OGDEN, Feb. 16.—Some months ago The Tribune published a rumor to the effect that the Southern Pacific Railroad company would build an immense pleasure resort on Promontory Point as soon as the Ogden-Lincoln cut-off was completed. Already more than eighty of the plots that are to support the mammoth buildings have been sold, and the work is going ahead as rapidly as possible. It is stated that the resort will be one of the largest inland resorts in the United States.

PROVO CANYON SLIDE ENDANGERED A TRAIN (Special to The Tribune.) HEBER CITY, Feb. 16.—Within an hour after the morning passenger train arrived here at 11:15 a. m. a 26-foot slide of snow and ice which it had passed over the mountain side, occurred near mile post 11 at the mouth of Provo canyon, and may have been started by the vibration of the train. It is considered very fortunate that the coaches and the passengers were not swept away by the avalanche. The train, which should have started on the return trip at 2:30, was held here until 7 o'clock tonight, when a train from Provo met it at the scene of the slide and transferred passengers and mail. It is not believed that the track is injured, but it may take some time to clear. So far as can be learned tonight there was no damage to persons or property as a result of the slide. Nobody lived in the path of the avalanche and the nearest building is the power plant of the Tullahoma company.

CURED OF BRONCHITIS.

Letter From Prominent Milwaukee Man Published by Request of Our Local Druggists, Druehl & Frankan.

To the Editor of the Tribune: For the benefit of all people in Salt Lake City suffering from hard colds, hacking coughs, bronchitis, throat troubles or weak lungs, we wish you would publish the following letter: "Dear Sirs—For two months I suffered with a hard cold and hacking cough, which settled into bronchitis and sore

lungs. I was nearly worn out, had tried all kinds of medicine when Vinol was recommended. I have never tasted cod liver oil in an delicious form, and what is better it quickly eased the soreness in my lungs, cured bronchitis and cough and made me well and strong. I enjoyed taking every dose." W. H. O'KEEFE.

We guarantee that Vinol will cure all such troubles, or will give back the money paid for it. Our above letter is published simply to add additional proof.

Physicians everywhere endorse Vinol. A prominent physician writes: "Vinol is the most valuable preparation of cod liver oil known to medicine. It is of untold value to create strength and build up the general system for old people, weak women and children; and it has no equal for hard colds, bronchial and all lung affections."

We ask the people of Salt Lake City to try Vinol on our guarantee that if it does not help them they can come back and get their money. Druehl & Frankan and Smith Drug Co.

SENATOR BURTON MUST FACE JURY

Demurrer of Kansas Statesman to Indictment Overruled and the Trial Date Set.

ST. LOUIS, Feb. 16.—Judge Adams, in the United States District court today, overruled the demurrer of United States Senator Joseph R. Burton of Kansas to the indictment charging him with accepting money for using his influence in preventing the issuance of a fraud order against the Rialto Grain and Securities company.

The trial of the Senator was set for March 22nd. A panel of sixty jurors has been ordered for that date.

In reading his decision Judge Adams consumed twenty-five minutes, giving each point raised by the defendant careful analysis. Both Senator Burton and Maj. Hugh C. Donahue of Kansas were in court. The indictment grew out of the troubles of the Rialto Grain and Securities company, which concern ran afoul of the United States Postoffice department, and further use of the mails was denied it. It is charged that for \$50 per month Senator Burton was to use his influence to have the embargo removed.

In filing the demurrer to the indictment, the defendant contended that the postmaster did not have the authority to forbid the Rialto Grain company the use of the mails or to issue a fraud order. Also that there was no substantial charge of fraud at the time. Both of these questions were dismissed by Judge Adams with the remark that he was not impressed with them.
