Empire State Republicans Declare Faith and Confidence in President Roosevelt.

SARATOGA, N. Y., Sept 15 .- The Republican State convention adjourned at 1:30 p. m. today, after nominating unanimously the ticket for State officers forecasted last night by the Associated Press. Frank W. Higgins headed the ticket for Governor.

The unanimous action of the conven-

tion in the nomination of Higgins was made possible by the withdrawal of former Lieut.-Gov. Timothy L. Woodruff at the very last moment, as the convention was preparing for the roll call called for by the resolution of the Kings county delegation. It was only when, he himself said, it became "obvious to his practiced ear," that the convention was almost solidly against him, after his name had been placed. him; after his name had been placed in nomination in a speech by William A. Prendergast of Brooklyn, in which the management of the Higgins con-vention was bitterly attacked, that Mr. Woodruff took the platform, withdrew his name from further consideration moved that the nomination of Lieut.-Gov. Higgins be made unanimous, and pledged the fullest effort of himself and his Kings county forces in aid of the ticket about to be nominated. There was no contest whatever over any other place upon the ticket. Fol-lowing is a synopsis of the platform:

What Platform Says. Republicans of the Empire State, the home of Theodore Roosevelt, in convention assembled, congratulate the country on the splendid results of the recent elections in Oregon, Vermont and Maine, and the inspiration they have given to the cause of Roosevelt

and Fairbanks. "We repeat and confirm the pledge made to President Roosevelt by our State convention two years ago, of un-faitering confidence and unwavering

"We indorse the platform of the Re-publican National convention in Chi-cago in June last, in all its declarations. particularly those in favor of the main-tenance of the gold standard and pro-tection to American workmen and the

industries by which they thrive.

"We appeal for support to the common sense of those who do not believe in change for the sake of making a change and who are willing to 'let well enough alone,' and those who believe in the kind of protection the Republican party has always stood for, and not in the kind with which the Democratic party, with its free trade allies is try. party, with its free trade allies, is try-ing to delude industrial workers.

### CANNON OPENS CAMPAIGN.

#### Speaker Will Be Heard in Close Congressional Districts.

SOUTH BEND, Ind., Sept. 15 .- At the Auditorium theater in this city to-night Speaker Cannon of the National House of Representatives began a campaign which he will wage from this campaign which he will wage from this time until election day in the close Congressional districts of the country. The large theater was filled to its utmost capacity, and the speaker was received with enthusiastic cheers.

Mr. Cannon discussed at length the various issues of the campaign, but gave his special attention to the tariff and trusts, contending, with reference to the former, that the Republican policy of protection is the only sure safe.

cy of protection is the only sure safe-guard of American interests, and con-cerning the latter, that the action of the President is an unmistabilite index of the attitude of the Republican poli-cy of protection. Mr. Cannon spoke of cy of protection. Mr. Cannon spoke of Judge Parker's letter of acceptance,

The opposition denounces protection as robbery. If I denounce a thing as robbery and I had the power I'd remove the robber. But the opposition want to carry New York, part of Fennsylvania and Indiana. They say "We recognize the present conditions, and if we come into power we will remove the robbery gradually." Parker's Speech Unique.

Parker's Speech Unique.

The speech of Mr. Parker accepting the nomination is unique. He says "I inderes the platform robbery and all. But please make me President and elect a Democratic house of representatives. We can't do any harm, for the Senate of the United States will be Republican for the next four years." Suppose the country takes him at his word. It would be equivalent to giving notice to the country unless there is a change of sentiment, that at the end of two years the opposition would come into full power. We discount the future. The manufacturer will say, "I will not produce and trust to the future." The retailer will say, "I will buy carefully, notice has been served that we are to have a change of policy." The farmer will say for the same reason, "I will buy less: I will set my house in order." Everybody draws in sails.

### Big Pullman Plant Has Shut Down

Employees Is Now

CHICAGO, Sept. 15 .- The immense Pullman car works at Pullman are shut down today and practically every one of the company's 7000 employees is lile. The workmen were told to take their tools with them when they left the works, and from this infer that a conelderable period of idleness confronts them.

The closing of the big car works at the 'model city' came when the 1500 workers in the repair department were laid off. That had been the only branch of the plant in operation for some time, and its closing left not more than 100 men at work, just enough to put the finishing touches on what little work re-

mained on hand and to keep the many buildings in condition. About five-sixths of the Pullman employees are members of unions. The plant has been operated on the open shop basis, however, ever since the 1894 strike when the union cause was de-feated. Union scale wages have been paid by the company and there has been complete satisfaction on this score. Complaints were made by the company, it is said, that high wages brought about the closing of the works, inasmuch as these wages were claimed to be in ex-cess of the scales in effect in other plants of the country

The shut down of the works has been gradual during the last three weeks, two or three departments being closed at a

Court Finds That She Had No Intention of Killing Anyone.

After listening to the testimony in the case against Mrs. A. P. Mayberry, charged with threatening to kill her daughter. Emma La Vetta Mayberry, Judge Chris Diehl yesterday morning decided there was not sufficient cause for holding the defendant and ordered her discharged. The hearing occupied most of the morning session in the city court, during which time several witnesses were examined, among whom were Miss Clara Colbourne, principal of Rowland Hail. A. P. Mayberry, the daughter, to whom the threat is alleged to have been made. According to the statement of the witnesses. Mrs. Mayberry threatened the child and also Miss Colbourne. FIRE at an early hour this morning gutted the interior of the Empire-Utah stram laundry on West Temple street, between First South and South Temple. The blaze originated in the boffer-house and was probably caused by smouldering ashes. The loss will amount to about

It is easy to dwell in the region of abuse and villification in full snawer to all such villification we offer the action of Theadore Rosseveit as man and President. Under his leadership the party and the country have followed in the footsteps of William Mc-Kinley. The law has been enforced. They fear he will much the country into war. NEW YORK, Sept 15.-Judge Parker today conferred with more than a score today conferred with more than a score of prominent party leaders who called on him at his apartments at the Hotel Asior Important matters relating to the campaign, which may reorganize the methods now in operation, the letters of acceptance of the candidates for President and Vice-President, and the discussion of a slate for the State of New York were included in the business under consideration. Under special arrangement with the hotel all persons who called to see Judge Parker were ushered in through a private entrance, and no persons without the proper credentials bearing the indorsement of the Judge's private secretary were permitted on the fifth floor, where the candidate's apartments are situated. One of the interesting features of Judge Parker's day was his talk with former Senator D. B. Hill, which has been connected with a call by the Senator on District Attorney Jerome. It was reported that Mr. Hill tendered the Governorship nomination to Mr. Jerome. That story is now denied, and information from a reliable source is to the effect that Mr. Jerome was offered any place on the State ticket except the nomination for Governor.

Salt Lake politicians who had secured personal and public reports from the meeting at which the new American party was launched, had no trouble agreeing yesterday that the new party is not a farce.

Some who, a week ago, were saying that the movement would die soon were not to be found.

People There were hundreds of Utah dreds of conferences Thursday, hundreds Aroused, of anxious hearts, hundreds of whispered condolences and thousands who were inexpressibly happy.

A new party, piedged to fight the political agents of the Mormon church, to battle to the death the power of Apostles Smoot and Penrose as political factors in affairs of church and as directing forces in the public schools, sent a thrill through Utah and struck terror to the offenders.

Early last spring Reed Smoot, apostle, chosen United States Senator in face of the admonitions of the President and in defence of the variables.

the admonitions of the President and in defiance of the warnings of thousands of friends to Utah, undertook to rule the State as his co-laborers of the church rule their people. He gathered around him men who today flaunt their party variables in the faces of two wars. him men who today flaunt their party patriotism in the faces of men who were fighting the battles for their party long before the Smoot retinue had dreamed of Republicanism. With these he began a systematic effort among the leaders of his people and, by personal appeal and apostolic methods, culisted the support of a sufficient number of men and women to sweep two of the most popular men in public life in Utah off their feet and extablish as the head of a church-directed party a mun unknown, without personal force, and without knowledge of the most cridinary duties of the office to which he aspires, his only recommendation being that he is in good standing with the oriesthood.

that he is in good standing with the stlesthood.

A revolt followed this inexcusable display of power that has grown each hour until public feeling found expression in one of the most remarkable meetings ever witnessed in the United States.

Now the most conservative are saying that Utah is in no temper at this time to be overridden by ecclesiastics.

Utah resents with the power of thousands of American men and women the apostle in politics. Utah resents Smootism and all that the term implies. And from the spirit of protest and resentment which these promoters of priestcraft in statecraft have aroused, there is promised a quickening of the American conscience that will culminate in an organization the curse of ecclesiastical domination. the curse of ecclesiastical demination.
Salt Lake City is already wrought up over the apostle's arrogant display of

Political parties crumble in the presence

Political parties crumble in the presence of a force more potent, more effective than application of the best laid plans of their party men. And the genuine party spirit is now being absorbed in a passion that promises to wipe out party lines and to suspend party joyalty until Utah is purged from the un-American practices of the priesthood.

Day by day the people are coming to know that there is no real party loyalty practiced by the leaders of the dominant church. They are learning that everything is subordinated to the will of the church politicians—that the cry of party desertion is but a pretense. And from this increased enlightenment there is developing an organization American in spirit, American in principle and American in the purpose of its premoters and its supporters to keep up the fight until the politics of Utah and the business of Utah are on the same broad American plane that they are elsewhere. broad American plane that they are

It is made up of the best brains and the best hearts and the most independent spirits of Utah, and the war, if necessary, will be carried into every law-making body in every State in the Union.

Most have long realized that a crisis must come sooner or later. Until Wednes-day's meeting few realized it was so close at hand.

"So far," said an observant American party man yesterday, "the Democrats are unable to arouse any spirit for this campaign. There is considerable talk about what they are going to do, but the men who were the pushers of other days and those who are expected to 'dig up' the campaign funds are campaign funds are standing about look. Democrats Fear Ing glum. The statement of Chairman William Spry, which was, in fact, a sort of manifesto, wherein he said for every Liberal the Cutler ticket would lose two Mormon Democrats would be secured, has been taken so much to heart in Democratic circles that the conservative members of the party, Gentile and Mormon alike, have little hope. They know that Smoot can do that very thing, because Smoot is the authorized politician of the quorum of the twelve. They know that Smoot has started out to elect John C. Cutler and that all of the power of the priesthood will be prostituted to that end.

Republican—Well, for heaven's sake, what is his reason? If he didn't say it he should say so. If he didn't was the worst liunder of the year.

Chairman William Spry of Tooele county will never deny publicly that he used the statement attributed to him. He very well knows he said exactly the thing he is accredited with, and he is believed to have merely voiced an opinion held by others in higher station than he—that, if necessary, the Democratic party will be dismantled in order to elect Smoot's candidate for the Governorship.

But we have many assurances that hundreds of Republicans will be with us on this question. It is in no sense a National question with us. It is a domestic one—one that vitally concerns our people. The issue is clearly this. Shall idaho be governed by idahoans or by ecclesiastics of the Mormon church, the directing force of which is in another State?

"We maint that idaho shall not be run by priests of the church—that the political influence of the church shall not be further extended in our State and that where it now exists it shall be withdrawn.

This opinion is held and this idea circulated by influential Republicans and by Republican newapapers. Congressman French is a most excellent gentleman and is popular with our people, but Idahoans believe that it could not be had on any question wherein the church objected.

"We are not going to wage an acrimonious campaign against Mormons or the church. We have no fight on either, except that they be used to extend the grip of the politicians of the church on public affairs. We shall be aggressive but not abusive. My intention is to visit every part of the State possible and in my speeches and personal work to point out to our people the impending evil—the curse which you of Utah are now organizing to dispet."

Mr. Clay is a genial, intelligent man, and is thoroughly imbued with the importance of the work before him. He will return to Idaho Saturday. He will open the campaign the last of next month.

" DEAR MRS. PINKHAM : - Four years ago I was nearly dead with inflamma-tion and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicines and washes internally and externally until I made up my mind that there was no relief for me. Calling at the home of a friend, I noticed a bottle of Lydia E. It took patience and perseverence for I was in bad condition, and I used Lydia E. Interference in Politics.

BOISE, Ida., Sept. 15.—Senator Dubols addressed a barge audience at the Columbia Theater tonight on the Mermon question. He declared the church helrarchy had forced the issue on the people and it was incumbent sipon Idaho voters to determine whether the Mormons were to have a free rein in the Ståte and have the test onth eliminated from the constitution.

He quoted from evidence in the Smoot investigation to show that five of the twelve apostles were flying in open polygamy and referred to the five wives and forty-two children of President Smith, thirteen of which latter being born since the manifesto.

He scored the Mormon apostles, confessed polygamists, for interference in Idaho politics and detailed the circumstances connected with the visit of W. J. D'Archy of the Capital News to President Smith two years ago when D'Archy informed the church leader that the Mormons would be disfranchised if they did not keep hands off Idaho.

He said the present fight was for manhood and womanhood and not political effect. He declared that every pledge made by the Mormons had been broken and their insincerity fully demonstrated.
