing a veritable barrage of ink. The leather blackboards were ripped with knives, the desks were backed, school children who had left their hats there found them mutilated and cut.

Convention Date Fixed. LYNCHBURG, Oct. 15.—The forty-fifth convention of the Virginia Christian Missionary Society will be held in Clifton Forge, October 21-24, many of the delegates from the State to the national convention now in session in Cincinnati will be delivered by J. B. Hunley, of Richmond, and other prominent speakers will be W. F. Rothenburger, Springfield, Ill.; W. C. Bowler, Lexington, Ky.; Dr. H. O. Pritchard, Indianapolis; Harry Schaefer, John H. Earle, Richmond; Dr. W. M. Forrest, University of Virginia.

Will Deliver Address. CHARLOTTEVILLE, Oct. 15.—Armistead C. Gordon, of Staunton, has accepted the invitation to deliver the historical address in connection with the presentation to this city on or about November 21 of the bronze statue of the explorers, Lewis and Clark, the gift of Paul Gooden, McIntire, of New York and Charlottesville. President Edwin A. Alderman, of the University of Virginia, will present the monument on behalf of the donor. Judge R. T. W. Duke, Jr., will accept the gift on behalf of the city. The statue in honor of Lewis and Clark, explorers of the Northwest country, is a piece of sculpture costing \$20,000.

Brick Masons End Strike. DANVILLE, Oct. 15.—A complete victory has been won here by the foes of organized labor, the brick masons' strike being broken this morning, when all of the workers returned to their tasks, with the local union organization recognized by the local contractors. The strike ended nearly as quickly as when it started. Last night the masons, many of whom had gone to neighboring towns, returned to Danville, and a meeting was held. An increase in wages amounting to 5 cents an hour was granted.

Congressman to Speak. BOWLING GREEN, Va. 15.—Special entertainment will be provided at the Caroline County Fair tomorrow, when the program later for the entertainment of veterans of the Confederate army as well as the Caroline County boys who fought in the world war. Besides the exceptional attractions at the fair there will be a big dinner for the soldiers, followed by an address by Congressman Otis Bland.

Boy Seriously Injured. DANVILLE, Oct. 15.—Leonard Buchanan, an eleven-year-old boy, is in a serious condition at his home in South Boston suffering from injuries sustained when he was run over by an automobile driven by J. M. Moser, Jr. of this city, about five miles from Houston. Struck by the fender of the car, the wheels did not pass over him. He was removed to his home suffering from severe injuries to the head and one of his legs broken in two places.

Crowd at Home Coming. CHARLES CITY, Oct. 15.—The semi-centennial anniversary of Bethany Presbyterian Church was observed here Sunday, when many former citizens returned to the historic country to participate in the exercises. Several hundred invitations were sent out and estimates placed the number of those responding at 200. Addresses were made by W. K. Keys, Rev. W. J. King, Rev. J. A. Christian and a number of others.

Odd Fellows Plan Campaign. LYNCHBURG, Oct. 15.—The Odd Fellows orphanage board has arranged for a campaign in November to raise \$15,000 to pay off the debt on the institution, where 120 children are wards of the State grand judge. Another building is also planned at the orphanage to increase its facilities. A boys' band is in course of organization, the work to be done under a director to be employed shortly.

Buy Two Large Farms. FREDERICKSBURG, Oct. 15.—The Burton farm, near Mitchells in Culpeper county, known as "Harrison View" farm of 308 acres, and "Meadow" farm of 567 acres, have been sold. W. B. Thompson, of West Virginia, purchased the "Meadow" farm for \$49,896 or \$88 per acre. "Railroad View" farm was purchased by Mahoney Brothers, of Mitchell, for \$17,700.

Works Novel Brand. DANVILLE, Oct. 15.—Anoa Hayes, a fourteen-year-old youth was ordered

held for the reformatory today for a novel kind of fraud which he perpetrated yesterday. The youth presented himself at a hotel with a large bundle saying that it was laundry for one of the guests. The sum of \$1.80 was paid by the clerk and the ticket stubs were carelessly received. The bundle when unwrapped was found to contain two very grimy gunny sacks. Few Licenses Issued. DANVILLE, Oct. 15.—While game is reported as being plentiful in the surrounding country, the clerk of the Corporation Court has issued fewer hunting licenses so far this year than last. Large coveys of birds are reported in many different districts and wild turkeys are reported to be plentiful.

Is Selected Pastor. BRISTOL, Oct. 15.—At the Methodist conference held at Princeton, W. Va., the Rev. N. M. Watson, of Chattanooga, Tenn., was selected as the pastor to come to Stone Street Methodist Church here. The present pastor of this church is Dr. John C. Orr.

DR. KUNO MEYER, CELTIC LANGUAGE TEACHER, DIES

Told Germany Had Lost America's Friendship When Lusitania Was Sunk.

LONDON, Oct. 15.—An announcement is made in Berlin of the death in Leipzig of Dr. Kuno Meyer, professor of Celtic language and literature at the University of Liverpool. Dr. Kuno Meyer was a lecturer widely known in the United States. He was born in Hamburg, December 29, 1858, and received his early education in that city and at Dessau. Later he became a student at the University of Leipzig, specializing in Celtic philology. Subsequently he became director of the school of Irish learning in the University of Dublin, and then entered the faculty of the University of Liverpool. He was a voluminous writer, among his works being books on Irish legends and the life of the poet Swift.

Dr. Meyer was virtually the first prominent person to predict that the war between Germany and England, France and Russia would develop into a world conflict. In 1917 he wrote an article in the "Lancet" under the title "Enemy Eyes," which quoted a conversation with Colonel Theodore Roosevelt, and after he wrote an article for the Berlin press, saying Germany had lost the friendship of the United States after the sinking of the Lusitania. Dr. Meyer was in this country at the time of the catastrophe.

Sherman, of Dothan, general manager of the American Lumber Company, have purchased lumber holdings of the Moore Timber Company, near St. Andrews Bay, Fla., consisting of saw-milling machinery, 100,000 acres of timber and 50,000 acres of land, for approximately \$1,500,000.

To Stamp Out Cattle Thieves. BUENOS AIRES, Oct. 15.—Chile and Argentina have signed a treaty for the establishment of frontier police garrisons to protect the inhabitants of each nation against depredations of armed bands of cattle thieves and other criminal elements.

STOMACH TROUBLE FOR PAST 2 YEARS

Phillip H. Hart, Who Resides on R. F. D. No. 3, Richmond, Tells Interesting Story.

IS IN AUTOMOBILE BUSINESS

Claims the New Stomach Medicine, Plant Juice, Has Now Put Him on His Feet.

Too much food and too little exercise have forced the stomach into a half-sick condition. It becomes weak and does not protect itself, and the bars are down for the entrance of disease in many forms.

Plant Juice, the new herbal stomach remedy, is a purifying and vitalizing agent. It corrects disorders of the stomach, which is being demonstrated daily and verified in signed statements by well-known local people.

Take, for instance, the signed statement of Mr. Phillip H. Hart, who resides on R. F. D. No. 3, Richmond, and has a wide acquaintance in this section of the country. Mr. Hart is engaged in the automobile business, and is a man of the utmost honor and integrity. He said: "I have been troubled with my stomach for the past two years—in fact, I was all run down; had no appetite whatever, and could not keep the lightest kind of food in my stomach, as it would ferment and cause gas to form. I had taken many medicines, but never got any real benefit until I began to take your Plant Juice. That put me on my feet again, and I now have a good appetite, sleep well and am able to do a hard day's work."

Plant Juice is a vegetable preparation, extracted from the roots, leaves, berries and fibres of numerous medicinal plants. It is Nature's own remedy and works wonders. It gives almost immediate benefit and leads to permanent relief in practically every case where people suffer as above outlined.

Plant Juice cleanses, strengthens and revivifies the entire system. It clears the blood of poisons and impurities, puts the lazy liver to work, regulates the bowels, strengthens the kidneys and tones up the digestive organs. It sharpens the appetite and promotes sound, restful sleep.

The Plant Juice Man is at the Tragle Drug Co.'s store, in Richmond, where he is daily meeting the local public and introducing and explaining the merits of this remedy. For sale in Petersburg by Morrison, the Drug Man. For sale in Chase City by the Chase City Drug Co.—Adv.

MORAL TONE SUFFERING REACTION, DECLARES TAFT

Human Nature Unable to Maintain for Long Periods Adherence to Ideals.

PROGRESS MUST BE SLOW

Former President, Addressing Unitarian General Conference, Urges That Religious Spirit Must Be Stirred for Upward Movement.

[By Associated Press.] BALTIMORE, Md., Oct. 15.—The moral tone, the sacrificial spirit of all the people, which was distinctly elevated during the war, has suffered a reaction, declared former President William Howard Taft in his address as president of the Unitarian General Conference here today, "and we are back again in the old region of the 'old drums,' where progress to better things seems as slow as it was before the war." "We should not be discouraged, however," Mr. Taft said. "It is the frailty of human nature. It is to be found in its inability to maintain for long periods its adherence to the highest ideals. Real progress in the world is through a course of action and reaction."

Reaction Is Not Permanent. "This reaction will be succeeded again by an onward and upward movement, and we shall find the world better because of its sacrifices and the lessons they taught. We shall not make the same progress that we hoped for, but we shall step up and on. It is the duty of all those whose disappointment in the present stage of affairs is great to buckle on their armor and to push toward better things, to take their places in the ranks of those who would stir the religious spirit of the community and who would preach as part of their lives the fatherhood of God and the brotherhood of man and the willingness to sacrifice in order to promote those great principles of Unitarian Christianity."

Would Rouse Unitarians. "Let us hope that this annual meeting will rouse the Unitarians of the country to a re-education of themselves to the faith which Channing preached and to living the life which Channing lived." The report of the council of the general conference was made by Rev. Paul Revere Frothingham, D. D., of Boston, and Rev. William Wallace Fetter, D. D., dean of the Harvard Divinity School, delivered an address on "A Century of Unitarianism." Dr. Frothingham, in his report, expressed the hope that in the "broad-mindedness of Channing, the division of the congregational body into the trinitarian and unitarian branches could soon be healed." This he characterized as a "consummation fast approaching and devoutly to be helped along."

FEAR LITTLE BILLY DANZY IS DEAD IN CRANBERRY BOG

Hammondton, N. J., Baby Missing Week Without Single Clue to His Whereabouts.

[By Associated Press.] HAMMONDTON, N. J., Oct. 15.—Although the search continued today, but slight hope was entertained by those working on the case for the recovery alive of three-year-old Billy Danzy, who disappeared a week ago while playing near his home here. After a thorough search of the surrounding country and the investigation of a number of kidnapping clues, the belief seems to prevail that the child wandered into one of the deep marshes or cranberry bogs in the vicinity and was drowned. In this case it was feared his body may never be recovered. The authorities said today they would continue the search "as long as there is a thread to work on."

Will Fill a New Field in the Great Automobile Industry

THINK of the appeal in a Six Cylinder Car, built for the motorist of moderate income! The car must be one of unusual economies.

Only big quantity production can make such a car possible—and quantity production is not possible without a revolution from old principles of construction.

The Willys Corporation has produced exactly such a car. It is a revolutionary Six—and is one of the few great forward steps in automobile history since the invention of the pneumatic tire. It fills a great gap in the industry—and has a field all to itself.

Behind this revolutionary car is the Willys Corporation, one of the biggest and strongest manufacturing concerns in the automobile industry. At its head is John N. Willys, president also of the Willys-Overland Company, who has successfully built and sold over 650,000 automobiles.

The business of the Willys Corporation, exclusive of the building of the new Six, is the manufacture of Electric Auto-Lite, starting and lighting systems, and New Process Gears for transmissions and differentials of automobile trucks and tractors.

The Electric Auto-Lite business is the largest in its class in the industry. More starting and lighting sets for automobiles are, and have been made by this company than by any other two concerns in the business. Production is now at a rate of over sixteen hundred complete sets per day, and orders for future deliveries are on hand for four thousand sets per day. This company supplies the principal automobile builders.

The New Process Gear business was organized in 1912. Today it is one of the largest in the industry; and, because of the high quality of its products, the demand is constantly expanding. The factory covers a seven acre site and employs from 1800 to 2000 highly skilled operators.

In addition, the Corporation is producing the Willys Light for the lighting of country homes and farms. In the month of August alone, orders were received for 20,000 Willys farm-light outfits.

The extensive plants of these units are located at Toledo, O., Syracuse, N. Y., and Poughkeepsie, N. Y. They will be sources of supply for the construction of the new Six.

For the building of the new car the plant of the Duesenberg Motors Company, at Elizabeth, N. J., was purchased and is being enlarged to give a capacity of 400 to 500 complete motor cars per day.

The new Six has many new and outstanding features—an entirely new, but thoroughly proven, type of spring suspension being one of them. The car is of remarkably light weight—approximately 2,100 pounds and has notable road holding, non-skidding and easy riding qualities. It has extraordinarily low gasoline consumption—17 to 20 miles per gallon. The chassis is a marvel of simplicity. The details are all noteworthy.

Anyone desiring further information about the plans and car program of the Willys Corporation should write for our booklet.
