Week's Picture Shows

"Molly and I" as presented yesterday at the Bluebird Theater, is one of the best productions shown in this city this season.

A Fashion Panorama. Twenty-four gowns provide a fashion show of the latest styles in dress. These modern wardrobe scenes are the world's most noted authorities and represent not merely the latest styles, but suggest what are to be "voguish" in 1921.

"The Paliser Case." "The Paliser Case," by Edgar Saltus, Godwyn's newest picture, will be shown at the Edison Theater today. This dramatic tale concerns the murder of a wealthy young man as he sits in his box at the opera.

Ship Battles. One of the most interesting parts of "The Bottom of the World," the great Shackleton South Polar picture, which will be seen at the Victor Theater again today, shows Shackleton's ship, the Endurance, fighting her way through ice floes, in an effort to make open water. The picture is released by Robertson-Cole.

Versatile Douglas MacLean. Are you annoyed by the soaring prices of gasoline? Douglas MacLean, the youthful screen star who appears with Boris May at the Colonial Theater, has invented a substitute for the costly fuel. In "Let's Be Fashionable," Doug's auto stops dead with him in the early hours of the morning. There is no water in the radiator. Failing to locate a hydrant, the ingenious Doug hauls a passing milkman. Several quarts of milk are hastily poured into the smoking radiator. The car starts blithely off.

Determined to Do Business. "Now, ladies and gentlemen," said the auctioneer at a sale of old masters, "what am I offered for this superb Velasquez, probably the best Velasquez that ever came from the masters' hand? There were no bids, so the auctioneer took up another picture. "Very well, ladies and gentlemen," he went on, "I now offer you a Titian by the same artist!"

HE HAD SUFFERED FROM BAD CATARRH

A Well-Known Richmond Man Has Been Restored to Health Thru Plant Juice.

MEDICINE ACTED LIKE MAGIC Claims That Four Bottles of Plant Juice Was All That Was Required to Cure.

Catarrh of the stomach is very frequently a result of catarrh of the head, but it also follows a disturbance or failure of the digestive functions. The mucous membrane of the stomach is inflamed and becomes

MR. T. SILVA.

soated with mucus which rises in the throat continuously in the effort of the stomach to throw off its noxious burden.

Plant Juice, the new herbal stomach remedy, has always been found effective in toning up the moribund system of this nauseating malady. The strongest evidence of its power to heal an irritated membrane, which denotes catarrh, and put the system back into a healthy state, is the statement of people who have used it and have been benefited thereby.

Following is the testimonial of a well-known Richmond lady, Mrs. T. Silva, residing at No. 504 Nicholson Street, who tells how her husband was relieved of a severe case of catarrh of the stomach by Plant Juice. She says:

"My husband had suffered for years with catarrh of the stomach and he had tried every medicine he ever heard of but did not get anything to give him relief until he started to take your Plant Juice. He had spent hundreds of dollars. Upon the advice of a friend who had been relieved by your medicine, he got a bottle to try it. It acted like magic from the very first dose he took, and now he has taken four bottles and is completely cured. He has no more pain or headaches, sleeps well at night and has a fine appetite for his meals. He is gaining weight and Plant Juice has certainly made a new man of him. We are both so thankful for his recovery to health that we are glad to give this public endorsement and to recommend Plant Juice to others."

The Plant Juice Man is at The Fragile Drug Co's store, in Richmond, where he is daily moving and explaining the merits of this remedy. For sale in Petersburg by Morrison, The Drug Man, and in Chase City by The Chase City Drug Co.—Adv.

Here's Relief from Skin Diseases

The Blood Must Be Purged of all Germs.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science.

The fiery itching of burning skin diseases comes from far beneath the surface of the skin, and cannot be reached by local remedies.

New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no impression

whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief. Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S. S. S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S. S. S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

S. S. S. gives real relief from the tortures of skin diseases because it searches out the impurities and roots them from the blood.

This fine old remedy is the same and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had without cost to you, by writing to Chief Medical Adviser, 195 Swift Laboratory, Atlanta, Ga.—Adv.

THOUSANDS AGREE AS TO THIS

That Black-Draught Is Excellent for Stomach and Liver Disorders. Hence Its Great Popularity—Mississippi Planter's Indorsement.

Houston, Miss.—Mr. J. A. Trenor, a well-known planter of this place, recently related his experience in using Theodor's Black-Draught. "I don't believe there is a better liver medicine made," said Mr. Trenor. "I use it for headache, stomach disorders and torpid liver."

"It is not bad to take, does not leave a constipated condition, as so many of the liver pills and medicines do. It does its work and leaves you feeling like a new person."

Thousands of others have found Black-Draught as helpful as Mr. Trenor describes, and a valuable remedy for derangements of the liver, stomach and bowels. It is a purely vegetable, having an active effect upon the bowels, gently stimulating the liver, and helping to increase the flow of bile.

Black-Draught has been found to assist in the digestion of food, and relieves constipation in a prompt and normal way.

On account of Black-Draught's long-proved merit and immense popularity, many imitations are being offered for sale. For your own satisfaction it will pay you to insist upon the genuine, and be sure the package bears the name "Theodor's Black-Draught."

At use—full directions in package.—Adv.
