

GOULD-CASSATT ROW

Settlement of Differences Is Looked for Soon.

SEVERAL MEETINGS HELD

Gould's Wish to Reach Atlantic Probable Cause.

No One in Authority Cares to Talk, But Things Look Significant.

New York, Jan. 12.—Negotiations for a settlement of the Gould-Pennsylvania controversy, which culminated in the chopping down of the Western Union telegraph poles along the Pennsylvania railroad lines, have been resumed, and it is said a common ground has been found which may lead to the settlement of the differences which are alleged to have primarily grown out of the Gould plans to reach the Atlantic seaboard.

There has been a long conference at the Pennsylvania railroad offices in this city, at which A. J. Cassatt and Samuel Rea were present. In the last few days there have been other conferences in Philadelphia. These meetings marked the beginning of serious consideration of all the questions at issue.

Persons interested in the negotiations are unwilling as yet to state definitely upon what basis the present adjustment is being worked out.

and eighty. Among them are Frank Groesbeck and "Bully" Fild of the Rio Grande, Capt. W. G. Williams, Harry Finch, Paul Nolan and others. The train will arrive in Salt Lake returning at 9 p. m.

NANCY MAY SHIVE. Girl Switch Tender.

Nancy May Shive, 14 years old, the daughter of J. B. Shive of York, Pa., is, so far as has been ascertained, the only girl switch tender in the United States. One of the lines of the York County Traction company passes the toll house kept by Nancy's parents. A spur of the line runs westward, half a mile distant. It is at the beginning of this spur that the little woman has been throwing the switch for the passing cars ever since the two lines were opened, two years ago.

NO TROOPS FOR PANAMA.

Uncle Sam Will Not Send Any Soldiers to the Isthmus to Carry on Military Operations.

Washington, Jan. 12.—Shortly after the Cabinet meeting today the following statement was issued regarding the isthmian policy of the Administration:

"The publication in various quarters of news indicating that the Government is preparing to send troops to the isthmus to carry on military operations against Colombia has been the source of considerable annoyance to the executive and to the War department. No state of war exists between the two countries; no inauguration of hostilities is contemplated by this Government; no preparation for war is being made. It is not believed by the President, nor by the Secretary of State, that any occasion for the employment of troops on the isthmus is likely to arise. They have used their utmost efforts to convince Gen. Reyes and the Bogota authorities of the friendly intentions of this Government toward Colombia, and of their readiness to use their good offices in the settlement of any questions in dispute between Colombia and Panama.

"It is difficult for them to believe that the authorities in Bogota can be so blinded by passion and prejudice as to declare war against us, and even if this rude step should be taken by Colombia this Government would be in no haste to respond to her challenge. The President makes all possible allowance for the natural excitement in Bogota over a state of things for which the Colombian Government is alone responsible, and of which it is fully forewarned. But they must sooner or later recognize the irresistible force of accomplished facts, and the sooner this is done the better for all parties. We have done them no wrong; we would like to be of service to them; if they are wise, they will not put it out of our power to help them by any act of rashness and violence."

Sigourney, Ia., Jan. 12.—Fearing that his bank could not meet the cash demands of creditors, G. F. Utterbach, cashier of the Sigourney Savings bank, shot himself in the head, inflicting a fatal wound.

To guide the bullet surely he fired through a short gas pipe, one end of which he held against his temple. The bank is in no danger, having good paper to meet every demand.
