Perther Expansion in the Volume of Dealings in Stocks Due to This Fact.

YORK, May 12-There was a urther expansion in the volume of deslings in the stock market today. in to the increased pressure to sell ex the weakness being more distriupon sentiment was produced by isposing dimensions of the gold movesets for Saturday aggregate more than KM . The largest amount of gold ent before exported in a full month from See Tark was in May, 1894, when \$27,449. m west out. The sustained level of the weign exchange rate makes it evident at the novement has not lost its force, ad estimates vary widely as to its limits thin have been already over \$40,000,000 ere its inception in April. A large porat of the Panama canal payment re-sairs to be provided for, and the current cto is evidently to meet other requireents than the Panama payment. For ine fling, it is admitted that today's ensecret is in part against a subscription the Russian loan which was taken yes-

rdsr.
The steady inflow of Japanese gold to Pacific coast has been an important for the New York's export. The point gold however, that the subscriptions de Japanese loan here will check the low of gold at San Francisco by programments have funds here for Japanese to draw me while drafts may be made also upon find for payments in England, thus gold to the demand for gold exports. Yesting the Treasury department has at sides of the withdrawa; of the final lapt cost installment of 40 per cent of Germant deposits with banks on May rement deposits with banks on May These withdrawals, when completed, have taken something like \$50,000,000 the banks.

be the banks.

At s well known, these deposits had bee meanulated in New York in premite for the Panama payment and in certificated to the plethoric condition of its more market, which in turn was a between to the enormous expansion at the lam item. Heavy demands for operation purposes are still ahead of the market. It is not strange that the star which the cash depletion and loan number or carrying the surplus item was the wanishing point should have entitled the assurance which has been milest over the money market.

The statement of domestic exports for mit published today contained a gratifier surplus in the heavy increase. In two of cotton exports over last April, at saving to offset largely the shrinking in value of food stuffs and relieve a seriety of commercial bills in the examples market. Black Cherries Now on the Market-Eggs Are Again Reduced in Price.

fornia; these were of a different kind from those brought in the day before, being black cherries of very fine quality and good size. The wholesale price per box is \$2.50. In addition to this the price of strawberries has been reduced from \$2.25 to \$1.75, and the quality is improving. In the vegetable market the only features yesterday were the arrival of two carloads of winter potatoes and some fresh consignments of cucumbers, which are now coming in in lively fashion. New potnices have been very scarce the last two days, but some fresh shipments are expected today.

The price of eggs was yesterday shot down to \$550 per case again, and a few dealers are even selling at \$2.25. The rea-son for this is stated to be the continuance of good weather.

Poultry is very plentiful again. The prices are rather stiff, but they do not af-fect the retailers. Broilers are very scarce.

orought out enough buying orders from pit traders to advance the price to \$55.00 \$55.00. Receipts were extremely small, and this fact also exerted a bullish inducince. But trading in general was light. The market lacked any outside support, and with a continuance of offerings the price gradually weakened.

A number of bearish reports were received during the day, increasing the weakness. Advices from Russia stated that the surplus of wheat for export was still large and that the weather was favorable for the growing crop. The condition of wheat fields in the Southwest was reported to have shown considerable improvement. An influential selling motive was the lack of outside demand, the supposition being that if there is no foreign demand between now and harvest time stocks of wheat in Chicago will show a big increase. The market closed weak, with July at \$44.6845c. after the price had declined to \$42.6845c. Clearances of wheat and flour were equal to \$6,500 bushels. Primary receipts were

134,360 bushels, compared with 315,960 bushels a year ago. Minneapolis. Duluth and Chicago reported receipts of 70 cars, against 110 last week and 147 a year ago. Corn was moderately strong on light receipts and on covering by shorts. July opened unchanged to a shade higher at 43% to 43% 43% c. sold up to 93% 433% c. and closed at 43% 43%. Local receipts were 74 cars, with two of contract grade. In sympathy with corn the oats market ruled firm the entire day. After opening unchanged to ½c higher at 33% to 23%. July sold between 33% c and 33% 33% c. closing at 29c. Local receipts were 62 cars.

Provisions were firm early on a strong Provisions were firm early on a strong hog market, shorts covering quite freely. Later there was some pressure to sell and prices settled to a little below vester-day's final quotations. July pork was down 24c at \$11.2; lard was also off 24c at \$15.2; ribs were a shade lower at \$2.37.
