

kind, except to tell the truth when so justified. Her statement stood, however, and Sullivan's attorney could not break it down.

Mrs. Belcher Breaks Down. Mrs. Belcher is small and plump. She is a rather blond, and was stylishly dressed when she took the witness stand.

That every word of testimony she gave against Sullivan was given with resentment and under mental strain was apparent. Only once did her eyes meet Sullivan's, and she turned them quickly away. She was under great excitement, and once broke down and cried with resentment and anger. For weeks she has been held in the county jail under bonds to insure her appearance as a witness for the State.

Her statement capped the State's chain of evidence. Buckley, the bartender at the Albany, says that he is mortally sure Sullivan is one of the two men who held up the place the morning of December 15. Owens, who has confessed to complicity in the hold-up and is serving twenty years for it, declares unqualifiedly that Sullivan and Garcia robbed the saloon, and that one of them shot Policeman Ford. Then there is a mass of evidence showing Sullivan's association with Garcia the day and night before the hold-up and murder; the presentation of a revolver to Sullivan by Garcia in "Tip" Belcher's room at the old Kimball home; of Sullivan leaving there with Owens and Garcia at midnight, and finally Mrs. Belcher's statement that Garcia and Sullivan came back to the hold-up after the hold-up and murder and stayed there until daylight.

Sullivan's Rebuttal. Sullivan will admit on the stand that he was with Owens and Garcia the day and night preceding the morning of December 15, and that he left the Kimball residence with them shortly after midnight and that they went to the Oregon Short Line yards. Here he will give them the lie.

He will say that instead of going to the Albany bar he walked north to Woods Cross on the Oregon Short Line tracks, and at that point took a train for Ogden, and from that place to San Francisco. He will then say he went to Portland, where he was arrested January 4.

An Oregon Short Line brakeman will be put on the stand, who will swear he saw Sullivan at Woods Cross. Three convicts from the state prison, Richard Deming, John Maxwell and James Curry, will testify that Owens has told them at the prison his story, implicating Sullivan in the hold-up and murder, is false. They will say he told it to say himself from the trial for the murder of Ford. Deming may testify to several other minor points.

The case will probably be argued Friday, and the jury should go out Friday evening. The trial will probably be captured in Nevada will have no effect on the trial of Sullivan. If he should be brought back here again, it makes any statement that would help to clear Sullivan, in case the jury finds him guilty, a new trial would be asked for on the grounds of the discovery of new evidence. It probably would be granted.

The court room was crowded every hour of the day Wednesday. Sullivan paid no attention to the throng, but watched the progress of the case, testily making notes and prompting his attorneys at every move they made.

Belcher's Story. Belcher went on the stand and told of seeing Sullivan, Garcia and Owens the night of the murder and hold-up. He said he had known Garcia eight years, and that previous to the hold-up he had lived with him for a month. Belcher admitted having been arrested several times in Portland and James F. Anderson, Portland policeman who arrested Sullivan, testified to that incident, saying that Sullivan denied even being in Salt Lake, Howard when arrested. He declared that he took a loaded revolver from Sullivan. This, Sullivan admits, is the gun Garcia gave him in Belcher's room. Richard D. Millet, of the county, testified that when arrested in Ogden, instead of his being loaded, it was empty and could not be worked and that the bullets the Portland officers say they took from the evidence, he said, he had swapped it for twenty-five years. His house is believed to have been burglarized by Garcia the night of November 1, when many valuables were stolen.

Sullivan intends to make a strong fight on the gun incident. He admits that Garcia gave him the gun, but claims that it was out of order; that he had never been able to load it. Owens by him were called. Irvine said Sullivan took him to one side and asked if \$3000 would be of any use in getting Abe Majors out of the prison. Majors is serving a life sentence.

MUSIC STUDENTS Should Have Steady Nerves. The nervous system of the musician is often very sensitive and any habit like coffee drinking may so upset the nerves as to make regular and necessary daily practice, next to impossible. I practice from seven to eight hours a day and study Harmony two hours," writes a Mich. music student. "Last September I was so nervous I could practice only a few minutes at a time and Mother said I would have to drop my music for a year. "This was terribly discouraging as I couldn't bear the thought of losing a whole year of study. Becoming convinced that my nervousness was caused largely by coffee, and seeing Postum so highly spoken of, I decided I would test it for awhile. "Mother followed the directions carefully and I thought I had never tasted such a delicious drink. We drank Postum every morning instead of coffee, and by November I felt more like myself than for years, and was ready to resume my music. "Now practice as usual, do my studying and when my nervousness is finished I am not any more nervous than when I began. "I cannot too highly recommend Postum to musicians who practice half a day. My father is a physician and recommends Postum to his patients. Words cannot express my appreciation for this most valuable health beverage, and experience has proven its superiority over all others." "There's a Reason."

Have You Ever Stopped to Think About Your Health?

Are you as well, strong and vigorous as you used to be? Are you sometimes discouraged, and think you'll never be any better? Can you tell the cause of your trouble, or what makes you sick?

Do you know that about nine-tenths of all sickness is caused by kidney trouble? Have you ever stopped to think that your kidneys may be the cause of your poor health?

Most people do not realize how much work the kidneys are required to do every day. Every drop of blood in the body must pass through and be filtered by the kidneys thousands of times a day.

How can they do their work well if they are sick? If your kidneys need treatment, Dr. Kilmer's Swamp Root will prove to be just the medicine you need.

If you will write to Dr. Kilmer & Co., Binghamton, N. Y., every reader of this paper, who has not already tried Swamp Root for Great Kidney, Liver and Bladder Remedies, may receive a sample bottle by mail, absolutely free.

for killing Captain Brown of the Ogden police force.

Story of the Warden. Right here the curtain can be drawn on the trial and the scene shifted to the penitentiary. Warden Pratt was the "Sullivan thinks more of Abe Majors than any other man in the world and would do anything to get him out of prison," said the warden during the afternoon.

"No one has even known it but Irvine and Taggart were sent down town the day Sullivan was released for no other reason than to see whether he would get some of his pals together and make a desperate attack on us in some way. This fear was so great that I determined to take every precaution against it."

The warden's story is important as it has been divulged, have raised \$250 to help Sullivan defend himself in the present case. The convicts gave the money to Warden Pratt and told him to pay it to Sullivan's lawyers. This was done a day or two ago.

The convicts at the penitentiary hate Owens with all the bitterness they are capable of. They don't care whether he is telling the truth or not. They hate him because he has gone into court and "peached" on a "pal."

"They would kill him in a minute if they could get to him," said Warden Pratt, Wednesday. "They may get him yet. We watch his food and everything else, doing all we can to keep him from their anger. They have plenty of weapons and know everything they could get him to refuse to testify against Sullivan."

The last thing the State did Wednesday was to bring in evidence showing the attempt to saw his way out of the rotary grill at the county jail here after he was brought back from Portland.

LIFE SIZE FIGURE OF PHROPHET JOSEPH SMITH

The first steps toward the decoration of the Temple with statues was taken recently with the placing of an order for a life-size figure of the Prophet Joseph Smith with Mahomet M. Young, one of Salt Lake's most successful artists. The work of preparing the statue is progressing rapidly, and it is expected to be ready in a few weeks. The figure will be an accurate likeness of the founder of the Mormon church and will form an effective and handsome decoration to the present somewhat bare wall. There are three other niches at the corners of the Temple wall, and it is expected that these will, in due time, be filled with statues of prominent church officials.

That Mr. Young was chosen to do the work is considered a high tribute to the standard of work done by the artist. Mr. Young was student at the Beaux Arts in Paris for four years and also at the American Academy of Design in New York for one year. He is a painter as well as a sculptor, and well known among painters for his excellent work in this line of art.

CONTRACTS ARE AWARDED FOR STATE FISH PONDS

The State Board of Examiners, Wednesday, awarded the contract for the new fish ponds to be built at Murray, Ulimer & Wood, who were the lowest bidders. The contract is for \$125,125. This includes the building of the necessary canals, as well as the ponds. The work will be done under the direction of H. L. Cronan, state fish and game inspector.

Mr. Cronan expects that the building of the ponds and the raising of the levees will cost about \$1,000,000. At present the price paid to the eastern hatcheries for the fry is from 15 to 25 cents a thousand. He expects to produce them in the new ponds for 6 and 7 cents.

She immediately sought the most fashionable means of recovering her property, and placed a "Lost" want "ad" in the Monday issue of the Tribune. The same day there appeared a "found" want "ad," inserted by Mrs. G. W. Davis, 44 South Second. Mrs. Meyers called at the Tribune office and received \$10 in real money.

INFORMATION FOR ALL. Republican National convention, at Chicago, June 16. Democratic National convention, at Denver, July 7. Utah Church Democratic convention, to name delegates to National convention, at Salt Lake, Saturday, June 6. Idaho Republican State delegates convention, at Wallace, May 12. Idaho Republican State convention, to nominate State ticket, at Boise, September 1. Idaho Democratic State delegates convention, at Twin Falls, June 2. Third Judicial District Church Republican convention, to nominate four candidates for District Judges, candidate for District Attorney and for selection district committee, at Salt Lake, May 3.

"There is a peculiar coincidence, in the insurgent Republican move, and when the church Republican convention met on September 20, 1906," said the prominent politician to The Stroller on Wednesday. "You recall the fact, do you not, that in that convention there was a movement against Smoot and Smootism, don't you? Well, you recall the resolution which was introduced by Daniel Harrington. Here it is:

And be it further resolved, that the Republican party of the State of Utah hereby declares and affirms that it is opposed to the union of church and state, and that it also unambiguously opposes to any high ecclesiastical, or any denomination whatsoever, seeking and asking political preferment and benefits of civil office, or unduly interfering with politics, while he is holding said high ecclesiastical or church position; and for the future, and in order to promote tranquility, perfect equality and the best possible progress of the State, the Republican party will use its endeavors to enforce and maintain this principle.

Resolution Sat Upon. "Do you remember how the convention sat upon that resolution, and how his author was denounced as an apostate, and that there were just fifteen votes recorded for it? Well, here it is two years later and a committee of fifteen insurgents meet to take action upon the same question. It is not proposed, in this case, that there be growth of sentiment in the church Republican party against church interference in politics? But the figures show this:

At the meeting of the special committee appointed by the insurgents, which committee held a meeting Saturday last, an attempt to pass a resolution of similar import to the one introduced in the church Republican State convention two years ago met the same fate as did the first one—killed in the home of its friends.

Now, the facts are that the Republican party, so far as it is represented by Apostle Reed Smoot, sustainer and defender of polygamous law-breakers and law-defiers; of course the party cannot oppose such union.

Further, the call for the coming State convention will not be broad, as the insurgent committee requests. The State committee, which issues the call, dare not put a word in that call regarding the questions which will come up for discussion in the convention. The State convention when it is convened dare not declare its opposition to any high ecclesiastical seeking political preferment; it dare not declare opposition to a union of church and State; it dare not declare against church interference in politics. Why? The reason is so plain that a blind man can see it.

Again, look at the composition of the State committee. Who are they?

Short Breath

Palpitation, feeble pulse, indicate weak heart action. You can make it strong with Dr. Miles' Heart Cure. Chronic heart troubles, with attending suffering may also be greatly relieved by its use. It is invaluable in all cases where the heart is involved.

"I was suffering with heart trouble and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. My little exertion would cause palpitation, and I could not lie on my left side, without suffering. I had been told that Dr. Miles' Heart Cure would cure me, and I bought a bottle. I had not taken it more than a few days when I felt better than I ever was before, having gained in pounds and commenced taking it."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio. If first bottle fails to relieve, money back. MILES MEDICAL CO., Elkhart, Ind.

Well, here are the names of those who were selected at the State convention two years ago:

Can Accomplish Nothing. "Now, do you suppose if this State committee was called together for the purpose of receiving the insurgent committee, that the latter could hope to accomplish anything? Nay! Nay! But the State committee will not be called. Next Monday the time limit fixed by the insurgents to hear the report of the special committee chosen by the State committee will expire. What will the subcommittee do? Why, exactly what I told you the day after the meeting—will have to request Chairman Critchlow to convene the meeting at Salt Lake, and then the special subcommittee will submit its report. That report will perhaps not use the language that I do, but it will mean this: 'We have endeavored to see that the State committee, which have failed. We have been, figuratively speaking, spanked, and spanked hard, and from now on we'll try to be good. And then the committee will be adjourned and the band will end, for the bands have been exposed.'"

Judicial District Convention. The church Republican committee of the Third Judicial District is making a call for a convention, to be held in Judge Ritchie's courtroom on May 9, for the purpose of nominating four candidates for District Judges and one candidate for District Attorney. The convention will consist of 149 delegates, apportioned as follows:

Salt Lake county.....125 Summit.....14 Tooele.....10 Total.....149

This apportionment is based upon one delegate for every ninety-five votes, or the fraction thereof, and for Joseph Howell for Representative in 1906.

AMUSEMENTS
IN SALT LAKE THEATERS.
SALT LAKE THEATER—"Painting the Town." Matinee, 2:15. Evening, 8:15.
GRAND THEATER—Theodore Lorch and company in "King of the Opium Ring." Evening, 8:30.
ORPHEUM THEATER—Advanced vaudeville. Matinee, 2:15; evening, 8:15.
LYRIC THEATER—Zinn comic opera company in "Teeny Weezy." Evening, 8:15.
If laughs were dollars, Charles H. Yale's "Painting the Town" would rival the Bank of England in opulence. Such has been the verdict of theater patrons of every city in which this musical entertainment has been presented. The efforts of John F. Leonard and Will Halliday, comedians; Mazie and the regular Saturday matinee of the Lyric, and the engagement of this play closes Saturday night. Next week the costumes are used in each different class. "Painting the Town" will be at the Salt Lake Theater today for matinee and evening performances, when standard room should prevail.
Packed houses continue to greet the Theodore Lorch company in their presentation of "King of the Opium Ring" at the Grand Theater this week. There will be a regular Saturday matinee of this play and the engagement of this play closes Saturday night. Next week the costumes are used in each different class. "Painting the Town" will be at the Salt Lake Theater today for matinee and evening performances, when standard room should prevail.
The Orpheum bill this week is pleasing packed houses. It will run the remainder of the week, with daily matinees.
"Teeny Weezy" begins the run of the remainder of the week at the Lyric this evening. This bill is one intended to create fun only and wherever produced it has been declared highly successful in its aims. Plenty of good songs, dances and a bewildering confusion of elegant and elaborate scenery will be used. Although the Zinn company has a long list of comic operas, new scenery and costumes are used in each different bill. The sixteen-girl chorus will have a lot of new songs and dances and Madeline Chaire, a little nut of a maid, will appear as the Bronco Kid.
Seats are ready today for the appearance, next Friday and Saturday nights and Saturday afternoon, of Wilton Lackaye, in Hall Catron's new play called "The Bondman" in the Salt Lake theater. The coming of this actor is interesting at all times, irrespective of the play he brings, but there would appear a priori, no reason for doubt or curiosity regarding his medium on this occasion, inasmuch as "The Bondman" ran throughout last season in London, where it was originally produced in Drury-Lane theater and was afterward transferred to the Adelphi theater. Manager Brady, acting for Mr. Lackaye, imported the original Drury-Lane production, including settings, lights, dresses, the quaint old Mans furniture, etc. As is by now generally known, the play is a dramatization of Caline's long-popular novel, "The Bondman."
Perhaps to one who witnessed "The Girlhood" from in front of the footlights knew that Margery Daw, the village Tomboy, was the wife of Fred E. New, the Gloucester Man. If they know that the handsome woman who was unusually light upon her feet, and who was not only a dancer, but usually charming, had just been liberated from a hospital where she was operated upon for appendicitis, perhaps they would not have expected her so many times. Poor woman, she suffered as no one can unless they experience the same trouble she had, and when she responded to the entreats she did it at the risk of her life. Still all the world's a stage and the people are simply players.
"A Night in Bohemia" by the Elks Club, will be given at the Salt Lake Theater next Monday and Tuesday nights.
Special pictures this week at Empire Theatre, Shaughraun and Classmates.

CHANGE IN MANAGEMENT OF THE GRAND THEATER
Manager Anderson Retires to Become Contracting Agent Sells-Floto Shows.
Sunday a change in the management of the Grand theater will occur, when C. W. Anderson will retire and Archie W. Cox, former manager, will again return and take control of this popular playhouse. In December last, Mr. Cox, who had been the manager of the Grand for two years past, was taken to Denver, to become assistant manager of the circuit owned and controlled by Smutzer and Pelton, whose playhouses extend all over this mountain country.
But Mr. Cox is too good a man to be tied down to an office. In fact, he tired of it, and wanted to come back to Zion. Now the opportunity is afforded, for Mr. Anderson likes the circus better than the drama, and he has tendered his resignation as manager of the Grand theater, and on Monday next will leave for Venice, Cal., where he will join the Floto circuit as contracting agent. Charles Mohr, who has been treasurer of the Grand, will also go with Mr. Anderson. His life of the assistant being as great as his life of the chief. Both gentlemen have been with the Floto shows before.
During his career as manager of the Grand, Mr. Anderson has more than made good. He has many friends here, and while they regret to have him leave Zion, they all wish him success.
For Archie Cox, who returns to Salt Lake to again assume control of the Grand, his many friends will rejoice, for he is one of the best fellows in the theatrical world. With his good wife, they are a couple whom all are glad to call friends.
Mr. Smutzer and Mr. Cox were around in Salt Lake today. The change mentioned will occur on Sunday.
