What might have been a disastrous fire was nipped in the bud by the fire department about 9 o'clock tonight. A blaze was started in some unaccountable way in the basement of the Burt Bros. dry goods emporium. It burned away a portion of the floor and filled the big store with smoke. The fire was extinguished, but the smoke poured into the store above and some little damage was done to a portion of the stock. The proprietors could give no estimate tonight, and it may prove to be more severe than it appears at present.

SANPETE FAVORS TWO COUNTY CONVENTIONS

Special to The Tribune. MANTI, Utah, June 2.—Sanpete county politics is becoming quite active. The Republican organization is thoroughly equipped for a "great campaign." The local Republican organ is to be made as effective as possible and, editorially, is to be under the supervision of the county committee. The county conventions are generally discussed. The idea of nominating the legislative ticket separately from the county ticket is becoming popular. If two conventions are to be held it is proposed to name the legislative ticket and the delegates to the State convention a county convention to be held just before the State convention, and to name the county ticket a later convention. The local Republican organization in connection with nominating the county ticket have heretofore been detrimental to the character of the legislative ticket, and it is believed that better results would generally follow if the ticket were made at conventions called especially for such purposes.

The city authorities, together with the aid of the Commercial club, are preparing to have the Temple City band give an outdoor concert each Sunday afternoon during the summer season. Special to The Tribune. PROVO, June 2.—There are at least twenty-four Democrats left in Provo, as that is the number who attended the city primary last night. James E. Snow was elected chairman and H. F. Thomas acted as secretary. The call authorized the selection of fifteen delegates to the State convention. After considerable wrangling, in which Mayor Roylance took prominent part, the following delegates were named: John H. Milner, W. D. Roberts, Sr., R. A. Barney, Warren N. Dusenberry, E. C. The fifteen delegates from Provo were instructed to use their influence at the State convention to send uninstructed delegates to St. Louis.

Sentiment among the delegates present was that Salt Lake county be given five delegates to the National convention, and that two delegates come from the north of the State and two from the south. Master George Atkins showed talent impersonating Thomas Jefferson, and as chief spokesman, he made a decided hit.

Martha Washington's tea party was well presented by the eighth grade girls, who wore quaint, old-time costumes.

FIRE CHIEF IS AFTER OWNER OF FIRE TRAP

Special to The Tribune. PARK CITY, Utah, June 2.—It is urged that the Ontario Mining company will have to tear the Maraca mill down, as it is a fire trap and a constant menace to the city's safety. Several days ago Fire Chief Bircumshaw discovered several boxes of giant powder stored in this building. SKIN DISEASES The Outcropping of Bad Blood.

While not always painful these are aggravating beyond expression. With few exceptions they are worse in spring and summer, when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter months. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood,

reinforce and tone up the general system, and carry off the bodily impurities through the proper channels. The skin, with good blood to nourish it, remains smooth and free of all disfiguring eruptions. Send for our book on diseases of the skin, and write us if you desire medical advice or any special information. This will cost you nothing.
