joyed the novelty of a dip in the inland sea. They returned to the city in time for the Tabernacle recital at 4 p. m. The program for the evening was a whirl around the city in the "seeing" car, during the morning. In the afternoon the party will attend services at the Tabernacle in a body.

There are several prominent railroaders in the party among them J. E. Gray, General Agent of the Oregon Line, City, Ind., for the Pittsburg, Cincinnati, Chicago & St. Louis railway. Mr. and Mrs. Gray will accompany him to the Glenwood Springs, today. The special train has been switched over to the Denver & Rio Grande tracks, and leaves for the East at 8 p. m. tonight. General Agent J. D. Kenworthy and Traveling Passenger Agent H. M. Cushing, both of the Denver & Rio Grande, will accompany the party through to Denver.

GUGGENHEIM AND ECLES HERE

Head of Smelting Company and Traf- fic Manager in Salt Lake. Daniel Guggenheim and son, W. R. Guggenheim, of the American Smelting and Refining company, accompanied by Traffic Manager S. V. Eccles and his secretary, Harry B. Cooker, arrived in Salt Lake yesterday from the Pacific coast in Union Pacific private car 63. Mr. Guggenheim declined to be interviewed. It is understood that he has been in San Francisco perfecting a deal whereby his company acquires a number of additional California smelters.

DOCTORS ARE COMING.

New York Delegation Scheduled to Arrive Here Wednesday. The New York delegation of the American Medical Association, scheduled to arrive in this city on Wednesday next over the Salt Lake Route on a special train, is expected to arrive in Salt Lake yesterday from Dr. Wigan and Dr. Wisner. R. Townsend, the family physician for the George J. Gould household, from the home town of Portland, where the national convention was recently held. The train will be escorted by the traveling passenger agent, the various lines over which is hailed.

BLOCK SIGNAL SYSTEM.

It Is Being Extended Over the Union Pacific. A. G. Shaver, signal engineer for the Union Pacific, is at this end of the line superintending the extension of the block signal system. Just recently a large force of men were here put to work installing the American Signal company patent in territory embracing seventy-one miles of track between Green River and Table Rock. Ultimately, it is understood, the block signal system will be extended over the entire mileage of the Union Pacific.

Survey for Branch Lines.

According to reports from Thistle, there is a corps of surveyors at work in that vicinity surveying for a branch railroad to connect the coal fields of Carbon county with the Salt Lake Route in the vicinity of Springfield. It is presumed that this is the road projected by Col. Milner to tap his coal holdings. Eastern capital is said to be behind the work.

BOGUE IS SILENT.

Chief Engineer Has Nothing What- ever to Say. Virgil C. Bogue, chief engineer of the Western Pacific, is still in the city, quar- tered at the Knutsford. Yesterday he was closeted with Chief Engineer E. J. Yard of the Denver & Rio Grande, who came to Salt Lake over the local situa- tion. Although Mr. Bogue is silent regarding the purpose of his visit, from the number of calls which he is receiving from the supply men and representatives of contracting firms who have just dropped into town, it is evident that his visit has a deep significance.

Railroad Notes.

A special train of home-seekers will be run over the Oregon Short Line on August 14 from Utah points to Alberta, Can- ada, and fully a number of the Salt Lake Union will journey to the north. Assistant General Passenger Agent D. S. Spencer of the Oregon Short Line has gone to Brighton on a special train. J. E. Gray, commercial agent for the Rock Island, returned from Chicago yesterday.

H. O. Wilson, district freight and pas- senger agent of the Oregon Short Line at Butte, returned from the coast for the past six weeks.

John T. Morgan, traveling passenger agent for the Hamburg-American line, is in town yesterday. Mr. Morgan is an old-time Salt Lake and spent the day visiting old friends. He is en route to Europe, where he goes to boost for his company.

Hoyt Sherman, general agent for the Colorado & Southern here, has returned from a short visit to San Francisco. He reports that the general opinion in San Francisco is that the Western Pacific will be built and that construction work will begin at an early date.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to see their children at home with the children their fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It cures the weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. Favorite Prescription is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine. I can truly say your medicine is a friend of mine. My wife, Ethel Bratt, of Amherstburg, Ontario, Canada, "I am mother of four children and suffered greatly at times of birth of first three. When I was confined along with the last one I began to think of trying some medicine to ease those terrible pains. I then thought I would write Dr. Pierce. He advised me to take his "Favorite Prescription." I started to take it at fourth month. I was very weak, had heart trouble and would faint away at times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells, but I took five bottles of "Favorite Prescription" and felt better every day. Got along well as the time of the birth of my fourth child, and I thought it must be a good medicine that would help those pains, but I knew now for myself, and can not tell plain enough. Your Favorite Prescription is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong and healthy boy."

Idaho Saloonist Captures His Hold-Up

Man Who Robbed Van Wyck Saloon Caught at Midvale and Caused to Disgorge. Special to The Tribune. WEISER, Ida., July 22.—S. E. Carter of the firm of Carter & Halter, saloonmen of Van Wyck, Boise county, arrived in the city this afternoon, having in charge George Shepherd, who held up and robbed their saloon Friday.

About 12:30 a. m. a masked man entered the saloon with gun in hand. Seven men were in the saloon at the time. He made them line up in front of the bar and hold up their hands. He then went through the till and the safe, which was open, securing \$300. He then went out the back door.

Recognized His Clothes. Mr. Carter recognized the robber by the clothes he wore. A search was immediately instituted and he was traced to Midvale, where he was captured this morning by Mr. Carter and Bona Whiteley of Van Wyck, assisted by N. J. Egan, sheriff of Midvale. Shepherd showed fight, but was quickly overpowered. He was heavily armed.

Returns the Money. He returned all the money but \$15, which he had spent for a gun and expenses before reaching Midvale. He will be taken to Idaho City in the morning for trial.

Shepherd is said to have had a bad record before coming to Idaho. He was placed in jail here to await the arrival of the train. Shepherd traveled more than fifty miles on foot through a mountainous country before reaching Midvale.

100 TIMES

He Read Our Pamphlet to Keep Up His Courage.

We are in receipt of the following un- solicted letter from Andrew C. Larsen of Sorenson & Larsen, 145 West South Second street, Salt Lake City. We ask people with Bright's disease to read it, postscript and all:

Salt Lake City, March 31, 1905. Jno J. Fulton Co., San Francisco—Gents: It is with the greatest pleasure that I today write to let you know that I have cured my Bright's disease. I know that for sure. I had dizziness, I did not swell any more after that, but it took a long time to get the last time just as I started on the Compound. I did not swell any more after that, but it took a long time to get the last time just as I started on the Compound. I did not swell any more after that, but it took a long time to get the last time just as I started on the Compound.

I believe a complete cure. I am now up on my feet and consider myself well. I intend to keep it up for several months to be sure that I do not stop too soon. I am today at my desk at the business and feel as well as I ever did in my life. I am fatter and more healthy looking than I have been for many years. Every- one tells me you that it was a miracle that I got well. Without the Compound I would have been dead. I have told everyone that I have had a chance to tell. Yours respectfully, ANDREW C. LARSEN.

Of Sorenson & Larsen, 145 West South Second St., Salt Lake City.

P. S.—I had this letter closed when my partner, Mr. M. Sorenson, told me his story of my sickness. Mr. Sorenson wanted to telephone the doctor almost every day. He said always that he would not have the slightest chance to recover, and would die, and for me to arrange your business matters before the convulsions came that he expected daily and that would end it all. When you began to improve I telephoned it to the doctor. His answer was: "It makes no difference. It is just as impossible for him to recover as it was for you."

Bright's Disease, heretofore incurable, is now curable in about 87 per cent of cases by "Fulton's Compound." Send for free pamphlet and list of agents. J. Fulton Co., 409 Washington St., S. F. P. J. Hill Drug Co. is our agt. in Salt Lake City.

WATCH FOR IT

THE POOR OPPRESSED, TRUTH CRUSHED DOWN.

Come forth, ye heroes, ye lovers of truth, will ye stand and tremble at the prospect of sin, while the poor are oppressed, and truth is crushed down in the street? The principles of truth, justice, mercy, love, kindness and meekness being lived among those who are walking in pride, extravagance, luxury and graft, seeking only their own welfare, while their brethren are bowed down in poverty, oppression and afraid to say what they believe? Where these evils exist and prosper, then those principles of justice, truth, mercy and love are not being practiced and taught, and there priestcraft exists.

Behold, priestcrafts are that men preach and act themselves up for a light unto the world that they may get gain and praise of the world; but they seek not the welfare of Zion.—Book of Mormon II, Nephi xxvi, 29. For this is Zion, the pure in heart.—Doctrine and Covenants xxvii, 21. Who are the pure in heart? It is those who exercise justice, mercy, truth, love, meekness, patience, long-suffering, etc., which belong to priesthood. But not those who set their hearts so much upon the things of this world, and aspire to honors of men, who exercise unrighteous dominion, control or compulsion in any degree of unrighteousness.

The ax is laid at the root of the tree, every tree therefore that bringeth not forth good fruit shall be hewn down and cast into the fire. What are the trees that are to be burned? It is those which produce bad fruit; that exercise control, compulsion, dominion, setting their hearts so much upon the things of this world, as to aspire to the honors of men, which belong to priestcraft.—Doctrine and Covenants, sec. 1.

I, the Lord God, make you free, therefore ye are free indeed; and the law also maketh you free, nevertheless, when the people rule the people mourn.—Doctrine and Covenants, sec. 89, 90. Now, if the people are mourning, it must be that those who rule are wicked.

Who are the wicked men, and wise men should be sought for diligently, and good men and wise men ye should observe to uphold; otherwise whatsoever is less than these cometh of evil. Doctrine and Covenants, xxviii, 10. Brethren, are you going to uphold and sustain evil? To the law and to the testimony.—And I will give

East South Temple and C streets, Rev. W. M. Paden, D. D. pastor—Morning service at 11 o'clock; Sunday-school at 12:30; Young People's meeting at 6:30; evening service at 7:45. Preaching morning and evening by the pastor. Topic for the morning, "The Blessedness of Hunger"; for the evening, "The Kingdom of Happiness." Seats free at all services, and the public cordially invited.

Westminster Presbyterian church, Fourth West, between First and Second South streets, Rev. McLain W. Davis, pastor—Morning worship, 11 a. m.; communion service and reception of new members; evening worship, 7:45 p. m. "How to Prepare for the Coming of an Unexpected Visitor Who Comes Once to All Men." Sunday-school, 12:15 p. m.; Senior Endeavor, 7 p. m.; prayer meeting, 7:45, Wednesday evening.

Collins Raises Puzzling Questions

Court Sends Telegram to Learn If Late Extradition Act Is in Effect.

VICTORIA, B. C., July 22.—Today George D. Collins, fighting extradition for perjury before Judge Lammman, applied to the Judge at the conclusion of the sitting for further liberty pending the decision of the court. He asked that he be released on night in the city jail. Mr. Higgins, for the San Francisco police, declined to take the responsibility of allowing Collins further liberty, and that if Collins was permitted the liberty sought the responsibility would be upon the Judge, who declined to accept it, and Collins will be returned tonight, as heretofore, to the city jail.

Misleading the Court. Mr. Higgins for the San Francisco authorities, today said Collins was misleading the court, because of his ignorance of Canadian laws, in holding that the extradition act of 1882 did not apply. Mr. Higgins pointed out that it did, and that the later act of 1888, amending that of 1882, had never been proclaimed.

He produced a telegram, to which Collins objected, from his Ottawa agents stating they had made a search of the archives, and that the act of 1882 had never been proclaimed, and therefore the plea would not hold that he could not be returned because he was charged with a crime but not convicted, quoting cases, including that of St. John Dix, returned from England when charged with wreck-

ing a bank at Bellingham, to show that a fugitive charged with the commission of a crime, though not convicted, could be returned.

Collins renewed his argument that the extradition act of 1882, in transcending the Penitentiary Act of 1880, sweeping away the provision for extradition for perjury, which was not in the treaty, was nullified.

Although perjury was mentioned in the Penitentiary Act of 1880, the extradition act of 1882, which did not mention perjury in its schedule of extraditable crimes, took effect before it was ratified, and that the only money given in Canada regarding extradition. A treaty was necessary before an extradition act could be made and Canada, not having

sovereign power, could not make a treaty, nor, if the extradition acts were in operation, could Canada enforce a treaty. Nothing but war could do this.

He held that the only money in Canada covering extradition, as the act of 1882 was nullified by exceeding the scope of a treaty and the act of 1889 was defective.

Judge Wires for Information. Judge Lammman has telegraphed to the Secretary of State for Canada, through the local Registrar, asking if any proclamation had been made enforcing the extradition act of 1882. A reply is expected before the case is resumed Monday.

Collins stated today in an interview that he would carry the case to the Privy Council in England if the Canadian courts decide against him, stating he could fight as long as Gaynor and Green did.

Schwab Was Willing. NEW YORK, July 22.—On account of a statement that Charles M. Schwab had been induced to give \$25,000 for a copy of "Facts and Figures" Assistant District Attorney Krotte called on Mrs. Schwab, who declared that the statement was untrue, and that the only money he had given was \$1500 as the price of one subscription. This, she said, he had done willingly.
