

New Fight Promoter

MIKE "TWIN" SULLIVAN AS FIGHT PROMOTER

Will Invest Ten Thousand Dollars in Arcadia Boxing Club.

It is reported that Mike ("Twin") Sullivan has retired from the boxing game and in the future will promote boxing contests. He has already made arrangements for a commodious fight club at Arcadia, near Los Angeles, and it is the opinion of the sportsman that it will be a grand success. Sullivan has been one of the best and most successful lightweights in the country, and his experience will be part of his success as a fight promoter. He has been fighting since 1901 and since that time has defeated the best men in the country at his weight. He has made friends wherever he went and will be able to secure matches on better terms than a manager of the present fight promoters. He says that he will make a bid for a ten-round contest between George Menzies and Battling Nelson or will try to match the latter against Rocky Macfarland.

It is reported that about \$10,000 will be invested in the new club. Sullivan is one of the few fighters to save money and with his small fortune he is enabled to make a fight game for the easier life, that of a promoter.

WILL BE HARD FIGHT ON PHILIPPINE TARIFF BILL

WASHINGTON, Dec. 22.—The Philippines tariff bill, on which hearings will be begun by a subcommittee on Ways and Means during the first week after the reconvening of Congress after the holidays, is similar to the measure introduced by Representative Payne and passed by the House during the last Congress and which admits to the United States free of duty articles wholly the products of the Philippine Islands—sugar, tobacco and rice, on which a duty amounting to 25 per cent of the present rate is provided for. As was the case two years ago, it is expected there will be strong opposition to the bill on the part of the American sugar, tobacco and rice interests. The bill failed to pass the Senate during the last Congress and it is known that it will again encounter strong opposition there.

SECRET AND FRATERNAL SOCIETIES OF SALT LAKE

NORTHWEST CHAMPION WILL GO TO PRINCETON

SPOKANE, Dec. 22.—Eastern college men who witnessed the work of Wallace DeWitt, fullback for the Spokane high school team, champions of the Northwest, during the season just closed, predict that when he enters Princeton next fall he will prove a worthy successor to his cousin, John R. DeWitt, who won the game for Princeton against Yale in 1905. He is 18 years of age, weighs 175 pounds and stands within a fraction of six feet. He has been picked by experts as the full-back of the all-star high school team of the Pacific states. He was second on one goal from the field in each of the two championship games in which the Spokane team competed and he showed himself a strong line blocker and capable in defensive and all around play. He kicked two or four goals in other games. He averaged 45 yards in 15 kicks in two games with Butte and Seattle and in the Seattle game he dropped the leather over the bar in only one place and the only score made in the 60 minutes of the fast-paced play ever seen on a field in the Northwest.

Manager Wood of the Lagoon Athletic club is erecting a new arena at Lagoon, in which boxing contests will be conducted and which will have a seating capacity of four thousand persons. Arrangements have been made with the Salt Lake & Ogden Railroad company for special train service to handle the crowds, and as the bar is only a few minutes' walk away, it is expected that the arena will be able to get back to the city about 11 p. m. It may go out early or late in the evening.

BREAKS WORLD'S RECORD FOR TARGET SHOOTING

SAN ANTONIO, Tex., Dec. 22.—A. Toopervain today completed a ten days' target shooting, during which he shot 72,500 targets and missed only 9. This breaks the world's record in several different ways, but as to the number of targets shot and the number missed, Mr. Toopervain closed the exhibition in whirlwind fashion, shooting at the final 500 targets and missing only 1. Toopervain used a .22-caliber automatic rifle and the blocks were two and a half inches thick and were thrown into the air at a distance of twenty feet from the point where the marksman stood.

HOCKEY TEAMS WILL ORGANIZE LEAGUE

Several ice hockey teams will meet during the early part of the week and organize a league for the winter season. The two Commercial club teams and the Heath Bros. club have announced that they are ready to arrange a schedule of games for the winter. All teams will play for a silver cup. All teams are invited to join the proposed league.

AMUSEMENTS

IN SALT LAKE THEATERS.

GRAND THEATER—"A Wife's Secret." Evening, 8:15.

ORPHEUM THEATER—Advanced vaudeville. Evening, 8:15.

LYRIC THEATER—"Front Play." Evening, 8:15.

At the Grand, Sunday night, a capacity audience witnessed the play of "A Wife's Secret," an emotional drama of everyday life. The company presenting it is a capable one and the hearty applause of the audience showed how they appreciated the several members of the company. The play is a very interesting one and the heavy interest in the play. The plot deals with the lack of confidence which so often prevents a wife from trusting her husband. All of her secrets at marriage, and which is a cause of a large proportion of the unhappiness in matrimony, and ultimately resorting to divorce courts. There are many other interesting characters, both good and bad, involved in the story, and the absorbing complications and events of absorbing interest take place. The wife is vindicated and welcomed back to the side of her husband and child. The appropriate characters of her character meet with their just deserts. "A Wife's Secret" will run the week, with matinees Wednesday and Saturday.

There are several headliners promised in the new bill which will be presented at the Orpheum this evening. Two precocious child players are one of the best character studies in the new bill. "The Lyric" give a big audience "Everything," which will be presented by Miss Isabel Irving at the Salt Lake Theater, Christmas day matinee.

Frank Daniels is the sort of a comedian who is comic without any make-up, and when he applies the grease, paint and costume of musical farce, he is an irresistible inducement to laughter. He has the unique distinction of having never been in a failure. This year his manager, Charles Dillingham, has supplied him with "The Tattooed Man." He comes to the Salt Lake Theater January 13 and 14.

"Fool Play," by the Moore Stock company, at the Lyric, drew a big audience Sunday night. The play will run the week, with Wednesday matinee.

Neighbor Weston was very complimentary in his remarks and all around play. He kicked two or four goals in other games. He averaged 45 yards in 15 kicks in two games with Butte and Seattle and in the Seattle game he dropped the leather over the bar in only one place and the only score made in the 60 minutes of the fast-paced play ever seen on a field in the Northwest.

WORK OF GEOLOGICAL SURVEY INCREASING IN MAGNITUDE

WASHINGTON, Dec. 22.—The twenty-eighth annual report of the United States geological survey, covering the fiscal year ended June 30, 1907, just published, records some notable events in the history of the organization. The retirement of Director Wallace, the changes made under his predecessor, and the growth of the survey during the thirteen years of Mr. Walcott's administration is shown by the increase in the extent and the scope of its operations. The appropriations for the last fiscal year amounted to more than four times the total of those made thirteen years ago, and there was, of course, a corresponding increase in the amount of field and office work performed. The development of the geological survey and the public within the same period is measured by a more than fourfold increase in number of printed pages in the various reports of the year, and a more than fivefold increase in the number of maps printed. The total annual distribution of publications—books and maps—grew from less than 200,000 to nearly a million copies, the sales increasing from \$2100 to more than \$1,000,000. The extent to which the results of the survey's work are now utilized by the industrial world and by educational and scientific institutions furnishes the best indication of the success achieved.

The completion of the separation between the reclamation service and the geological survey and the organization, within the survey, of a technologic branch, for testing fuels and structural materials were also important events of the year. The report gives detailed accounts of the year's work in topography, geology, hydrography, technology and chemistry, and in the collection of statistics of mineral resources and mineral production.

PIONEER ENDS LONG CAREER IN MONTANA

Came Across Plains in 1840 to Commence Eventful Life in West.

An account of the life of Major Ed. Ward G. Brooke, who died at Whitehall, Mont., December 1, is contained in the Annals Standard of December 15. Major Brooke was born at Deer Park, Allegheny county, Md., September 25, 1819. His parents both came of standard, patriotic Revolutionary stock. When he was 2 years of age his parents moved to Morgantown, now in West Virginia, where, until he was 15 years old, he attended school at Monongahela academy. After the death of his father, he became a clerk in a store and was thus engaged until 1840, when he commenced business for himself, which he continued for a year, selling out and starting West. To his new venture he had attached a bridle which attracted the attention of all along the overland route, and was one of the first inventions of the kind to cross the Mississippi. He arrived at Helena, Mont., in 1841, and immediately writing papers for dried apples, which he hauled to Burlington, Iowa, and sold to advantage. Several interesting excerpts follow:

In March, 1856, he started down the Yellowstone with a party in a flatboat. On the tenth day's run down the river they were attacked by a war party of Sioux. One of the men was killed and the rest were compelled to return. On April 9, 1856, Mr. Brooke married Miss Eliza Kizer in West Virginia. She had three children, Mary Eliza, five years later, he married Miss Elizabeth Woolverton, who died in 1855, leaving one son, Walter C., who with his family, now resides at Whitehall. On December 31, 1857, Mr. Brooke was married to Miss Rachel Woolverton, by whom he had three children, Mary Eliza, five years later, he married Miss Elizabeth Woolverton, who died in 1855, leaving one son, Walter C., who with his family, now resides at Whitehall.
