Judge Instructs District Attorney to Inquire Into Responsibility for Offending Article.

Special to The Tribune. OGDEN, May 13.—District Judge J. A. Howell delivered a severe rebuke to the Salt Lake Herald-Republican in open court this morning when his attention was called to an article which appeared under an Ogden date line today, in which two women were said by the paper to have "had several hostile fits in court this morning during the course of the hearing."

The case referred to was that of Alice Klingsbury against Joseph Evans, administrator of the estate of Joseph Carroll. Mrs. Carroll and Mrs. Klingsbury were in court during the trial of the case and sat near their attorney during the trial of the case.

In commenting upon the story in the Herald-Republican, the court said, in part: "It is so absolutely untrue and wanting in any basis of fact that it seems to me it is not proper that the court should let it go on any further. It is, of course, the duty of the court to charge the person responsible for it with contempt of court, at the same time, of course, upon the parties litigant who are in this court and more or less, of course, upon the proceedings in this court. Now, I will ask the district attorney in behalf of the court, to investigate the subject and, if he deems proper, to protect the dignity of the court."

THE IDAHO FALLS COUNT ALL TO DO OVER AGAIN

Special to The Tribune. IDAHO FALLS, May 13.—The census enumeration of Idaho Falls is not yet completed. Owing to the fact that no qualified person made application for the position, the state superintendent was obliged to accept what did apply; the result was the work was placed in the hands of extreme incompetents; there was so much complaint that the chamber of commerce took the matter up and when the supervisor came he found everything so badly mixed that he discharged all of them and received authority from Washington to appoint new enumerators and commence anew and have the entire work all done over. The work is now nearly completed and is showing up well. It is supposed that Idaho Falls will be the fourth city in the state in population. Work on the new freight and passenger depot is progressing nicely; the basement freight depot which will be over 400 feet in length, is nearly completed. This will be entirely of concrete, brick and steel. Work has also commenced on the new passenger depot. A sad death occurred on Tuesday morning in this city. Mr. J. Y. Humphries had been a resident of the city for a number of years and had city property for a ranch and had moved onto it a few days ago he was looked by a cow, which he perceived near the shoulder. Very little was thought of until he was found in town on Monday morning, but that evening blood poisoning set in and he died before he could be taken to a wife and several children, all under age.
