ANTI-MORMONS WILL HAVE SAFE MAJORITY

Representatives of Hierarchy and Priesthood Doomed to Defeat in Convention.

Special to The Tribune.
BOISE, Ida., July 31.—According to reports received here from the various counties of the state it is estimated the anti-Mormon faction of the Democratic party will have a safe majority in the state convention at Wallace, and the work of that meeting will not in the slightest degree bear the finger marks of the hierarchy or its ranting representatives in Idaho, who are willing to stoop to trade principles and the honor of the Democratic party of this state for a few Mormon votes.

It is learned also that many of the pro-Mormon delegates of the state will not attend the convention, and the indications are that about the only considerable opposition the regular Democrats will have in that meeting will be the priesthood's howling mobs from Ada, Canyon, Kootenai, Nez Perce and Elmore counties. The anti-Mormons will organize the convention expeditiously, and the Mormon aggregation will at once be put on the defensive. The regular Democratic state committee is to meet at Wallace August 3 to settle in advance of the convention all contests that may be presented.

IDAHO TEACHERS TO MEET AT BOISE

Special to The Tribune.
BOISE, Ida., July 31.—Plans are being made for a joint county institute for teachers of Canyon, Boise, Owyhee, Washington and Ada counties to be held in this city September 7 to 11, inclusive, and the meeting will be in charge of Professor W. R. Siders, of Pocatello. This will be the first meeting of the kind ever held here and it promises to be a largely attended and interesting affair. Several prominent instructors from different parts of the country will be on the programme. Among those who will take part in the institute are Professor Edward Kemp and Dr. Charles A. McMurray of the Indiana State Normal school, and May Reed Pierce, of Chicago. Miss Bernice French, who was state superintendent of public instruction in the state under two Democratic administrations, and who now resides at Halley, has been appointed president of Bldg-hall hall at the State university, by the regents of that institution, but at last report she had not accepted the position.

BABY BOY HAD ITCHING HUMOR

Which Broke Out in Different Places—Nothing Would Help Him—Mother Almost in Despair—Skin Quickly Healed Without a Scar and Trouble Has Never Returned

SINCE USING CUTICURA MOTHER GIVES IT PRAISE

"Several months ago, my little boy, now two and a half years old, began to break out with itching humors. I began to doctor him, and as soon as I got them healed up in one place they would break out in another. I was almost in despair. I could not get anything that would help him. One evening I read a testimonial from a lady who had cured her little boy with Cuticura. I began to use the Cuticura Soap and Cuticura Ointment, and after using them three times, the sores dried and healed. He is now well, and not a scar is left on his body. They have never returned nor left him with bad blood, as one would think. Cuticura Remedies are the best. I have even tried, and they are surely great. I shall always have them in the house, handy, and shall highly recommend them to any one who is suffering likewise. I cannot give them too much praise. Mrs. William Geeding, 102 Washington St., Attica, Ind., July 22, 1907."

ITCHING TORMENTS

From little patches of eczema, tetter, milk crust, psoriasis, etc., on the skin, scalp, or hands of infants, children, or adults are instantly relieved and speedily cured, in the majority of cases, by warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, assisted, when necessary, by mild doses of Cuticura Resolvent. Cuticura Remedies are guaranteed absolutely pure.

GLASMANN ADMITS GETTING THE MONEY

As Usual, He Attempts to Explain the Charge Made Against Him.

Special to The Tribune.
OGDEN, July 31.—"Bill" Glasmann has admitted the accusation made by B. A. Bowman, manager of the State Journal, that the latter had paid him \$200 which he had collected from the gamblers to defray the expenses of an action brought by the State of Utah against Glasmann when the latter was Mayor of this city in 1904. Glasmann, through the editorial columns of his afternoon paper, makes an explanation of the transaction. He says that while he was Mayor of the city the gamblers of the city became involved in a quarrel among themselves and divided into "ground floor" and "second floor" gamblers. Glasmann asserts that the operation of a gaming house on the ground floor, when a man named Shepherd began an action against him because he had been refused this right. Glasmann says he then told the "second floor" gamblers that the fight against him was really raised by the money that they had better raise the money to defray his attorney's fees. Bowman, he declares, undertook to raise the money and later turned it over at the Standard office, to be used for attorney's fees.

Hollingsworth, Mr. and Mrs. Chris Figare and Mr. and Mrs. Ralph Guthrie to fellow campers in Ogden canyon, requesting their attendance at an informal picnic and dance which will be held in the grove at the Hermitage hotel Friday.

The picnic will be held on common grounds in the Ogden days by being ducked in the waters of the river.

BICYCLE GAME AT LAGOON IS ALL OFF

Special to The Tribune.
OGDEN, July 31.—The bike fans of this city are deploring the announcement that there will be no continuance of the game this season.

Under the management of Harry Heagren, as guided races have been held at the Glenwood saucer this season as could be hoped for, but a recent decision on the part of the city council, which has decided to discontinue races for the season has been met with a storm of disapproval from the bike fans. Heagren, in an effort to bring back the game, it is understood, to either purchase the track, which is conceded to be the best in the state, or lease it for a term, but there seems to be a hitch somewhere to the detriment of the bicycle game in Ogden and the dissatisfaction of the lovers of the sport.

OGDEN'S HEALTH IS PARTICULARLY GOOD

Special to The Tribune.
OGDEN, July 31.—The sanitary condition of Ogden city at this time is better than it has been for over a year. Since the report was issued the quarantine has been raised from both cases and for several days there was no contagious disease in the city so far as the observation of the health department went. Recently, however, two mild cases of diphtheria have developed.

One of the charges against the teacher has to do with alleged ulterior motives which prompted him on former parts of the city with what he considered valuable information regarding the architecture of high school buildings generally, with which he is perhaps more familiar than any man in the city.

Another alleged offense being charged is an irregularity in the issuance of a local physician of a certificate of merit by the principal, upon which he was later granted a license to practice medicine by the State board of medical examiners.

Principal Cloyd, who is at present out of the city, has been notified of the alleged irregularities, and will arrive in the city in a day or two.

Dope From the Police Court

When Joseph Devey, a youth, flippantly chortled "peek-a-boo" around the house corner at Mrs. E. M. Boone, an elderly woman not inclined to carry on flirtations, she resented the "fresh" young man's actions and, angrily shouting, "I'll peek-a-boo you," resoundingly whacked Devey over the head with a club.

Devey caused Mrs. Boone's arrest on a charge of battery and the case came up before Judge Diehl, in police court, Friday morning. The court found Mrs. Boone guilty, but imposed no fine.

The club with which the irate woman resented Devey's flippancy was introduced in evidence and at the close of the trial Devey demanded it, but the court awarded it to its athletic owner.
