Serious Division in Community
Over Right to Sing When
Spirit Moves.

By Associated Press.
PRINCETON, Ind., March 12.—The success of government of, by and for the negro, as exemplified in a colonization of colored people within a municipal organization that they call Lyles, in this county, has been threatened by a serious division in the community over the question of whether a citizen has the right to do as the spirit moves him, musically.

All the public officers of Lyles are negroes and there is a law and order league. At a public assembly held in the church Deputy Sheriff James Cantrell, colored, whose home is at Lyles, was on hand to see that order was preserved. He sat in a rear row.

Rev. Mr. Bishop, Mrs. Bishop and Clifton Fields sang a trio arranged for soprano, tenor and first bass. Cantrell, being musical, and feeling the lack of the ground bass part, joined lustily in the refrain.

The intrusion was resented and words led to blows and Cantrell was arrested by the Lyles police department. A jury in the circuit court here today decided that Cantrell was within the prerogatives of a citizen when he participated in the singing at the meeting. Cantrell returned to Lyles and arrested another citizen that had interfered with him.
