#### French Newspapers Having Fun Out of the Gould-De Sagan Affair.

PARIS, April 2.—Although Mme. Gould, before her departure from Paris to the United States, repeatedly denied the intimate friendship that she had with the prince, French newspapers are having considerable fun out of the idea that she is a fortune-hunter. The Gil Blas is especially hilarious in its denunciation of the princess as a fortune-hunter, "with a reduced fortune of only \$500 a year." ### Immortal Youth

Two people in a great picture gallery—one an old scrubwoman, at work, and the other a smartly-dressed elderly man of fashion. "Blind with the far focus of his eyes, his groping fingers caught the gnarled knuckles of Mrs. Flannery in a clutch of rapture."

Wouldn't it make you marvel? "Immortal Youth" is a story by Rupert Hughes. It is about a wonderful Irish model and an artist who forgot. If the beauty of women and the greatness of art mean anything to you, read this story. You will never forget it.

### COOPER TELLS REPORTER WHY HE ACCOMPLISHES SO MUCH

No man in recent years has been more successful in restoring human health than L. T. Cooper. During his stay in Chicago, and while he was giving thousands of people daily, he gave the following reasons for the remarkable demand for his medicine to a reporter: "My New Discovery is successful because it corrects the stomach. My theory is that few can be sick if the digestive apparatus is working properly. It naturally follows that few can be well with a poor digestion. "I know from experience that most of the tired, half-sick people that are so common now-a-days have half-sick stomachs. Put the stomach in shape, and nature does the rest. The result is general good health. My medicine does this. That is why fifty thousand people here in Chicago are using it who never heard of me until a month ago." Among the fifty thousand mentioned by Mr. Cooper who used his medicine in Chicago is Mrs. Hilda Pfueger, living at 1203 Ainslie Avenue. This is the statement she makes concerning her experience with the medicine: "I have been sick for six years with

### INDIANA REPUBLICANS NAME THEIR TICKET

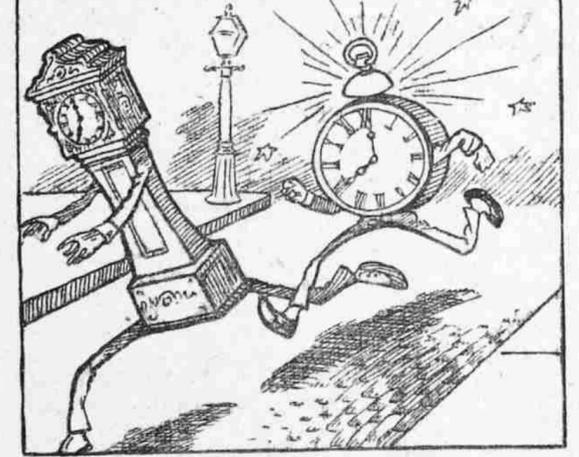

#### James E. Watson Wins Gubernatorial Nomination After an Exciting Contest.

INDIANAPOLIS, Ind., April 2.—The Indiana Republican State convention today adopted a platform, endorsed Vice-President Warren Fairbanks, and instructed the thirty State delegates to the national convention at Chicago to vote and work for his nomination for the presidency, and nominated the following ticket: Governor—James E. Watson, Rushville. Lieutenant-governor—Fremont C. Goodwin, Williamsport. Secretary of State—Fred A. Sims, Frankfort. Auditor of State—John C. Billheimer, Washington. Treasurer of State—Oscar Hadley, Plainfield. Attorney general—James E. Bingham, Muncie. Reporter of Supreme court—George W. Self, Corydon. Superintendent of Public Instruction—Lawrence McTurnan, Anderson. State statistician—J. L. Peetz, Kokomo. Judge Supreme court—fifth district—Quincy A. Myers, Logansport. Judge Appellate court—first district—David Myers, Greensburg. One Warm Contest.

Six of the nominations were by acclamation, as the candidates were the present Republican State officials and were conceded a second term without opposition. The contest for governor was eager, and it took five ballots to decide it. Mention of President Roosevelt, Vice-President Fairbanks, the names of the two United States senators from Indiana, and of Governor Frank J. Hanley, brought from the delegates bursts of enthusiasm. The convention was one of the largest and liveliest ever held in the State. The platform incorporated a plank written by Vice President Fairbanks, insisting upon a revision of the tariff by a special session of Congress, to be called in November, after the fall elections. Other planks favored child labor laws, a local option law, with the county as a unit; favored economy in public expenditures, especially mentioning the army and navy; favored modification of the financial system; pledged a complete regulation of capitalistic combinations in the interest of trade, commerce and the general welfare of the people, and urged the creation of a bureau of mines and mining.

### CLOCK RACE PUZZLE

Yesterday morning these two clocks, which were telling correct time, suddenly started to run a race. Grandfather's clock became so shaky on its pins that it has been losing two minutes every hour, and the alarm clock became so alarmed that it has gained one minute every hour. From the picture we can see that the alarm clock at 8 o'clock is one hour ahead of its rival. Who can tell from the facts given the exact time yesterday morning when this exciting race started off? Solution to Pensioners' Puzzle in Sunday's Tribune: The amount to be distributed each week was 120 shillings. This divided among twenty persons gave 6 shillings to each. If there had been only fifteen persons they would have got 8 shillings apiece, but when twenty-four came the share of each was only 5 shillings.
