OGDEN WILL NOT BOND THE CITY

Sewer Proposition Is Buried by a Vote of the People.

BUT LITTLE INTEREST IN ELECTION WAS MANIFEST

Total Vote Cast Was Only 552; of This 319 Were Against the Scheme.

Special to The Tribune.
OGDEN, Aug. 1.—The proposition to bond the city of Ogden for \$75,000 for the construction of fifty-one blocks of sewer, thirty-eight of which would be where there is no water for flushing, was defeated today at the bond election by a vote of 233 for the bonds and 319 against. There was but little interest manifest in the election, as is shown by the total vote, which was only 552. The following is the vote by municipal wards:

Ward	For	Against
First ward	111	25
Second ward	25	25
Third ward	25	25
Fourth ward	25	25
Fifth ward	25	25
Totals	233	319

It is not at all unlikely that the sewers will be built. It is understood that a number of the contractors are ready to build the extensions and take scrip in lieu of bonds. It is noticed that the first ward, which is most affected and will ward, the greatest benefits from the construction of the sewers, is the one in which a majority was given in favor of the bonding.

OGDEN, Aug. 1.—Half the people in town are commenting on the manner in which justice peeps from under her hand at one time and is conveniently blind at another. The blindness comes when laws are being broken by such distinguished advocates of good citizenship as Apostolic Reed Smoot and the blinders slip when the offender happens to be a Gentile not in touch with the Smoot political machine.

CONFERENCE RESULTS IN CONCESSIONS ASKED FOR

Puts New Road in Line for Business, With Saving of Thousands.

Special to The Tribune.
SAN FRANCISCO, Cal., Aug. 1.—Senator W. A. Clark's Salt Lake & Los Angeles railroad, thanks to E. H. Harriman's interest in the property, is to get freight traffic concessions in southern California from Harriman's Southern Pacific company, in which Harriman owns the controlling interest.

Lacked Facilities to Deliver.

The Clark road was recently opened as an overland line between Los Angeles and Salt Lake. It has been getting very little overland freight business in and out of southern California, the reason being that it lacked facilities to deliver and unload freight conveniently and at a minimum expense for shippers.
