PANIC-STRICKEN TRAVELERS

Those on Steamer Joppa Narrowly Escape Death on Chesapeake Bay.

BALTIMORE Sept. 15.—Reports from points down the Chesapeake bay indicate that last night's storm was unprecedented in its fury and long continuance. For nearly ten hours last night and early this morning the bay was swept by a rain and windstorm that for a time raged more fiercely than any other storm in the memory of the oldest Chesapeake mariners. The sorm was evidently more severe further down the bay than at its head.

The steamer Joppa, from Easton to Baltimore, tried in vain to make findings on the bay shore, her cargo listed and for hours she pitched and rolled with water dashing into her cabins and drenching panie-stricken passengers, reaching this city safely after several hours delay. On the lower Susquehanna a schooner and yacht were blown ashore, a tug sunk and in the bay a dozen bugeyes and smaller craft were driven ashore. In this city today one man, William Norton, was instantly killed by coming in contact with a live wire blown down by the storm. Dispatches from western Maryland report serious damage to growing crops and fruits. Many fields were beaten down by the wind and rain. The rainfall during the prevalence of the storm for seventeen hours was 5.68 inches. The steamer Joppa, from Easton to Bal-
