

NOT RESPONSIBLE FOR ACTS OF PROVIDENCE

County Commissioners Cannot Be Held in Such Case, Says Court.

County officers cannot be held responsible for the acts of Providence. If a heavy rainstorm is sent that floods and damages the property of a private citizen, the county commissioners cannot be held liable for the injury.

Such is the effect of the decision of Judge Thomas D. Lewis of the third district court Tuesday, in granting the defendant's motion to nonsuit Mrs. Mary Crowton in her action against the county to recover damages in the sum of \$250, allegedly to have been worked to her property at Seventh East street and Parley's creek, in the flood of 1907.

Mrs. Crowton alleged that on account of the inadequacy of a culvert across the stream at Seventh East street her property was overtopped by the heavy rains and heavily damaged. She asked for \$250 damages from the county commissioners. The court ruled, however, that inasmuch as the culvert was of reasonable and ordinary size, the commissioners could not be held responsible for the act of Providence in sending a heavy rain, and nonsuited the plaintiff, upon the defendant's motion.

The price is way down on uncalled for suits. Daniels, the Tailor.

NOTES OF "U"

It appears that the medics at the University of Utah are going in strong for athletics this year. At a meeting held Tuesday the following men were selected to manage affairs: Alonzo Leonard, manager of athletics; B. Stewart, captain of football team; W. Henderson, captain of basketball team, and Harold Wilkinson, leader of gymnasium squad. This is a big boost for interdepartment athletics and some close contests with the harristars will be the result.

The first university mandolin and guitar club ever organized at the east bench school chose its officers for the coming year Tuesday. Niel Judd is president; Granville Gansel, vice-president, and Harry Margolis holds the position of secretary-treasurer. Prof. C. D. Schellert will have charge of the work and will conduct the club.

"The Scribblers' club" is the name chosen for a literary club formed Tuesday evening by a dozen students at the university, who are interested in writing. L. L. Butler of the English department is assisting the students in getting the club on a working basis. Officers are selected as follows: R. Belknap, president; R. Hartley, secretary, and L. Whitmore, treasurer. E. Johnson, A. D. Boyd and E. Houtz form the executive committee.

The recent agitation in regard to the national political situation came to a head Tuesday, when two enthusiastic clubs were launched at the university. According to the promises of the leaders of both movements, Taft and Bryan will neither suffer from want of boosters at the university. Numerous rallies are scheduled for the next two weeks, and the Taft club proposes a banquet in case their candidate is elected. E. W. Young, Jr., is president and prime mover of the Bryan forces, while the Republicans have selected the following officers: Jim Carlson, president; John Pixon, vice-president; Ralph Hartley, secretary, with Roberts, Johnson and Kerr on the executive committee.

MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of **MOTHER'S FRIEND** before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. **MOTHER'S FRIEND** makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists and all large dealers. This Book mailed free to all expectant mothers. THE BRADFIELD REGULATOR CO. Atlanta, Ga.

JAP ROSE SOAP

(TRANSPARENT)

One should be particular in selecting a soap for shampooing. Jap Rose leaves no sediment, being absolutely soluble in hard or soft water. It requires but little rinsing to entirely remove the lather from the hair.

A STARTLING STATEMENT

New York Medical Authorities Claim Dyspepsia Causes Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis. Dyspepsia wears out the body and brain, the weakened, irritable stomach is unable to digest food, the body does not receive the required nourishment, emaciation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind. Dyspepsia is curable if properly treated. The B. M. Hyde Drug Co. sell a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named **Rexall Dyspepsia Tablets**. Certainly no offer could be more fair, and the offer of the B. M. Hyde Drug Co. is proof positive that **Rexall Dyspepsia Tablets** are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you we urge you who are suffering with indigestion or dyspepsia to try this remedy. A twenty-five cent box of **Rexall Dyspepsia Tablets** contains enough medicine for fifteen days' treatment. Remember **Rexall Dyspepsia Tablets** are only sold in Salt Lake through Smith Drug Co., Inc. and Druehl & Frank.

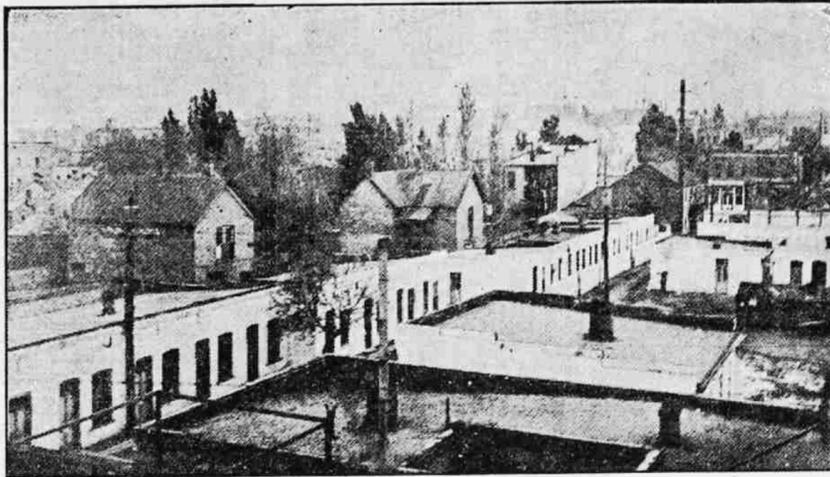

CARPENTERS WERE WELCOME GUESTS

During Their Stay in Salt Lake City They Expended \$65,000 or More.

A meeting of the committee which has in charge the auditing of the accounts of the recent convention of the United Brotherhood of Carpenters and Joiners of America at the Commercial club, Tuesday evening, it was found that for the amount of money expended the convention probably had been the most successful of any ever held here. Subscriptions to the fund for expenses were excellent, and it was shown that the money was expended carefully and with unusually good results.

The total number of guests as delegates to the convention was about 400, and yet the money spent in the city by these delegates and their friends is estimated to be about \$65,000. The amount of advertising the city has received from the delegates who came here from every state in the union, and Porto Rico and Canada is regarded as the highest possible benefit to the city and the state. Numerous letters have been received by members of the joint committees which had charge of the convention commending the entertainment accorded the delegates while here, and calling attention to the advantages of Salt Lake City as a convention city.

ELDER BROWNING'S PROTECTED "RED LIGHT" IN OGDEN

The illustration herewith is a fair portrayal of the red-light district in Ogden, which is controlled by the notorious Belle London. There is nothing like it in the intermountain country. The habits of these little white-washed "cribs" are the type of depraved women to be found on earth. Their conduct is simply so revolting that it would be impossible to describe.

Every one of these poor creatures is compelled to contribute a considerable per cent of her earnings to Belle London. This woman has grown rich from this awful white slavery. The Ogden chief

of police is an active elder in the Mormon church. This officer recently discharged three Catholic policemen from the force to make way for three Mormons whom he could the better control. Such protection as Chief Browning gives to Belle London enables her to control absolutely the prostitution of the Junction City.

Chief Browning also compels these women to repair to Dr. W. J. Browning's office every interval and obtain from the young doctor a certificate of health. He is a relative of the chief's and his craft from this source is enabling him to establish himself as a physician. The women have to go to Dr. Browning be-

cause the chief is one of the family. The public obtains absolutely no protection from this policy, and the poor women slaves of Belle London go deeper into their shame to earn this shameless fee.

And with all this the *Deseret News* has not a word of rebuke to its editor of the Weber stake of Zion who permits and protects Belle London to carry on this awful traffic in the souls and bodies of her white slaves.

Is there any wonder Salt Lake is disgusted with the "reform" policy of the church politicians here when it is known what a system is protected by high churchmen in Ogden?

HAINS BROTHERS FACE INDICTMENT FOR MURDER

NEW YORK, Oct. 20.—Capt. Peter C. Hains, Jr., and his brother, T. Jenkins Hains, were arraigned before Supreme Court Justice Garretson at Flushing, L. I., today, on an indictment charging murder in the first degree, in connection with the death of William F. Annis. The indictment is returned against the defendants, demurred to the indictment on the ground that the grand jury had not been properly drawn, his principal objection being the presence on the jury of a man said to have been a lifelong friend of Annis. The court refused to grant the demurrer, whereupon Mr. McIntyre asked for time to inspect the minutes of the jury before entering plea for his clients. The case was then adjourned until tomorrow.

The proceedings in court today indicated that T. Jenkins Hains will be tried first. It is understood that District Attorney Darrin will ask the court to fix November 3 as the date for the trial.

In Hotel Corridors

James Rascover, president of the New York News Bureau and publisher of the *Wall Street Summary*, and Charles E. Strecker of the *Boston Financial News*, are at the Knutsford for a few days, looking over the mines in the vicinity, Tuesday having been spent at the Utah Copper company's plant at Garfield.

Messrs. Rascover and Strecker have been making a tour of the Lake Michigan copper country for personal information, and after looking at the properties in this section will go to Ely, Nev., Butte, Mont., and the coast, and will then proceed south to the Arizona copper country and to Mexico.

Mr. Rascover said that the copper properties which they had visited were all working the limit, and that business conditions in general were improving. At Houghton, Mich., the copper wire mill which had been shut down for six months was working double shifts night and day.

Of the political situation, Mr. Rascover said: "There is no question but that Taft will be elected, and he will be particularly strong through the middle west, and he will also carry New York state."

As to the gubernatorial situation in New York, he said "it has been even money on Chanler and Hughes, but as Hughes has been on a tour of the west in the Taft interest for the past three weeks, Chanler has had an advantage, which Hughes will undoubtedly regain now that he is at home."

stopped in Colorado and made examinations of mines in that state in the interest of foreign clients. Upon their return from Nevada they will look over properties in Utah.

C. E. Arney of Boise, Ida., a well-known newspaper man and former business manager of the *Scimitar* of that place, is at the Cullen for a few days on business.

A. F. Stevens, a very prominent mining man of Silver City, Ida., is at the Kenyon.

T. Lambert of New York and H. Sands of Paris, France, are at the Knutsford. The gentlemen have been motoring in France all summer and are now touring this country.

ANDREW SCHENCK, President of the Germania Fire Insurance Co., recommends Chamberlain's Cough Remedy.

I have used Chamberlain's Cough Remedy in my family for over a year, and can say that it has never failed to cure the most stubborn cough or cold. I can recommend it to any family as a sure and safe children's cough remedy.—ANDREW SCHENCK, Aytun, Ont. This remedy is for sale by all druggists.

Get our price first on hay, grain and poultry supplies. Vogeler's seed store.

AMUSEMENTS

IN SALT LAKE THEATERS.

SALT LAKE THEATER—Concert, under auspices of University Lyceum association.

GRAND THEATER—"Faust," with Sanford Dodge and company. Matinee, 2:15. Evening, 8:15.

ORPHEUM THEATER—Advanced vaudeville. Matinee, 2:15. Evening, 8:15.

LYRIC THEATER—Cameraphone. Moving talking pictures. Matinee, 2:15. Evening, 7.

With matinee and evening performances of "Faust" today, Mr. Sanford Dodge will conclude his half-week's engagement at the Grand theater in that well-known drama. Starting tomorrow (Thursday) evening, Mr. Dodge and company will present for the rest of the week "The Three Musketeers."

In addition to the four prizes to be awarded tonight at the Auditorium pavilion, two for ladies and two for gentlemen, cash prizes will be given every night this week. All these will go to the holders of lucky tickets. Socials will be held as last week, the features of which will be a musical programme and dancing. Arrangements are being made for a Halloween party on the last night of this month.

One Killed and Five Hurt.

SALINAS, Cal., Oct. 20.—John Hoyt was killed and five others injured in an automobile accident last night at Camphore, three miles north of Soledad. The injured include C. M. Villa, Charles N. Cape, Victor Massera, Charles Lindstrom and L. B. Diekey. All were members of Salinas Grove of Druids, and were going to Soledad to assist in the initiation ceremonies of the grove at that place.

W. F. Emmons of the government geological survey, who is looking over the mining camps in Utah, is at the Knutsford. Mr. Emmons has but recently returned from Europe, where he has been in search of better health.

M. W. Atwater, R. M. Atwater, Avery Buckingham and Rene de Saller of Duluth, well-known mining operators, and who are looking at their properties in Utah, are at the Knutsford.

George Barclay of Butte, Mont., the well-known horseman, is at the Knutsford during the race meet, taking a peep at the ponies.

S. S. Dougherty of Detroit, Mich., the largest sheep dip manufacturer in the country, is at the Wilson.

William E. Bishop, one of the most eminent of the European mining engineers and an extensive operator in Spain and in the Broken Hill district in Australia, is at the Knutsford, accompanied by Joseph T. Jenkins, both being enroute to Nevada to make examinations of properties there. The gentlemen also

Recipe for Kidney Trouble and Rheumatism is Simple

The following prescription for the cure of rheumatism and kidney and bladder troubles has no doubt been filled millions of times over. Fluid extract of Bileston, one-half ounce; Compound Serravallo's, three ounces. These simple, harmless ingredients can be obtained at any good prescription pharmacy at little cost and are mixed by shaking well in a bottle.

The dose for adults is a teaspoonful after each meal and at bedtime, drinking a full tumblerful of water after each dose. It is stated that this prescription is a positive remedy for kidney trouble and lame back, weak bladder and urinary difficulties, especially of the elderly people, and one of the best things to be used in rheumatic affections, relieving the aches and pains of the joints.

A well-known authority states that this mixture acts directly upon the eliminative tissue of the case and cleanses these spongelike organs, gives them power to sift and strain the poisonous waste matter and uric acid from the blood which is the cause of rheumatism.

If your back or sides ache and you suspect kidney trouble it would be well to try this for a few days.

Dope From the Police Court

After being confined to his home for one day by illness, Judge C. B. Diehl returned, Thursday, to his duties as judge of the city police court. There was a small number of prisoners to be tried, only eight of the cases received any attention from the court authorities.

Foster Jones of Dallas, Tex., a horse-mane who was in this city attending the races at the fair grounds, was arraigned on complaint of Oliver McManus, a negro, on the charge of battery. McManus accused Jones of being one of the fair men who caught him near the fair grounds and besides punching him there was some trouble between a negro and a number of white men at the fair grounds, and one of the colored men pulled a pocket knife and stabbed a white man named John Myers in the chest. The white man gave chase to the negro and the negro gave chase to the white man.

McManus, when he saw the man of his same color on the run, thought the "hot-footed" it up the street. The gang caught him and threatened to lynch him, but the timely arrival of the police prevented any injury being done to him other than that he was roughly handled. Jones testified that he did not punch McManus, but tried to protect him.

McManus, when put on the stand, could not say that Jones was the man who roughly pushed him about.

C. J. Crabtree testified in behalf of Jones, saying that he did not see Jones in a barroom, but did see him protesting him from injury.

Judge Diehl stated that there was not enough evidence to convict, so Foster Jones not guilty and discharged him.

Edward Ryan, represented by Attorney James F. Smith, was arraigned on charge of petit larceny. It was alleged that Ryan stole \$8.40 from Neplu Varney in a barroom on the night of October 9. Although both complainant and defendant testified, there was not enough evidence to warrant a conviction, and Ryan was found not guilty and discharged.

Edward Williams, a cripple, who was arrested Monday night, very much on the influence of "corn juice," and who also had been begging, was found guilty and given fifteen days in the city jail.

Yates Is Set Free.

On the default of the defendant, Albert Yates was granted a divorce from Julia Yates in Judge Armstrong's decision of the Third district court, Tuesday morning, on the ground of desertion. Yates was married at Farrington, Utah, on July 3, 1905, and Yates and Mrs. Yates left him in August. He has not heard from her since, but believes she is in Denver.

REAL ESTATE RAPIDLY INCREASING IN VALUE

Leases on Main Street Are Also Climbing Up at a Lively Rate.

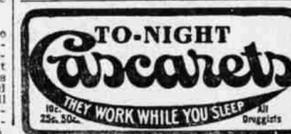

Almost every day reports from real estate dealers are received showing the tendency of realty to increase in value. It was given out recently that W. M. McConahay, the jeweler at 54 South Main street, who secured a lease last March on the store in the north side of the new building being erected on Main street by Calloway, Hoock & Francis, had been offered a large bonus to give up the lease. Mr. McConahay says that this is not an unusual thing at the present time and shows that the number of good locations here are in great demand.

Attention was called to the fact, recently, by a prominent real estate man, that whereas there was only one real business street in the city less than two years ago, now no business man had an office very far away from Main street. There are now offices and stores on all of the old streets between West Temple and State from South Temple down to Third South.

The increase in value of property on those streets is said to be remarkable also, and locations that sold for \$600 or a little over less than two years ago cannot now be bought for \$1800. These things are only a few of the indications that there has been within a comparatively short time a tremendous forward movement in the progress of the city.

Aldrich Not Afraid.

NEW YORK, Oct. 20.—United States Senator Aldrich of Rhode Island arrived here today from Europe. The Senator's attention was called to the reports that W. R. Hearst has in his possession letters affecting him, which were obtained from the officers of the Standard Oil company. The Senator said: "I am not afraid of anything they publish."

TO-NIGHT Cascarets THEY WORK WHILE YOU SLEEP

You May Enjoy Your Meals

If You Will But Equip Your Stomach With the Right Means to Handle the Food.

If you go into a restaurant, cafe hotel, wherever all your environments, the lights, dazzling linen, silver, cut glass music, chatting and laughing women seem to foretell of a pleasant meal, your stomach should not revolt, you read the menu card.

Heavy steaks, soups, oysters, entrées, salads, etc., should hold no terrors to the healthy stomach and they do not. A small box of Stuart's Dyspepsia Tablets placed in your vest pocket will be sufficient guard against the evils of a worn-out stomach.

A tablet taken a few moments after a copious meal will remove any effects of food from your stomach, you may eat as generously as the about you.

One of these little tablets will of itself settle all questions of indigestion for that meal and will place your stomach and digestive organs in better condition for the next.

Your blood will be enriched, and depleted gastric fluids will be rebuilt. Stuart's Dyspepsia Tablets are natural, active, digestive agents who act to the gastric juices the elements to lack, which ease the stomach, remove irritation and enrich and stimulate blood.

All of these statements may be verified if you will take but a little of your time to prove them.

Every druggist carries Stuart's Dyspepsia Tablets in stock and will give you of their merit. These tablets for 50c per box, or send us your name and address and we will send you once by mail a trial package free of dress E. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

STOP KOFFING

We carry everything known that will stop a cough—medicated candy, lozenges, tablets, syrups, etc. Our Blue Ribbon remedy has no equal. A chest protector will assist by keeping the keen wind off the lungs. Our remedies cure both the old and young. See phones 457. Remember the number.
