

# FIFTY-MILLION DOLLAR LIEN

## It Assures Building Western Pacific.

### Interest and Sinking Fund Guaranteed by Rio Grande Western.

#### Instrument Filed With Recorder Salt Lake County Necessitates Paying Fee of \$156.20.

If any further assurance of the construction of the Western Pacific railroad from San Francisco to Salt Lake were needed, the provisions of the \$50,000,000 mortgage filed with the County Recorder yesterday furnish that assurance.

#### Guaranteed by Rio Grande Western.

Not only are the interest and sinking fund of this indebtedness guaranteed by the Rio Grande Western Railway company, but the same Guaranty Corporation guarantees to take sufficient second mortgage bonds after the expenditure of the principal sum to complete the road in all its details.

#### Traffic Arrangement.

In addition to this, as a guarantee of the security of the bonds, a traffic arrangement is set out between the new road and the Missouri Pacific, the Utah and Rio Grande Western roads, forming a through line from St. Louis to the Pacific coast.

#### Takes Place Old Mortgage.

The mortgage filed yesterday takes the place of the one made on September 1933, which is released of record. It is given to the Bowling Green Trust company of New York and covers all the main line, terminal, branch lines, profit and rolling stock of the Western Pacific Railway company from San Francisco to Salt Lake City.

#### Route Set Out.

The route set out in the instrument, which covers 100 closely rated miles, runs from San Francisco through Sacramento and Stockton, up the Feather River valley, thence through Beckwith Pass and across the States of Nevada and Utah to Salt Lake City. It is specified that the company is to use the terminals in Salt Lake City of the Rio Grande Western railway.

#### Five Million Issued Now.

Of the total issue of \$50,000,000 of bonds there are to be issued at once \$5,000,000 to take up existing indebtedness and pay for lines of railroad already purchased.

#### Jeffery Acknowledged Mortgage.

The mortgage was acknowledged by Edward T. Jeffery, president of the Western Pacific Railway company, in New York, on June 22. It is to be recorded here both as a mortgage and a chattel mortgage. The fee of the County Recorder for filing and recording the instrument amount to \$156.20. The release of the former mortgage is a brief document, the filing fee being only \$3.00.

#### GIVEN A STIFF DOSE.

### Vag Sentenced to Sixty Days; Wife to Twenty-Five.

T. E. Wright, who on Monday pleaded guilty to a charge of vagrancy, was given yesterday what is termed a stiff dose by Judge Diehl. His sentence was a fine of \$50 or sixty days at hard labor. The young woman who claimed to be his wife and who had entered a plea of guilty to a similar charge received a sentence of \$25 or thirty days at hard labor. The woman alleged to have worked a blackmailing game in connection with her immoral life. Wright showed the material of which he was made by begging to be allowed to leave town and at the same time remarking, "I don't care what you do with the woman."

#### NABBED THE MAN.

### Creditable Work on the Part of Police Department.

Creditable was the work on the part of the police department yesterday in the capture of W. Veas, a negro alleged to be wanted in Provo for the theft from a woman passenger at that place. A purse containing \$1 in cash, a ticket to Bingham and a trunk check. Within an hour after the description was forwarded from Provo Patrolman Cough had nabbed the man. He was arraigned on a charge of vagrancy, pleaded guilty and, at the request of the City Attorney's office, was postponed until 2 o'clock this afternoon.

#### SHIRT OF MANY COLORS.

### Greek Loses Garment in Laundry and Now Threatens War.

James Sotel, a Greek restaurant man, had a shirt which, like Joseph's coat, was of many colors, and which he cherished highly. He took it to a laundry in Salt Lake and it failed to come back. The laundry people have offered to settle with Sotel, but he refuses to accept money for his prized garment and is now writing to the Greek Embassy at Washington, threatening to stir up international complications if his demand is not met.

#### Describes Salt Lake Road.

The last number of the Engineering News, published in New York, has a long article on the San Pedro, Los Angeles & Salt Lake railway. The article describes the route and its building, but goes back into history and tells of the inception of the older roads which now form part of this system. It is well illustrated with diagrams, maps and cuts, and is a comprehensive review of the construction and first operation of a road which has already become an important factor in transcontinental commerce.

#### Sprained Ankle, Stiff Neck, Lame Shoulder.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by all leading druggists.

# Going After a Big Convention

### Utah Delegation to N. E. A. Leave Tonight for Asbury Park to Shout for Salt Lake.

The Utah delegation to the National Educational association will probably get away for Asbury Park, N. J., tonight, ready to bring the big convention to Salt Lake next year. The delegation will probably be reinforced by President J. T. Kingsbury of the University of Utah, who is strongly enlisted in the cause of securing the N. E. A. meeting for Salt Lake in 1935. The committee met with much encouragement and the delegates will have quite a nice fund for advertising purposes at Asbury Park.

#### Who Compose Party.

Among those who expect to leave tonight are State Superintendent A. C. Nelson, City Superintendent D. H. Christensen, County Superintendent John W. Smith, Mathoniah Thomas of the Board of Education, Prof. Horace Cummings of the State Board of Education, L. E. Egerton, William Allison, D. C. Jensen, E. M. Whiteside, J. Y. Jensen and Principal William Bradford.

#### Are Well Armed.

The committee goes to Asbury Park armed with invitations from the Salt Lake City Board of Education, the State Teachers' association of Utah, the Salt Lake City Central and other local organizations, and will make as vigorous a fight as possible for the location of the next convention.

# Delightful Musicales at Home of M. H. Walker

### Guests to the Number of One Hundred Pass a Most Enjoyable Evening.

Had Alberto Jonas played nothing else but the exquisite bit by Grieg, "To the Spring," the hundred or more guests present at the very delightful musicale given at the home of Mr. and Mrs. Matthew H. Walker last evening would have remembered Mr. Jonas as one of the few great pianists who has visited this city. But he did play something else, several numbers, and played them with a warmth of expression, a brilliancy and faultlessness of technique, a delicacy of shading which are rarely equaled even among the greatest pianists. He also played some delightful pieces which makes it appear that every note is singing its own way, a characteristic which might well be emulated by others.

#### Programme Well Selected.

Last night's programme was an especially well selected one, beginning with a ballad by Chopin and closing with the magnificent legend, "St. Francis Preaching to the Waves" (F. Liszt). In the latter number Mr. Jonas reached the full height of passionate intensity and his fingers set almost spellbound as the great volume of magnificent music poured forth. Other numbers included "Romance," "Scherzo," "Valse," "Capriccio" (Rubinstein), "Menuetto - Scherzando" (Stavenhagen), "Passepied" (Debussy), "Concert Marzarka," a splendid number composed by Mr. Jonas.

#### Two Numbers by Host.

Of the other numbers on the programme, two which gave pleasure were those played by Mr. Walker, the host on the big organ which was installed in the home at the time it was built. These numbers were the overture from "The Merry Widow" and "Andantino" ("To My Wife") by Liszt. Mr. Walker played the organ with remarkable skill and was the recipient of many compliments.

#### Others Assailed.

Mr. McClellan, Hugh Dougall and Willard Weibe assisted also and the numbers given by them were, as always, real gems. Mr. Walker, the host on the big organ, played "Herodias" (Mussorgsky), and in response to an encore the ever-beautiful "Auf dem Wasser zu Canzler" (Rubinstein). Another brilliant number was the "Pastorale" for piano and organ (Gullmann) given by Mr. Jonas and Mr. McClellan, followed by the "Scherzo" by the same composer.

#### Evening Most Enjoyable.

Mr. and Mrs. Walker proved themselves delightful entertainers and their guests are indebted to them for one of the most enjoyable evenings of the year.

# EXCURSION NORTH

July 1.

Via Oregon Short Line. Greatly reduced rates to principal northern Utah and Idaho points. See agents for full particulars. City ticket office, 201 Main street.

# PETITION FOR PARDON.

### Several Filed With State Board by Attorney-General.

Petitions to the State Board of Pardons have been filed with the Attorney-General by the following persons in the State prison:

- George W. Long, pardon, sentenced January 15, 1932, for burglary, 18 months.
- C. B. Pash, pardon, sentenced December 3, 1932, for burglary, 18 months.
- James W. Alfred, pardon, sentenced from Salt Lake, April 1, 1935, to six months for petit larceny.

# ELIZA PRINZING'S SISTER.

### County Pauper Clerk Sabine Would Like Her Address.

County Pauper Clerk James Sabine, Jr., is in receipt of a letter from Eliza Prinzing, 122 Ninth street, San Francisco, inquiring a remittance to pay the fare of her sister to that place. The letter does not give the Salt Lake address of Miss Prinzing and Mr. Sabine would like to locate her. He can be found at the County Commissioners' office in the city and county building.

# FISH DESTROYED.

### Three Hundred Tons of Suckers Perish in Utah County.

State Fish and Game Commissioner James Sharp says that the large number of dead fish in Provo river is due to turning of large quantities of water into the irrigation ditches early in the spring, while schools of suckers were in the river. The water was cold during the winter. This left not only the water in the ditches but the fish themselves. He does not have any fear of an epidemic, however, as a result of the dead fish, but the mass has been swept into the lake.

# ELDER BEN RICH BREAKS IN GRANITE STAKE TABERNACLE.

### Blasphemous in Granite Stake Tabernacle.

### His Peroration Quick Transition From Profane to Devout.

### Thought No Reporter Was Present When He Undertook to Run a Bluff.

"It's no use to fight Mormonism. It will grow and prosper. It will be greater and stronger than ever before when the poor, puny creature that dares to lift his hand against it is suffering in hell."

#### Wanted In Tribune.

So declared Ben E. Rich, president of the Southern states mission last night at the Granite stake tabernacle, and to make his declaration more emphatic he added in the same breath: "You can mark that down and put it in The Tribune if you want to."

#### Thought No Reporter Present.

Every man and woman in the audience looked around to see if The Tribune had a reporter present, but as he was sitting in an obscure corner of the room and taking his notes in shorthand without ostentation, they concluded that The Tribune would know nothing about it and heaved a long sigh of relief.

#### Profited by His Blunder.

Elder Ben started out to be very mild and inoffensive in his first speech. He implored aid for the Southern states mission in the name of God, for the love of humanity, many thousands of whom are dying without a knowledge of the perfect gospel of Joseph F. Smith, but profiting by his blunder of the previous night, he did not threaten to send on another mission all who refused to contribute.

#### Wanted Purse Strings Untied.

After he had devoted half an hour to getting the audience, which by the way, consisted of less than thirty, including babies, in humor to untie their purse strings, Elder Ben recited some interesting personal reminiscences of the South, and Prof. Todd told the hearers that they would be blessed by obeying Brother Rich's requests.

#### Elder Rich Turns Loose.

Then Elder Rich turned himself loose for five minutes. He started off by saying: "If an angel from heaven should appear to me and say, 'Joseph F. Smith was a prophet of God,' I would say, 'Tell me something new.'"

#### Anathema Upon Opponents.

Then he delivered his anathema upon every person who has the courage to oppose the hierarchy and in conclusion established a new religion, the religion of the South, and to the devout. His peroration ran like this:

#### From Profane to Devout.

"If the Mormons should retire to the Arctic ocean—I mean should they remove to the Arctic regions and camp upon a big cake of ice—no matter how large, I would not warm them. Some of these damned scoundrels who are fighting the church would come along and want the ice. May God bless you, brothers and sisters, in the name of Jesus Christ, amen."

#### Called on to Subscribe.

That was all except the benediction and a final invitation to walk up and subscribe to the fund for the Southern States mission house.

# JONAS CONCERT.

### Exceptionally Fine Programme to Be Given Tonight in Theater.

An exceptionally fine programme is that which Alberto Jonas has chosen for his concert at the Salt Lake Theater this evening. The concert begins at 8:30 o'clock, and assisting Mr. Jonas will be Willard Weibe, who will play with the great pianist the sonata in C minor by Grieg. Following is the programme in full:

- (a) Sonata in B flat minor, Frederic Chopin, Allegro molto, Scherzo, Marche Funeraria, Presto.
- (b) Mazurka, Frederic Chopin, A minor, B flat major, C sharp minor.
- (c) Ballade, Frederic Chopin, Sonata in C minor for piano and violin, Edward Grieg.
- (d) Etude in G flat, Op. 10, No. 7, Morzskowski.
- (e) Romance, Xavier Carlier.
- (f) Campanella (by request), Paganini-Liszt.
- (g) Capriccio, Franz Liszt.
- (h) Alceste, Franz Liszt.
- (i) Grosseszenen, Franz Liszt.
- (j) Marche Militaire, Schubert-Pausig.

# WATER HOG IN EVIDENCE.

### Result, Law-Abiding People Will Have to Suffer.

Frank L. Hines, superintendent of the Waterworks department, will on Monday or Tuesday announce the required restrictions upon water-users for the summer season. The snowfall in the mountains was heavy this year and there should be such an abundance of water that no citizen need restrict himself in its legitimate use, but, as is usually the case, the water "hog" is so much in evidence that some precautions are necessary to prevent a shortage.

# J. GOLDEN KIMBALL ILL.

### Stricken With Acute Appendicitis and Taken to Hospital.

J. Golden Kimball, who was suddenly stricken Monday evening with acute appendicitis or some other serious illness, was resting easy at the L. D. S. hospital late last evening. His condition is still critical, however, but it is hoped that an operation, if necessary, will be performed at once.

# Are Separated by Court.

Violet Morris Lichtenstein filed suit in District Court yesterday against Marc Lichtenstein for divorce. The defendant also filed his appearance and consent to an entry of default, and upon application to Judge Richie a decree was granted. They were married June 1, 1934, in San Francisco, and have one child, 2 months old.

# Will Visit O. E. S. Chapter.

Mrs. Madeline E. Conking, the most worthy grand matron of the Order Eastern Star, will visit the Salt Lake chapter next Thursday evening. Mrs. Conking is returning from the Portland region. She will also visit Provo, Park City and Ogden chapters during her sojourn in Zion.

Marnae & Co., Hay, Grain, and Coal, 125 E. 2nd St., 'Phons 1936.

# Ninety in Shade Record Yesterday

### Two Degrees Warmer Than Any Day This Year, and Within Two Degrees of Hottest in 1904.

The Daily block is generally looked upon as a pretty comfortable place in the summer time, but Dr. Hyatt is making it uncomfortable these days for even the occupants of that building. At 5 o'clock yesterday afternoon the weather bureau thermometer had soared to 90 in the shade, two degrees warmer than any previous day in the year, and within two degrees of the hottest day in June, 1904. June 23 a year ago was the warmest day of the month, the thermometer registering 92 in the shade. Present indications are that the same day this year will do even better than that.
