LARGEST CROWD OF SEASON SEES RACES

Clarke Defeats Samuelson in Australian Pursuit, Open Race.

The largest crowd so far since the erection of the Salt Lake bicycle track attended the races Thursday night and a good and interesting programme was run off with dispatch. The professional Australian pursuit race proved a surprise when A. Clarke out of all the riders, including W. E. Samuelson, Clarke and Samuelson passed West, Hollister and Witten, but as Clarke sprinted right from the start he was close up to Samuelson after the other men had been out out and Provo's pride fell an easy victim to the speedy Australian, who won the race in the short distance of 2 miles, 2 laps and 88 yards in 2:30. McFarland did not ride in the race, refusing to start in half-mile qualifying heats, in which he said he could not get going.

The Australian amateur pursuit race was won by P. Lawrence beating out the other men by a margin of 1 lap and 106 yards in 2:56 3/5.

In the handicap races Referee Berry notified all the riders who qualified for the final that they would have to ride in the same way as they had in the preliminary heats. If any one went back for a man behind him he would be immediately disqualified. In consequence the scratch men fared badly in these races. In the professional lap handicap Walker won the race, starting from the 105-yard mark, Milton (100) second, Hollister (90) third and Schnell (85) fourth. In the fast time of 1:46 1/5, McFarland, Clarke and Mayer could not make up the handicap race, coming from thirty yards riding and did not stop until they crossed the line for the finish. Hollister rode a good race, coming from thirty yards riding and did not stop until they crossed the line for the finish. Hollister rode a good race, coming from thirty yards riding and did not stop until they crossed the line for the finish.

PRESIDENT INVITES ATHLETES TO HOME

American Stars Arrive; Carpenter Says He Was Unjustly Disqualified.

NEW YORK, Aug. 13.—That President Roosevelt will meet and congratulate the American athletes who took part in the Olympic games in London is likely although the President cannot be in this city to participate in the celebration being arranged in their honor. A letter from the President to that effect was received by Secretary McDouglan of the Olympic athletes' reception committee. Mr. Roosevelt indicated his pleasure at having been named honorary president of the committee, but said it would be impossible for him to attend the reception. He closed the letter by extending an invitation to the members of the team to come to Oyster Bay, where, he said, he would be glad to greet them. Arrangements will probably be made by the athletes to visit the President.

The committee in charge of the reception also received a letter from Governor Hughes saying he would be glad to arrange for the participation of the National Guard in the parade that will take place on the day the team arrives.

Twelve American athletes, including John C. Carpenter of Cornell university, who was disqualified after finishing first in the 400-meter race, returned to New York today on the steamer Majestic. In relating his version of the much discussed incident of the famous race, Carpenter said:

"I have no recollection of having touched Lieutenant Halswelle at the time. I feel keenly the injustice of having been disqualified for alleged unfair tactics, but did nothing to warrant my disqualification."

S. S. S. CURES ECZEMA, ACNE, TETTER ETC.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed. VIRGINIA WHITNEY HURT IN RUNAWAY ACCIDENT

A light carriage, occupied by Miss Virginia Whitney, the young daughter of Apostle Orson F. Whitney, and the Misses Bathsheba Williams and Emily Smith, was run down by a runaway team on First North street, near First West, Wednesday night, and Miss Whitney was severely injured.

The other girls jumped just before the collision, but Miss Whitney was unable to get out, and the gravel wagon passed over her and a part of the carriage. The carriage protected her to some extent from the crushing weight of the wagon, else she probably would have been killed.

Miss Whitney was rushed to her home and a physician called. Her injuries are not serious, but she was confined to her bed all day Thursday, suffering from the bruises and nervous shock.

When about a year old Miss Whitney fell out of a second-story window at her home, but escaped without a bruise.

Miss Smith is a daughter of Apostle George Albert Smith, and Miss Williams is a daughter of W. N. Williams. The former is 14 years old and the latter 11.
