No Olympic Games Yesterday.

ST. LOUIS, Sept. 2.—No Olympic games were held at the Stadium today.

SUPERIOR TACTICS WON.

Tennis Tournament Is Now Confined to B Street Crowd.

An unexpected victory won by superior tactics gave interest to the tennis tournament yesterday. James Salisbury played a splendid game and his partner, Harry Roberts, never played a better one. The result was that they defeated Carl and Frank Roberts and W. L. McLeod and B. Froelich.

The defeat of Conrad by Griffin disposed of the last of the outside courts and confines the battle for the State championship to the B street coterie. The scores yesterday were:

James Salisbury and Harry Roberts, vs. Carl and Frank Roberts, 7-5, 4-6, 6-2. W. L. McLeod and B. Froelich, 6-1, 6-4, 6-4. The final doubles will be played off today at 3 p. m. by James Salisbury and Harry Roberts against Walker Salisbury and T. G. Griffin. The final singles for the State championship will be played on Saturday day, so that all may see the finish.

ARE DISGUSTED WITH BUTTE

Butte-Boise Teams Quit Copper City.

Today and Sunday They Will Play Ball in Great Falls.

Profits of Two Games for Fruit Pickers in Butte Was \$5.90, Hence the Disgust.

Special to The Tribune.

BUTTE, Mont., Sept. 2.—The Butte and Boise baseball teams, disgusted with the interest manifested by the Butte fans in baseball, will go to Great Falls tomorrow and Sunday. Manager McCloskey returned from Great Falls today and reports conditions there are favorable, that they can make their hotel expenses, anyway, and that is more than they can do here. The Boise manager is anxious to leave this city, and he believes that he has a good excuse for going. The Boise share of the receipts from the last two games was \$5.90, and of this they lost \$10 in fines, leaving the profits for the two games at \$5.90.

Butte will have a baseball game on Labor day. During the past two years the games on that day have been extremely profitable. Two years ago, with two prize-fights in the city at the same time, the game drew nearly \$1000.

In today's game Bandelin was easy for Boise's batters and they easily took the game. Starkis was hit hard in the first, but settled down and pitched a good game afterward. There was considerable wrangling over the use of bad balls. Attendance, 130. Score:

Lizards and Horselies for Pets.

You would scarcely suppose that men would make pets of these blood-sucking insects, but they do, and are very fond of them.

He walked about at the entrance of a tunnel of a mine in Idaho just at noon one day last summer, talking to the superintendent and a lot of others.

Immediately a dozen more horselies appeared. They were unusually bold, flying about our faces, alighting on our hands and necks, but seldom stinging.

One of them was particularly unafraid. He walked about at the entrance of a tunnel of a mine in Idaho just at noon one day last summer, talking to the superintendent and a lot of others.

The Habit of Smoking.

A well known local tobacco dealer was standing on the front steps of his establishment this afternoon, greatly enjoying a cigar, when a reporter who happened that way stopped, and soon a "chat" was under way on the subject of cigars.

The veteran tobacco dealer immediately gave some interesting information thereon. He said, in part:

"It's really remarkable, considering the 12,000,000 cigars smoked in the United States every year, how few men really know how to smoke. There is one mistake in particular that even experienced smokers sometimes make; that is, in not keeping the tobacco burning properly."

"A large percentage, I should say, of all the cigars used are better on the outside than the inside. This isn't wholly to deceive the prospective buyer. It requires a good quality of leaf to shape the outside of a cigar, while the filler may be more readily composed of inferior tobacco."

"The smoker who permits his cigar to burn inside the wrapper loses the best part of it. The aroma is lost and the smoke is bitter and acid."

"Puffing on a cigar that is not burning properly only increases the increased combustion in the center of it. The proper thing, the only thing, to do is to light the cigar again, taking care that wrapper and all are included in the lighting. If this plan were followed a good many smokers would change their brand of cigars so often."—Hartford Times.

Wanted Sting for Brother.

An innocent-looking German boy walked into a drug store the other day and faced the proprietor with a request.

"What you got some bees' stings for rheumatism?" he shyly inquired.

"Bees' stings for rheumatism?" the proprietor repeated. "Where did you hear of that?"

"Why, mother was reading it by the newpapers," replied the lad.

The proprietor laughed. "I've seen something of that kind in the papers," he said, "but I won't attempt to offer you anything just for rheumatism. Where is the rheumatism?"

"In de handt und de arm," the boy replied.

"Well, see here," said the proprietor, with a sudden smile. "I haven't got the cure on my shelves, but I keep it in my back yard. You go out through this gate and walk around my flower beds. When you see four or five bees resting on a flower just try to pick them up."

The boy nodded and went out. He was gone at least ten minutes.

When he came back his face was red and his nose—where an angry bee had alighted—was beginning to swell. He held out his hand.

"I bicked me some uv dees bees op," he placidly remarked.

"Did you," said the amused proprietor. "And does you hand feel any better?"

"The boy looked up." "It aindt for me," he placidly replied, "it's for my bruder."—Cleveland Plain Dealer.
