Special to The Tribune. UTTE, Mont., July 3.-Butte won today's game from Salt Lake in a pitchers' battle from start to fintsh Hoon for the home team and Essick for the visitors. While the Elders obtained six hits, they were scattered, and the Miners managed to bunch their five to good effect. The locals piled up their winning runs in the first two innings, and the

ning runs in the first two innings, and the visitors could not overcome the lead.

In spite of the errors made, the game was brilliant with several red letter plays. McHale made a running one-handed catch of Bruyette's long fly to center, statting the fans to how! Bruyette and Shaffer made sensational stops of hard line drives. Gimlin, who had been kicking all through the game, stopped on his way out to right in the eighth inning and opened up on Umpire Ward. He was fined for his language, which became stronger, and he was put out of the game and off the grounds. Both teams put up the real article of good snappy ball.

### OREGON SHORT LINERS SPOKANE LOSES ONE TO BOISE

## Hits Did It.

Two Men Fined for Making Rude Remarks to the Umpire.

Otherwise Everything Was Lovely, Pitching of Castleton and Mortenand the Game Ended With an Exciting Finish.

POKANE, Wash, July 3-Wright had the Indian batters on his staff had the Indian batters on his staff all the time today, and his team backed him up in splendld fashion and hit Dammann hard when the bases were occupied. Howlett played third in place of Relly who is not feeling well, and went to sleep in the sixth when a little wakefulness would have cut off two runs. It was in this inning that a combination of five hits by Boise, with two misplays by Spokane, cinched the game. Up to that time, barring the little incident of Relliy being fined and chased from the field for disputing the umpire's decision on a strike, everything was lovely. Incidentally, Hogg was fined also for making a few remarks in the same inning. Boise got another run later on because Jack Fiannery made a fine slide to first base, but it was not needed.

The real excitement came in the ninth other hit loaded the bases for Spokane liming. A hit, a base on balls, and another hit loaded the sucks for Spokane, with no one out, it looked as if the rally of last Sunday would be repeated, but Stanley, the fourth man up, stabbed a weak bounder to Wright, who never moved from his tracks. The ball was transferred to Hanson at the plate and thence to first, making a neat double. Dammann was depended upon to do something, but he rolled one to the infield, and the fielder leisurely loped over to first and made the put-out himself. The score: all the time today, and his team

The team that is to go to Butte the latter part of this month and play the Butte golfers in the return match for the Leyson cup has practically been made up. Some additions, in all probability, will be made, and the prospects are that the team which will represent Salt Lake will include a dozen or more. The team as at present decided on is made up as follows: F. E. McGurrin, R. E. Harkness, Fred Hale, J. Walcott Thempson, Arthur Copp, G. P. Holman, George K. Fischer, E. B. Wicks, R. H. Officer, Dr. C. G. Plummer, W. Mont Ferry.

The team will elect a captain this week. Position on the team probably will not be decided upon until shortly before the Butte match, and is going to result in some very close matches in the meantime. At least five members of the team are playing in close to the bogey figures for the course right along, and the golfer who gets the coverted honor of playing against Butte's best man is going to earn it.

Baseball at Lagoon. Two baseball games will be played by the Bell Telephone company team and a nine representing the Woodmen of the World at Lagoon today. The first game will begin at 2:30 p. m.

### Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Riggs of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberiain's Colle, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all leading druggists.

#### Was a Pitchers' Battle.

Was a Pitchers' Battle.

It was a battle of pitchers, both Castleand Mortensen pitching magnificent ball.

After the long drawn-out contest had
reached the tenth inning both men began to recuperate, and not a man crossed
the plate until after two men were out in
the fourteenth inning. Ogden started the
rin-getting in the third inning on hits by
Clark and Wessler and Mortensen. They
drew two more in the fifth on doubles by
Clark and Henry, and two more in the
sixth on a bit by Taylor and McConnell
dropping Henry's long fly. From that
time on Ogden did not see the plate until
the fourteenth. In the sixth Castleton
opened with a single, and James followed
with a double, both scoring on a wild
pitch. They got two more in the eigth on
a hit and two errors, and a double and a
single scored another in the ninth, tying single scored another in the ninth, tying the score. They were then blank for the remainder of the game. The fielding was beautiful on both sides, particularly by Ogden, at times reaching the sensational. The same teams play again tomorrow afternoon

UNDOES AN OFFICER

WOMAN'S WEAKNESS

"Send an officer up right away to arrest my husband, he has been beating me shamefully," was the message which came over the police station telephone last night from a Capitol hill woman.

"I'll send a man right up," said Desk Sergeant Livingstone.

The desk sergeant was as good as his word, but the mounted patrolman's steed was not swift enough to carry the officer to the scene of trouble before the woman had had time to change her mind.

"What do you want?" she demanded sharply whe nithe man with the star appeared at her door.

"I am the officer sent to arrest your husband."

"My husband is in bed; he hain't done

husband."
"My husband is in bed; he hain't done nothin', and if you don't leave my house this minute I'll throw hot water all over

"And yet some people imagine it's a snap to be a policeman," mused the officer as he sadly rode back to the station to receive an order to round up a gang of hoodlums with fireworks that was engaged in perpetrating some new terror upon a populace overridden by patriot-

Roy Hatch, a walter in the Sunds restaurant on State street, struck the cook with the fint side of a meat cleaver; otherwise he would have used the instrument in the regular way and there would have been a funeral. Regardless of this exhibition of tender-heartedness Hatch was arrested and taken to the city fall the claimed that the cook had been abusing him in a shameful manner and he became tired of it and administered a comparatively mild form of corporal punishment with the cleaver. #### MR. M'CUNE EXPECTED TO REACH HOME TODAY

Hon, A. W. McCune is expected to return to Salt Lake today after quite an apent at the works of the Cerro de Pasco company at Cerro de Pasco. As has been heretofore given in detail, Mr. McCune, with J. B. Haggin and other capitalists, is engaged in developing this ancient mine of the Peruvians and it is expected that it will soon be one of the big bonanzas. To properly handle the product the company has built its own railroad from the end of the existing track to the mines. There was already one railroad running from Caliao to Lima and another from Lima to Arroya. It was from this latter point that the new road was built. The Arroya line attains one of the highest elevations in the history of railroading and is one of the famous lines when making railroad comparisons. Mr. McCune, having so many interests in this State, has found it necessary to return to lok after them and it is probable that when he returns to Peru members of his family will accompany him. spent at the works of the Cerro de Pasco
