

GOVERNOR COX BEGINS SECOND SPEAKING TOUR

Will Carry His Campaign Through Kentucky, Tennessee and Central States.

FAVORS AID TO POSTAL MEN

Senator Harrison, of Mississippi, Credits Democratic Landslide, Attorney-General Palmer and McAdoo Start Campaign.

(By Associated Press.) COLUMBUS, OHIO, Oct. 6.—After spending today at the executive office attending to matters of detail and conferring with Democratic State political leaders, Governor Cox left tonight for Kentucky, where tomorrow he will commence his second extensive speaking campaign. His first speech tomorrow will be at Elizabethtown and he will address at Nashville, Tenn.

The Governor was met here by Johnson Camden, national committee chairman for Kentucky, and Congressman Campbell Cantrell, head of the executive committee of the national committee, who will accompany him through Kentucky.

Governor Cox today endorsed a program for betterment of employees of the postal service as presented by heads of the various organizations. The program presented was for adequate postal facilities, just and equitable compensation, right to confer with post-office officials through representatives of their own organizations and a court of review, to which appeal may be taken in cases of demotion or dismissal.

The program to which the Governor presented the delegation which presented the program to the Governor were Gilbert B. Hyatt, president of the National Federation of Post-Office Clerks; Edward J. Gainer, president of the National Association of Letter Carriers; William Collins, secretary of the Railway Mail Association; all of Washington, and John T. Mugavin, of Cincinnati. They stated after the conference that the Governor's position on their program was "eminently satisfactory."

Big Drive During October.

CHICAGO, Oct. 6.—Senator Pat Harrison, of Mississippi, chairman of the Eastern Speakers' Bureau of the Democratic National Committee, today issued a statement declaring Governor Cox would carry Illinois, New York, New Jersey, Ohio, West Virginia, Indiana, in addition to the solid South. As for Maryland and Kentucky, he said, there was no doubt that they would be in the Democratic column. He also predicted that at least ten Western States would go Democratic. He described the claims of Will Hays, Republican national chairman, as "marjined," saying "it has often been the case that the Republicans win in September, but failed to win in November."

"We will make our big drive during October," Senator Harrison said, "and have purposely held back until now. We will have more speakers than the Republicans, and as to quality there can be no comparison." Despite the fact that the Republicans have tried to tie up every hall in many States our speakers will get before the people."

Palmer to Aid Campaign.

WASHINGTON, Oct. 6.—Attorney-General Palmer is preparing to take an active part in the presidential campaign. It was announced tonight at the Department of Justice, work on his schedule of speaking engagements has started, it was said, the time he will devote to the campaign being dependent on his official duties.

McAdoo Begins Speaking Tour.

NEW YORK, Oct. 6.—William G. McAdoo, former secretary of the Treasury, will begin his speech-making tour in behalf of the league of nations and the campaign of Governor Cox on October 14. His itinerary, as announced today by the Democratic National Committee, calls for speeches in thirty-eight cities, mostly in the West.

DANIELS SAYS REPUBLICANS ARE PREACHING DISASTER

He Denounces G. O. P. Policy as Tearing Down Wilson's Work and Administration.

JOHET, Va., Oct. 6.—Republican politicians "denouncing" the President and the league of nations are preaching "disaster and disaster," Secretary Daniels declared in an address here tonight. Having kept the country "out of peace for more than a year, they have no plan for keeping us out of war," he added.

"America," even the Republican party, had not rejected the league, but only a handful of Senators who put politics above patriotism," Secretary Daniels declared, continuing: "It was nothing more than a burning, but impotent desire to destroy him (the President) and all his works, to tear down what he had built up and him to pieces and power on the ruins. Do you doubt for a moment, does any one doubt that if the Republican President had presented this league and treaty of peace to the Senate it would have been ratified in a month and hailed as one of the greatest constructive achievements of the age?"

"That angry crowd with the simple question of whether we shall go forward or backward. Shall the Stars and Stripes wave in the vanguard of world progress or lag behind, discarding those who believe in us, hope of us and found in us the hope of mankind?"

ATTENDANCE NEAR HIGH MARK FIXED BY MANAGEMENT

partment would do credit to any international exposition of farm products.

About twenty counties of the State have profited by the appropriations to establish exhibits of farm products, industrial and mineral products at this year's fair, and the finest of them, from the viewpoint of contents and general arrangement, is that arranged by E. V. Brocken, of Orange County.

Large Exhibits Delay Judging. The delay in the opening of the fair is due to the fact that the large exhibits, in many cases the largest ever shown in the State, are not yet ready for display. It is estimated that more than twice as many as those of previous years, awards are being recorded as late as possible. In another column will be found all awards ready for publication at a late hour last night.

The police handled the crowds in competent fashion yesterday and no signs of disorder were noted despite the carnival spirit that prevailed all day and night up and down the grounds. Their principal activity was in checking up the reports of jitney drivers to ascertain the truth of the rumor that drivers from Norfolk were operating in the city during the fair period without obtaining local licenses. No arrests of any importance were recorded during the day or evening.

This is Farmers' Day. The live stock and agricultural machinery departments are all primed for this day, which is one of the biggest in the fair for them. Both departments are 100 per cent larger than in 1919 and are expected to be even larger this year. In the poultry and pet stock exhibits, Director C. C. Riddick is faced with the problem of exhibiting several hundred more birds than have ever been in the department in past years. His department this year, say all concerned, would pass muster as a regular fanciers' show.

The live stock interests are intensely interested in the boys and girls live stock consisting of 100 baby heaves, fifty dairy heaves and forty-eight pigs. The baby beef exhibit is larger in number of number of animals than ever before and the quality of the individuals is also superior to that of any previous year. All are awaiting with intense yearning the decisions to see what places in the fair to such counties as Amherst, Washington, Smyth, Giles, Henrico and Surry, who are exhibiting baby heaves in similar numbers only. Of the counties that had baby heaves at the State Fair last year, only Surry, Lee and Giles had four; Tazewell and Fauquier twenty-three.

Last year was the first time that the boys and girls exhibited dairy heaves. Henrico having fifteen head of pure-bred Holstein-Friesian heifers. This year there are at least

GOOD CARD OF RACES PLEASES PACKED STANDS

Richmond Trophy and Ellerslie Steeplechase Put Crowd On Edge.

All races on the Fair's Richmond Day program were closely contested, many close finishes being witnessed. The main event was the Richmond Trophy, for two-year-olds, over a distance of five and one-half furlongs. Gratian, owned by W. C. Westmoreland, was the pretty winner in this event. Helen Lucas finished second and Repeat nosed out Priscilla Greenway for third money.

The opening race of the program had the greatest number of starters of any of the races. Six horses left the barrier and Leamo led the field all the way. In the stretch Florio proved to be a contender, but was beaten by a head. The remainder of the horses were bunched, but Repeat broke through and finished in third position.

The second race was the most hotly contested one on the program, Stir-Up, ridden by Tom Harris, just nosed out Clip, ridden by J. C. Collins, after a mile of fast running. Miss Sweet finished third.

Tenons won the fourth race, but broke down. Home ward home finished second, Home ward home just nosed out Uncle Sam for third place.

The Ellerslie Steeplechase ended the card. It was won by Balloon, Wilton Lad, finished second and Doctor B. third.

TEXAS WELCOMES UNITED VETERANS OF CONFEDERACY

(Continued From First Page.)

States naval veterans, who stated that of the original 6,000 members of the Confederate Navy, 250 still are living.

At tomorrow morning's session of the veterans' organization, in addition to a number of reports of members, there will be an address on "Cotton Tax and Pensions" by General George Hillier, of Atlanta, Ga.

The meeting will adjourn at noon to allow the veterans and their families to participate in the Virginia memorial association to join in memorial exercises.

Tomorrow night will be featured by a grand ball in honor of the United Confederate Veterans. The floor will be reserved exclusively for the old soldiers and their ladies during the grand march. The floor also will be cleared at intervals during the evening to allow the veterans and their partners to dance the Virginia reel and other dances of their youth.

The only event of tonight's program was a song and dance review under the direction of the Houston Chapter of the Daughters of the Confederate, depicting in its scenes and acts the various periods in the history of the Confederate States between the States to the end of the war.

said, "I feel that I should take the liberty of telling in outline the story of the efforts of the Virginians to prevent the importation of slavery. It is a record, the like of which no other State can boast. It is a record of the people of Virginia were overruled on a subject of vital importance to them and the world."

Their halls of legislation had resounded with eloquence directed at the terrible plague of negro slavery, again and again they had passed laws restraining the importation of negroes from Africa, but their laws were disallowed by Great Britain.

Judge Parker then told how Virginians had appealed to His Majesty that the practice, if continued, might have the most destructive influence. Delegates of the State protested their protest in the first Continental Congress. The General Assembly prohibited it in 1778. Jefferson included prohibition of slavery in the document, calling the Northwest territory. It was defeated then, but adopted three years later. When the Federal Constitution was framed, Mason, Judge Parker said, protested against slavery.

Visit Bruton Parish Church. After the exercises the assemblage repaired to Bruton Parish Church, which one of the Episcopal bishops has declared to be "perhaps the noblest monument of religion in America." Some of those who have worshipped here were George Washington, Thomas Jefferson, Patrick Henry, Martha Washington, James Monroe, Chief Justice John Marshall, President Tyler, Peyton Randolph, George Mason and Edmund Pendleton. The rector, Dr. Rufin Jones, outlined the history of the church. Members of patriotic societies present at the exercises yesterday, most of whom were from Richmond; Local Society of Colonial Wars.
