

HYDE AND GOULD ARE ELIMINATED

Were Dropped From Directorate of the Oregon Short Line Yesterday.

G. M. BUCK AND G. E. DOWNES SUCCEEDED THEM

These Were Only Changes Made at Annual Stockholders' Meeting Tuesday.

James Edwin Hyde of Equitable fame, and Hazen Gould, brother of George J. Gould, were dropped from the directorate of the Oregon Short Line at the annual meeting of the stockholders of that organization held at Short Line headquarters in this city yesterday.

Reasons for Changes. Mr. Gould's close identification with Western Pacific interests, a competing road to that of the Harriman system, is doubtless the cause of his ceasing to represent the family interests on the board, and as Mr. Hyde is strongly anti-Harriman, the board explains his severance from the directorate.

Stock Fully Represented. Those present at the meeting were General Manager and Vice-President Bancroft, F. H. Knickerbocker and George H. Smith, assisted by the directors of the Oregon Short Line, and they voted the proxies for the stock. Out of a total of 27,919 shares, 24,392 were represented, only 3,527 shares being unrepresented.

Board of Directors. The board of directors as now constituted is as follows: Oliver Eames, Boston; Samuel Carr, Boston; W. D. Cornish, New York; M. Everts, New York; E. H. Harriman, New York; G. H. Kahn, Morristown, N. J.; R. S. Lovett, New York; Gardner L. Lane, Boston; Oliver W. Mink, Boston; William Mahl, New York; W. S. McCormick, Salt Lake City; V. S. Thorne, New York; Paul M. Warburg, New York; Gordon M. Buck, New York; and George E. Downes, New York. The directors will meet at New York within ten days and elect officers.

Union Pacific Meeting Adjourned. The adjourned meeting of the stockholders of the Union Pacific was scheduled for yesterday, but an adjournment was ordered sine die. The purpose of this meeting, it is understood, was to make a pass upon the recent \$100,000,000 issue.

UNION PACIFIC EARNINGS. Annual Report Shows Increase of Four Millions.

NEW YORK, Dec. 5.—The Union Pacific Railway company for the year ended June 30 last shows gross earnings of \$29,224,949, an increase of \$4,047,718, and net earnings of \$21,822,235, an increase of \$3,000,000. The report shows a decrease in the amount of fuel charges and dividends and an increase in the amount of interest, depreciation, and other charges. The company's assets at the end of the year were \$100,000,000, an increase of \$2,500,000.

NEW LIMITED TRAIN. One From Chicago to Los Angeles to Start December 17.

CHICAGO, Dec. 5.—The new limited train of the Chicago & Northwestern from this city to Los Angeles will be placed in operation on December 17 and the leaving time from this city has been altered to 10 p. m., four hours later than the schedule which was originally planned.

Passenger Cars Sterilized. A device has been perfected by the chemist of the mechanical department of the Erie railroad by which all the cars on the Chicago limited train are thoroughly sterilized at Jersey City, after which they are packed with disinfectants and sent to Chicago.

Bought by Oil Company. SAN FRANCISCO, Dec. 5.—According to the statement of President Matson of the Pacific Oil Transportation company, the property of that corporation has been sold to the Associated Oil company for \$3,500,000. The payments will be made in installments and the transfer will not be made until all of the purchase price has been paid.

Sir Henry Asks Time. LONDON, Dec. 5.—The following official announcement was made tonight: "Sir Henry Campbell-Bannerman informed King Edward that he will be unable to submit his proposed arrangements in connection with the formation of a new Government until December 11."

Agriarian Movement Spreading. BUCHAREST, Roumania, Dec. 5.—Many wealthy refugee families from Odessa and Kishineff have reached Jassy. They report an alarming spread of the agrarian movement. Their train was several times attacked by marauders at Besarab, a village between Odessa and Unghe.

Great Rush at Shipyards. SUPERIOR, Wis., Dec. 5.—The great storm of November 21 has thrown a total of \$200,000 in repair work to the local shipyards.

Slayer Is Surrounded. SHAWNEE, Okla., Dec. 5.—Ed Tomlinson, a distiller at Muskogee, Pa., was shot and killed there by F. M. Grundy, the result of a feud of long standing. Grundy is surrounded in a barn and resists arrest. The Sheriff and a number of deputies left Shawnee this afternoon for the scene.

ISLAND CONDITIONS HOPEFUL, SAYS WRIGHT

Governor of Philippines Arrives to Look After Railroad Bids.

Reports Great Progress. Great progress is being made in all of the islands, especially in Luzon. Sanitary regulations had done much to improve the general health, and the young natives were quick to assimilate American ideas. The proposed railroads would be of great value in developing the country for which a great future was predicted.

Hope for Reciprocity. "Miss Roosevelt's visit was creative of great good feeling toward the United States for the people down there regarded it as a kind of official recognition of their status as American citizens. They want this status emphasized by the extension to them of commercial reciprocity, so that they will have a living to make a living. That is only natural, and it is strongly hoped down there that the present session of Congress will bring their relief."

Togo Is Coming Over. Minister Griseom, American diplomatic representative at Tokyo, who also came over on the Manchuria, confirmed the report that Admiral Togo proposes to visit foreign waters. He says that the Admiral is informed of his intention to take a Japanese fleet to England and the United States next year. Admiral Togo proposes going via the Suez canal, but is undecided as to what route he will take in returning home.

Is on Pleasure Trip. Minister Griseom, who is accompanied by his wife and her mother, said that his trip was taken purely for pleasure, as he had not been home for three years. He will go direct to New York, and then expects to return to Tokyo after his vacation.

Other passengers on the Manchuria were W. Cameron Forbes, Philippine commissioner, who is on his way to Washington for consultation with the administration regarding the island affairs; W. C. Weiborn, who will testify before the committee on tariff revision for the Philippine sugar, but finally had Capt. A. C. Baker of the Raleigh, who goes to consult with the President regarding conditions in China.

ATTACKED BY CANNIBALS. Shipwrecked Crew Has Narrow Escape With Lives.

SAN FRANCISCO, Dec. 5.—Among the passengers who arrived here yesterday from Australia on the liner Sonoma were Capt. W. A. and Chief Officer Felix St. John of the American ship Susquehanna, which foundered shortly after she left New York in New Caledonia, on August 12 last, with a cargo of chrome iron ore for Delaware breakwater. The crew left the ship in three boats which were headed for the Solomon Islands.

Only one boat landed there, the other two having been picked up at sea by a trading schooner. There the men were kindly received for a time, but finally had to fly for their lives from a set of cannibals who threatened their existence. They were subsequently picked up by a trading schooner and joined the rest of the crew at Sydney.

Kennedy Hands in Resignation. NEW YORK, Dec. 5.—John S. Kennedy, a banker of this city, has, according to the Herald, handed in a letter to the board of trustees of the New York Life Insurance company in which he insists upon the resignation of his resignation as a member of the board.

Mr. Kennedy has been identified with the affairs of the New York Life Insurance company for two years and a half. He is director of the Chicago, Burlington & Quincy Railway company and a trustee of several trust companies.

Bill to Relieve Entrymen. WASHINGTON, Dec. 5.—The President today transmitted to Congress the draft of a bill prepared by the interior department to relieve the entrymen, entrymen and settlers within the limits of the Northern Pacific land grant. It extends provisions for existing law to include the settlement of entries made between January 1, 1898, and May 31, 1905, to correct an error of the land office respecting the withdrawal on the general route of the Northern Pacific railroad between Walla Walla, Wash., and Portland, Or.

Discovered by a Russian Trader in 1832 on Anauk River. Gold was first discovered in Alaska on the Anauk river, a tributary of the Kuskowim river, which joins the latter stream about 100 miles below the mouth of the Kalamakofsky. The Anauk river was discovered by Ivan Simonsen Luken in 1832, at which time he was on his way to the mouth of the Kuskowim river, twenty-five miles above the mouth of the Anauk. It was first discovered by a Russian trader, afterwards called Kalamakofsky.

When the twelve men were about half way to the mouth of the Anauk, they were captured by the natives and were taken to the mouth of the Anauk, where they were held until they had been rescued by the Russian trader.

Application of Shippers. The reduction is made on application of the Shippers' association of Decatur and Springfield. The Chicago Shippers' association and Peoria merchants were the petition at first, but they were granted the reductions asked for and withdrew.

Two Roads Object. When the decision was announced objections to the reduction in freight rates were presented by representatives of the Chicago, Burlington & Quincy and Wabash railroads.

ARE YOUR KIDNEYS WEAK? Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of The Tribune May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all the ailments that begin in the disorder of these most important organs. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

I was out of health and run down generally; had no appetite, was dizzy and suffered with headache most of the time. I did not know that my kidneys were the cause of my trouble, but somehow felt that they might be, and I began taking Swamp-Root. There is such pleasure in taking Swamp-Root, and it goes right to the spot and drives disease out of the system. It has cured me, making me stronger and better in every way, and I heartily recommend it to all sufferers. Gratefully yours, Mrs. A. L. Walker, 221 East Linden st., Atlanta, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney troubles irritate the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain in the back, joints, limbs, muscles, make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength, get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out. If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

EDITORIAL NOTE.—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Salt Lake City Daily Tribune. The proprietors of this paper guarantee the genuineness of this offer.

Eleven Men Lost in Steamer Wreck. Five Rowed Ashore, Others Remaining Until Vessel Went to Pieces.

MEAT COVE, C. B., Dec. 5.—Eleven lives were lost as the result of the striking of the steamer Lueneburg on the rocks off Amherst harbor near the Hawaiian Islands yesterday. When the steamer struck there were seventeen persons on board, including a crew of sixteen, and H. J. Leslie, of Halifax, one of the passengers. The vessel was wrecked in about five miles to the westward of the point.

Five Rowed Ashore. The accident occurred in a violent storm. The dangers of a terrific sea being increased by blinding snow. After the steamer struck, the storm abated sufficiently for five of those on board to row to land. The others decided to remain on the vessel until calm weather, but later in the day under the heavy and tremendous waves, the steamer began to go to pieces and it became necessary for them to leave in one of the ship's boats.

Illinois Commissioners Announce Horizontal Reduction of 20 Per Cent.

SPRINGFIELD, Ill., Dec. 5.—Late this afternoon the State Board of Railroad and Warehouse commissioners, after a conference with Gov. Deneen lasting three hours, announced a reduction of 20 per cent from existing freight rates now in effect at first, but they were granted the reductions asked for and withdrew.

Two Roads Object. When the decision was announced objections to the reduction in freight rates were presented by representatives of the Chicago, Burlington & Quincy and Wabash railroads.

SAJOU BOYCOTTS BEING WORSE

Nonsense to Talk of Its Dying Out, Declares Capt. Baker.

AUSTRALIANS AND JAPS DRIVE AMERICANS OUT

Impossible to Stem Movement, Which Is Just Reaching Interior.

SAN FRANCISCO, Dec. 5.—Capt. A. C. Baker of the cruiser Raleigh, who has been detached for several months to study commercial and political conditions in China, was a passenger on the Manchuria, arriving today from the Orient on his way to Washington to lay before the President and his advisers the results of his investigation.

Boycott Not Dying Out. "It is nonsense," said Capt. Baker, "to talk of the dying out of the boycott. The commercial situation in the south of China is absolutely at the mercy of the Japs. There are seventy-one of these, and their control is iron hand, and they have given orders not to handle American goods. It is almost impossible to get all them out of course, we have treaties guaranteeing the free circulation of our goods, but supposing the coolies on the docks, the carriers on the streets and everybody connected with the handling of goods refuses to touch them, what are you to do?"

American Warehouses Full. "American warehouses in Canton are full to the roof with flour, and they can't handle it. In the meantime Australian merchants are chartering everything they can get their hands on to rush their inferior flour into the market to take advantage of our difficulty. Our Chinese merchants admit that the flour is not as good as ours, but they are committed to this war on American products, and are not prepared to take a year for the news to reach the provinces up the river."

Japs Take Advantage. "Not only the Australians but the Japanese also are taking advantage of the boycott to get our business. Cotton mills are being established in China by Japanese laws and this, of course, will not be done. It looks as though our business in the south of China was doomed. The boycott is getting worse every day there."

Worse Every Day. "The only thing that could raise the boycott would be to rescind Chinese export laws and this, of course, will not be done. It looks as though our business in the south of China was doomed. The boycott is getting worse every day there."

TRACKED BY HOLD-UP. Man and Woman Relieved of Money and Jewels.

SPOKANE, Wash., Dec. 5.—While returning from a dinner party last night shortly after 11 o'clock, Mr. and Mrs. W. O. Parker were held up by a highwayman at the point of a revolver at Ninth and Oak streets, near Chimney Rock, Mont. Mr. Parker was relieved of a diamond ring and a watch. The articles are valued at \$800. Mr. Parker is manager of F. S. Harmon & Co. wholesale furniture. It is evident that the robber traded in diamonds, as he rode out on the same car on the Cannon Hill line and followed them one block, to where the robbery took place.

Mr. and Mrs. Parker walked quietly along toward their home and paid no attention to the man. When they reached Ninth and Oak streets, the robber stepped up quickly and pointed a revolver at them.

"Don't make any noise now," and give up your money and stuff quick," was his gruff command. The robber compelled them to turn around while he searched them.

Abolishes Free Transportation. PHILADELPHIA, Dec. 5.—In view of the general agitation on the subject of the abolition of all forms of rebates and concessions it has been decided by the management of the Pennsylvania railroad that all forms of free transportation will be discontinued after the end of the present year.

FLASHES FROM THE WIRE. Ben Harris an aged sheep-herder, who was last in recent news, was found frozen to death on Marias river, fifteen miles north of Fort Benton, near Chimney Rock, Mont. Harris had recently been released from the Fort Benton hospital and had been herding sheep for several months. Searching parties have been sent out looking for the body of Moyer, another sheep-herder, who was lost in the storm near the same point.

Bostonians are still true to the baked beans. Last year they spent on their favorite diet more than two million dollars. This was \$8.27. According to wholesale dealers 68,732 barrels were consumed in that period, and the demand is increasing.

A telegram was received at the Interior department in Washington Tuesday stating that one of the principal violations against Congressman Williamson of Oregon, in the cases growing out of the land frauds in that State, was brutally assaulted and seriously injured by the town Marshal of Pineville, Mr. Williamson's home, for having testified against Williamson in the recent trials.

At Horton, W. Va., Monday evening seven coal miners were suffocated. They were working in a drift when a wooden stack of the ventilating furnace caught fire, and was consumed.

C. D. Crawford, who was convicted of the murder of Helme Lunden, in a box car on November 20, 1904, at Elk River, Minn., was hanged Tuesday morning at the State Prison at St. Paul. Crawford was a society thief, but no one represented Crawford, nor was his attorney. This, it is claimed by some, was a flagrant violation of the law.

The engagement is announced of Miss Elizabeth Vincent Huntington, daughter of H. B. Huntington, to John Brockway Metcalf, son of George Metcalf of Berkeley, Cal., former partner of San Francisco and others in order to provide for its maintenance it is proposed to assess the members of the union ten cents each month, which would bring in about \$45,000 a year.

William Sproule, traffic manager of the Southern Pacific company, was married at San Francisco Tuesday to Mrs. Marie Baird Baldwin, who is prominent in society circles. The ceremony was quietly performed at the Palace hotel.

Thirty thousand dollars is likely to be put into a home for aged and disabled sailors by the United States government. This was practically the report submitted to the convention in Cleveland, O., by Paul Scharrenberg of San Francisco and others in order to provide for its maintenance it is proposed to assess the members of the union ten cents each month, which would bring in about \$45,000 a year.

Nothing is said to be behind the strike except the decision of the officials of the union to insist upon the employment of members of the organization.

The greatest danger of the strike spreading lies in the attitude of the other unions in the associated building trades. It practically is the close alliance among trades will impel every union employed on a building to sympathy for the electricians. In such a case building would be brought to a standstill, and business agents and board of business agents and board of business agents will take up the situation today.

ELECTRICIANS THREATEN A GENERAL STRIKE

May Tie Up All Building Operations in City of Chicago.

FOUND DEAD IN CA

Seattle Waiter Was Stabbed Lungs.

CHICAGO, Dec. 5.—War begun yesterday upon the Chicago Edison company by the Electricians' union may develop into the most extensive disturbance among the building trades since the great lockout of 1900. Several small strikes already have been called and more will be ordered today.

Business agents of the Electricians' union visited big downtown buildings in the afternoon and wherever a non-union man was found employed, the union workmen were ordered to stop work. The same plans will be followed today.

Tie Up Every Contract. It is the intention of the leaders to tie up every contract of the Edison company upon which non-union men are employed. In the downtown district an unusual number of buildings, it is said, are in the hands of the electricians, who are making repairs just off First avenue South.

All of these jobs, provided they are being done under the supervision of the Edison company, will suffer from the strikes. In outlying parts of the city apartment buildings, stores and residences likewise will be drawn into the electricians' strike.

Want Union Men Employed. Nothing is said to be behind the strike except the decision of the officials of the union to insist upon the employment of members of the organization.

The greatest danger of the strike spreading lies in the attitude of the other unions in the associated building trades. It practically is the close alliance among trades will impel every union employed on a building to sympathy for the electricians. In such a case building would be brought to a standstill, and business agents and board of business agents will take up the situation today.
