

JITNEY WINS IN FIRST FALL WHEN ORDINANCE BODY FAILS OF ACTION

4 HOURS CONSUMED IN SPIRITED DEBATE AT NIGHT SESSION

Multitude of Resolutions and Motions Offered During Wrangling.

DIRECTORS ADDRESS COMMITTEE AT START

Main Contention Is Routing of Machines East of Laurel Street.

COUNCIL CHAMBER IS PACKED

Body Adjourns to Convene Again at Call of Chairman.

The jitney won the first fall before the Ordinance Committee last night, when that body failed to adopt a resolution specifying a route, after numberless resolutions had been presented and four hours consumed in parliamentary wrangling, spirited debate, motions to adjourn, caustic criticism and pleasant repartee.

Director W. M. Myers and Director Alfred J. Saville addressed the committee in the beginning. Director Saville dwelt upon the economic phase of the situation, while Director Myers pointed out the traffic situation. Both agreed that it would be best for the jitneys, the street car company and the people served by the jitneys, to have the cars rerouted off Broad Street.

The main contention appeared to be the routing of the jitneys east of Laurel Street. The various resolutions which were presented, debated, criticized and voted down, practically carried the same route west of Laurel Street. The main question seemed as to whether to remove the jitneys from Broad Street or allow them to remain.

Those who favored the present arrangement went out in the preliminary, although they were not strong enough to carry a resolution offered by Councilman Smith to officially route the jitneys along the streets now used by them.

The Council chamber was packed with spectators just as it was on Tuesday night, except the crowd last night was composed almost entirely of jitneys, while that on Tuesday night was made up largely of opponents of the jitney.

Under the present conditions, under which less than one-third of the normal supply was reaching the consumer, would constitute a public menace, the commissioner declared. The city normally consumes 2,000,000 quarts of milk daily, he said, while only 400,000 quarts were received this morning.

SALES TAX BEATEN IN SENATE BY VOTE OF MINORITY PARTY

Democrats Align Themselves Against Utah Senator's Proposal.

PROVISION DEFEATED BY POLL OF 43 TO 25

Seventeen Republicans Join Move to Put Quietus on Smoot's Revenue Plan.

[By Associated Press.]

WASHINGTON, Nov. 3.—The sales tax was rejected tonight by the Senate. The vote, 43 against to 25 for, was on a proposal by Senator Smoot, Republican, Utah, for a 1 per cent levy, with exemptions provided in the case of sales by farmers of the products of their farms, sales by public utilities and those by any foreign government or any State or Territory, the army and navy hospitals.

Democrats Solidly Against Tax.

The Democrats voted solidly against the sales tax and were joined by seventeen Republicans. This vote was regarded generally as decisive of the whole question of a sales tax at this time, but immediately after it had been announced Senator Smoot offered an amendment embodying a business sales tax of one-half of 1 per cent on gross sales in excess of \$6,000 a year. This went over until tomorrow, and Senator Smoot said he did not think consideration of it would consume much time.

Discussion of Chief Advocate.

Discussion of the sales tax was comparatively brief. Senator Smoot (Continued on Page 2, Col. 4.)
