

HOT SHOT FOR QUACK nostrums

Society for Prevention of Tuberculosis Opens Attack on Proprietary Dope.

DOCTOR SAYS SOME ARE POISONOUS IN EFFECT

Campaign of Education Only Sure Means of Fighting Consumption.

WASHINGTON, May 17.—Denunciation of so-called noxious nostrums in the shape of patent and proprietary medicines was the feature of the discussion at the meeting in this city of the National Association for the Study and Prevention of Tuberculosis.

Noted Men in Fight. The attacks were led by Dr. Samuel Hopkins Adams of New York, Frank Billings of Chicago and J. W. C. Adams of Philadelphia.

Worst in Consumption. This latter class of remedy he declared to be an active poison in any case, but especially so in the case of a consumptive patient.

Points Out Great Loss. At the night session Dr. Lawrence F. Flick of Philadelphia, vice-president of the association, delivered his annual address.

Directors Are Chosen. An annual meeting of directors was chosen, including the following: President, Charles W. Fairbanks, Indiana; David R. Francis, Missouri; James J. Hill, Minnesota; Dr. Sherman G. Bunnell, Colorado; Dr. Henry S. Wills, Colorado; Dr. W. H. Frost, California; Prof. Benjamin Ide Wheeler, California.

SURPLUS EXHAUSTED Frisco Losses Hard on Big Insurance Company.

HARTFORD, Conn., May 17.—President Brown of the Connecticut Fire Insurance company today issued a circular letter to the stockholders, by direction of the directors, calling for a meeting on Tuesday, May 22, to act on the recommendation of the board to "place the financial condition beyond the possibility of criticism."

WITTE FEARS AMNESTY Says Horrors Would Follow Liberation of All Prisoners.

LONDON, May 17.—The St. Petersburg correspondent of the Times says that Count Witte, addressing the Council of the Empire Thursday, said he was unable to support full amnesty because it would be tantamount to encountering another revolution.

NORWEGIANS CELEBRATE All Business Suspended During the National Fete Day.

CHRISTIANIA, May 17.—The national fete day, the first since the dissolution of Sweden and Norway, was celebrated here today with extraordinary enthusiasm.

WORK OF BAPTISTS Home Missionary Society Holds Anniversary in Dayton.

DAYTON, Ohio, May 17.—The twenty-ninth anniversary of the American Baptist Home Missionary Society closed its sessions today by electing Mrs. J. N. Chicago president.

GUARDSMEN SHOT Troopers of Las Mengas Engage in Deadly Quarrel.

HAVANA, May 17.—Three members of the rural guard were today shot to death at Littletown of Las Mengas, in the province of Anar del Rio.

UP TO STANDARD Cruiser St. Louis Exceeds Contract Speed in Trial.

BOSTON, May 17.—The new protected cruiser St. Louis, built by Neale & Levy of Philadelphia, developed an average speed of 23.1 knots an hour on her endurance run from Rockland, Me., to Boston.

"Farmer" Burns Defeated ASHEVILLE, N. C., May 17.—Charles O'Brien, Asheville tonight defeated "Farmer" Burns of Iowa for the light heavyweight championship of America in a catch-as-catch-can wrestling match.

Not for Her. A story is told of a young wife who knew little of housekeeping.

OPERATION AVOIDED EXPERIENCE OF MISS MERKLEY

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley, of 275 Third Street, Milwaukee, Wis., writes: "Dear Mrs. Pinkham: 'Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well.'

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive, if you have pain or swelling low down in the left side, bearing-down pains, do not neglect yourself, try Lydia E. Pinkham's Vegetable Compound.

WATERLOO, N. Y., May 17.—In furtherance of his inquiry into the case of Rev. Charles Stuart Bain, who is in the county jail on a charge of larceny, a witness at the Baptist church of Waterloo, March 6 last, and the claims that at times he is under an influence which he has no power of resistance.

Photograph Taken. The prisoner was paroled April 19, 1893, and was given a physical certificate by Dr. Bain. Bain was tried at Converse, Ind., in 1892 by an ecclesiastical court on a charge of lying and seducing a minister, and that he was dismissed from Pennsylvania ministry as a result of the trial.

Dismissed From Ministry. The District Attorney also stated tonight that he had received many letters in connection with the case of former neighbors of Mr. Bain, who testified to the fact that at times the man undoubtedly was under a strange influence, but while under the influence he acted out of all accord with his general mode of life.

LABOR PARTY LOSES Bill to Prevent Importation of Aliens Is Thrown Out.

LONDON, May 17.—The House of Lords today, by 96 to 24 votes, rejected the second reading of the bill to prevent the importation of aliens, introduced by the House of Commons by James Keir Hardie, the labor leader, the object of which is to prohibit the entrance into Great Britain of alien laborers, who are British workmen during trade disputes.

LIGHT FRANCHISE BATTERS COUNCIL

Bitter Fight Made Against It, However, by the Church Crowd.

MORMON MEMBERS VOTE SOLIDLY AGAINST PASSAGE

Men Who Fought for the Light Trust Grab Oppose New Proposition.

The franchise-Curtis light, heat and power franchise was passed at the adjourned meeting of the City Council Thursday night, but not without a bitter fight against its passage by the members who have opposed the franchise from the start and fought tooth and nail in the interest of the Utah Light and Railway company.

With the opening of the subject for discussion, Mr. Carter made a motion that the amendment be reconsidered that was passed at the last meeting, in which the minimum amount that the company is to pay to the city in any one year is to be \$500. This was seconded by Mr. O'Donnell, and carried.

Illegal, Says Wells. The opposition started with the passage of this motion, when Mr. Wells endeavored to prove that the passage of any amendments would be illegal at this time, as the meeting was not an adjourned meeting of the Council.

New Motion by Carter. Mr. Carter then made a motion that a substitute amendment be adopted which should read that the company be required to pay to the city \$3000 during its first year of business, \$2000 the second year and \$3000 for each succeeding year during the life of the franchise, or until such time as the percentage of the company's earnings to be paid to the city shall exceed \$3000.

Amendment Prevalled. The vote on Mr. Carter's amendment resulted in its passage, Black, Carter, Crabtree, Ernstrom, Hobbday, Hobbday, Martin, Mulvey, O'Donnell and Davis voting for, and Barnes, Holley, Freese, Tuddenham and Wells against it.

Motion by Wells. Mr. Wells then made a motion, seconded by Mr. Barnes, that the contract be inserted which would obligate the company to place the lights to be furnished the city for street lighting in the remote parts of the city at the request of the Council.

View of Ernstrom. Mr. Ernstrom thought that this should also apply to the lights for the consumer, so that the company should be prevented from working up a business in the center of the city and not reaching out to the outskirts.

Opposed by Black. Mr. Black strongly opposed the burdening of the company with a franchise that was full of amendments that could only be detrimental to the successful carrying out of their part of the contract.

Talk on Final Passage. When the franchise came up for final passage, some of the members took the opportunity to give their reasons for voting as they did.

Jollied by Martin. Mr. Martin said in part: "The same ones who are now opposing this franchise are the very ones who fought so hard for the Utah Light and Railway franchise a year ago, and the passage of that franchise is one of the reasons why there is no water in the city."

Another Contention. Mr. Wells again waxed strong in his contention of what the Utah Light and Railway company had done for Salt Lake, stating that the company had done for the city a water right, that to his personal knowledge the company had been offered \$100,000 for Mr. Wells was asked by whom the offer had been made and replied by R. L. Campbell, Mr. Campbell is the general manager of the Utah Light and Railway company.

City Has Benefits. Mr. Ferry said that it has been stated that the franchise was being handed out without any concessions whatever to the city, and he wished to say that the franchise provided far more benefits to the city than the one granted to the old company.

Vote on Final Passage. The vote on the final passage of the ordinance was as follows: Black, Carter, Crabtree, Ferry, Hobbday, Martin, Mulvey, O'Donnell, Davis in favor, and Barnes, Ernstrom, Holley, Freese, Tuddenham, Wells against the passage.

Losing Game Both Ways. "Jack says it bore him to play poker with you because in order to get a stand-in he has to let you win every time."

He Answered. There is a good story told by Senator Pettus of Alabama on himself about what happened to him when he was a little chap at the church service.

SIMPLE HERBS AS REMEDY

WONDERFUL CURES REPORTED IN GERMANY

The use of simple herbs as remedies instead of the more commonly used, usually more dangerous inorganic medicines has been revived very late.

In Germany a new school of physicians has arisen, which claims that most the whole of the pharmacopoeia and relies on an adaptation of the wild animals in curing themselves. Somewhat similar systems have been used in America, and they are daily adding to their number.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., who first advocated the use of some of our native roots, Golden Seal, for instance—which was only taken up within the last decade and recommended to Allopathic Physicians by Dr. Bartholow, has been the chief ingredient in Dr. Pierce's Golden Medical Discovery for forty years.

So much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on Materia Medica one hardly knows where to commence, since they are so voluminous that only the briefest and most important reference can be presented in a short article like this.

Briefly then let us say that the "Golden Medical Discovery" was named from the sturdy little plant Golden Seal, the root of which enters largely into its composition. Besides this most valuable ingredient, it contains glyceric extracts of Stone root, Queen's root, Black Cherrybark, Bloodroot and Mandrake root.

Finley Ellingwood, M. D., an eminent practitioner of Chicago and Professor of Materia Medica in the Bennett Medical College of that city, in his recently published work on Therapeutics, says of Golden Seal root: "It is the most natural of stimulants to the normal functions of digestion. Its influence upon the mucous surfaces renders it most important in catarrhal gastritis (inflammation of stomach) and gastric (stomach) ulceration."

Many other authorities as well as Dr. Ellingwood extol the Hydrastis (Golden Seal), as a remedy for catarrhal diseases of the nasal passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder.

Among these, we may mention Prof. John King, M. D., author of the American Dispensary; Prof. J. M. Scudder, M. D., in his "Specific Medication"; Dr. Hale of the Hahnemann Medical College of Chicago; Grover, C. M. D., of New York, in his "Organic Medicine"; Dr. Bartholow of Jefferson Medical College and scores of other leading medical writers and teachers. All the foregoing eminent authorities extol the curative virtues of Golden Seal in cases of stomach, liver and intestinal weakness, torpor and ulceration of bowels. Dr. Ellingwood recommends it most highly. "In those cases of atonic dyspepsia when the entire apparatus, including the liver, is stagnant and inactive. He also extols it most highly in the many weaknesses and derangements peculiar to women and says, "It is a most important remedy in many disorders of the womb." Golden Seal root

It will be seen from the foregoing that Golden Seal is adapted for the cure of all such cases, scrofulous and skin affections, biotches, pimples and itching of the skin, which if neglected or badly treated, generally have run into chronic cases. "Golden Medical Discovery" is the highest praise from all who have used its marvelous control over the system.

MUSICAL GHOST ON STEAMSHIP BERGAL Mystified Until Matter Was Explained.

"We had a musical ghost on the O. & N. steamship Bengal," said Sydney Haywood, agent of the Cook Touring interests, now at the Knutsford.

"We had taken a large shipment of case goods direct from the American liner in Yokohama, and we were to land the cases in Calcutta. In the long run down the Formosa channel, the passengers remain up to see the myriad of lights from the thousands of Sam-pans that line the shore, in which live the fishing element of the lower Chinese caste.

Music From Hold. "We were all crowded at the side when one of the number cried, 'Hush!' and we all listened. Close to us was one of the great iron things the sailors call 'bits,' set into the deck to fasten lines to. It was hollow and the top is a brass casting which can be unscrewed, and the thing then becomes a ventillator for the hold.

"From this thing came the strangest musical sounds you ever heard. Said one: 'Why, it sounds like a Te Deum!' Another said: 'Rats, it's ratgime!' Still another said: 'It's Annie Laurie!' And so we listened, and all heard just what tune he or she fancied.

Explained by Officer. "Every time the ship rolled to starboard it went to music, and when she rolled to port it was forte. It was a ventillator for the hold, and it was a queer. We appealed to an officer passing, and he gave us light as follows: 'Why, you bloomin' chumps, it's a shipment of Yankee clocks in cases, and you hear the wire gongs singing!'

Get My Free Book. It tells about Rheumatism and how to live to avoid it and how to get the most out of life.

DR. SHOOP'S RHEUMATISM TABLETS. "Turns Back Time" is a story of a man who was so afflicted with rheumatism that he was unable to do his work.

HAIR RESTORER. "I was occupying a seat very near the pulpit, and the theme of the divine was 'The power of the resurrection.'"

Union Dentist. "I could stand it no longer, and I answered in a meek voice, 'No, sir.'"

CASTORIA. Bears the Signature of Dr. J. C. Ayer.

TOO LATE TO CLAMOR. Your mirror will tell you how your hair is growing.
