Inmates Awakened From Sleep to Face Death.

**NO DEAD, MANY INJURED**

**Wall Blown Out and Top Floor Collapsed.**

**Proprietor and His Wife Among the Victims, Their Bodies Being Incinerated—List of Injured.**

Marion, Ind., Jan. 21.—Three persons were burned to death, two fatally and one badly injured in a gas explosion that wrecked the Seitz hotel here early today.

The dead: Charles Beitel, proprietor of the hotel; and wife, James Devlin, proprietor of the cafe.

Others injured: Edward Gaskill and H. Hobbs, oil well contractors.

Others injured: Thomas Twigg, Randall Biddle, John Dierchey, John Schott, Joe Corrie Ring, Orville Beitel, Harry Stoll, William East, Frank Gaskill and Gus Pearl Gaskill.

The seriously injured were guests of the hotel. The hotel was situated three blocks from the center of the city. Natural gas is said to have escaped from a pipeline that passed near the building, a basement being filled, and when the gas on the first floor began to fill with gas it was ignited by the burning of the hotel.

The outer walls of the building, a two-story brick structure, were blown out, the second floor falling in on the first. The guests were under the wreckage, which ignited at once, and rescuers had not difficulty in removing them. The bodies of Mr. and Mrs. Beitel were in an hour before they could be recovered.

**Scrofula the Cause.**  
Scrofula, catarrh, hip disease, white swelling and even consumption have their origin in scrofulous conditions. With the slightest taint of scrofula in the blood, there is no safety. The remedy for this disease in all its forms is Hood's Sarsaparilla, which goes to the root of the trouble and expels all impurities and disease germs from the blood.

The best family cathartic is Hood's Sarsaparilla.

**TAPPED LAKE OF OIL.**  
Wonderfully Valuable Discovery Is Made in the Oil Fields at Florence, Colo.

Florence, Colo., Jan. 21.—The United States company, while drilling well No. 12 at Spindle Top Heights, three miles west of Florence, tapped the first lake of oil ever discovered in Colorado. The body was encountered at a depth of 2775 feet, and the well will have the production capacity of any six wells in this field. General Manager Wallace announced that the oil in the new well had risen to within a few hundred feet of the surface, and that 500 barrels per day could be easily pumped.

**BEFORE DIEHL'S BAR.**

John D. Matthews was saved from a fine, not by the skin of his teeth, but by one of his landlady's teeth. Mrs. Laura Brown had charged him with assault and claimed that he knocked one of her teeth out. Matthews and his wife flatly denied Mrs. Brown's story. As Judge Diehl had seen Mrs. Brown before the alleged assault he took judicial cognizance of the fact that the tooth was missing at that time, and found the defendant not guilty. This is not what Jack London calls the law of tooth and fang, but justice after the pattern of King Solomon.

Officers Brown and Lesker testified that W. C. Jacobson, who is a fish peddler, swore that the horse was fed on all the delicacies of the season and that his attention was due to indignation.

Victoria, B. C., Jan. 21.—The steamer Aorangi, which arrived from Australia and Honolulu points this morning brought news from Honolulu that an entire district of Hawaii is panic-stricken because of the reported appearance of a ghost.

When Shem Uneka, well-known native, died, his relatives buried him in the ground instead of in a cave, in accordance with the native custom, and they claim that on this account Shem had returned to haunt them.

The ghost is said to have appeared on New Year's eve first. A feast was being held when a native shrieked and pointed to the roof. He declared that he saw Shem's ghost. Other natives looked and ran, and since then the spirit of Shem is said to have made sundry appearances. The natives are terrorized and Kalanias have been sent to endeavor to lay the ghost.

Rebels and Government Troops Meet in Battle, and Losses Are Heavy.

Washington, Jan. 21.—According to a cable report to the State department from United States Minister Finch at Montevideo, the revolutionary disturbances in that country is much more serious and extensive than has been supposed here. The Minister cables under the 20th as follows: "There has been three battles, all won by the Government, the last one being on January 18th. The total number of killed and wounded was about 200. The Government forces were estimated at 28,000 and the rebels at 7000 to 9000. The opinion here is that the insurrection will be suppressed in a month unless aided by near neighbors. The press and telegraph censorship continues; also martial law."
