Alms and Plans of League. Shortly after the proclamation of the nineteenth amendment to the United States Constitution a meeting took place in the hall of the United States Constitution on Wednesday will perfect. The aims and purposes of the National League of Women Voters are two-fold—education for citizenship and improved legislation. These have been carried out nationally by the holding of normal schools for citizenship instruction and by the presentation to Federal legislation, the majority of which were included in the platforms of the two major parties.

State branches will recommend to their local leagues the serious consideration of citizenship, and also a program of State legislation which will include child welfare measures, of interest to mothers and teachers; measures pertaining to women in gainful occupations, of interest to business and professional women; measures dealing with the home and high prices, of interest to housewives; measures on social hygiene and educational measures, also of interest to all women; and independent citizenship for married women, of interest to foreign women or those who marry foreigners.

The League of Women Voters is in a sense a civic rather than a political organization. Those who become members are urged to ally themselves with the political party of their choice, and to work through that party for legislation of interest to women. It is in no sense to be, or to become a separate woman's party.

WILSON WILL NOT GRANT PARDON TO EUGENE DEBS

Believes It Wrong to Encourage Treasonable Conduct During Dangers of War.

Would Be Bad Precedent Executive Clemency, Urged by Federation of Labor and Other Organizations, Firmly Withheld From Those Inciting Disloyalty.

WASHINGTON, Nov. 6.—President Wilson is understood to have no intention of pardoning Eugene V. Debs, who is serving a ten-year sentence in

the Federal penitentiary at Atlanta for violation of the espionage act. The position taken by the President, according to those who profess to know his views, is that executive clemency in such a case would set a bad precedent and would encourage others to oppose the government in the event of another war.

Debs was convicted at Cleveland on September 12, 1918, on three counts, a jury finding him guilty of attempting to incite insubordination and disloyalty in the military and naval forces, attempting to obstruct recruiting and uttering language tending to incite, provoke and encourage resistance to the United States and to promote the cause of the enemy.

A pardon for Debs and others convicted of violating the espionage act has been urged by a number of organizations, including the American Federation of Labor, which, at its last annual convention at Montreal, Canada, authorized a committee to confer with Attorney-General Palmer on the matter.

Cotton Mills Reduce Wages. UNION, S. C., Nov. 6.—A wage reduction of 10 per cent will become effective Monday in all cotton mills in this county, affecting approximately 3,000 employes. The mills will be closed two days a week also.
