

STEAMER SENT TO THE BOTTOM

Ward Liner Meridia Rammied by Fruit Vessel in the Night During Fog.

PASSENGERS RESCUED BEFORE SHIP GOES DOWN

Mexican Woman Seriously Injured; Accident Occurs Off Cape Charles.

NORFOLK, Va., May 12.—A near tragedy of the sea, filled with many thrilling narratives of human rescue and escape, occurred off this coast early today when the Ward line steamer Meridia, bound from Havana, Cuba, for New York, with 319 souls on board, sank in thirty-five fathoms of water, fifty-five miles northeast of Cape Charles, after she had been rammed by the fruit steamer Admiral Farragut, bound from Philadelphia for Port Antonio.

Every person aboard the Meridia was rescued and but one was seriously injured, the wife of A. Peon, a land proprietor of Progreso, Mexico, who, with his entire family, was bound for Paris to await the end of the Mexican troubles. Mrs. Peon, occupying a room immediately next to where the Farragut struck the Meridia, was injured.

The Meridia was struck by the Admiral Farragut during a dense fog at 12:30 a. m. after the Meridia's delicate voyage from Havana with fine weather and perfect sea.

In five hours the Meridia was at the bottom of the ocean, but her passengers and crew were safely aboard her small destroyer, the Admiral Farragut.

By wireless telegraphy the steamer Hamilton, bound from New York to Norfolk, was summoned by the Admiral Farragut and took aboard the rescued passengers and crew of the Meridia. She landed them in Norfolk at 7 o'clock tonight.

The Admiral Farragut, which carried but one passenger, a Philadelphian, proceeded for the Delaware breakwater under convoy of the United States battleship Iowa, which answered the wireless appeals for assistance. The Iowa was standing by the Farragut when the steamer Hamilton left with the rescued passengers and crew for Norfolk.

The Admiral Farragut, after ramming the Meridia, several times her size, staggered away with a bad hole in her port bow and it was feared she, also, might sink.

The Farragut crashed into the Meridia, disabling the latter's engines, wrecking her electrical dynamo and wireless apparatus, leaving the ship helpless and in total darkness.

GYPSY REFUNDS \$4200 AND IS FINED \$500

DES MOINES Ia., May 12.—Nelle Lee, alias Maude Brewer, the gypsy arrested in Oklahoma some weeks ago, charged with defrauding John Huger, of Des Moines, out of \$1200 while working as clairvoyant today approached Huger in the courtroom and handed him \$4200 in cash. She then pleaded guilty to obtaining money under false pretenses and paid a fine of \$500 and costs, which included expenses of her return from Oklahoma.

RED CROSS SENDS \$5000 TO SUFFERING CHINESE

WASHINGTON, May 12.—The Red Cross today sent \$5000, additional by cable to China for the relief of the famine sufferers. This makes a total of \$76,000 sent to China by the Red Cross, besides \$50,000 worth of supplies sent on the Buford.

TO PALE, THIN PEOPLE

Schramm-Johnson, Drugs, Offer to Pay For Samose If It Does Not Make... Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh forming food, should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time, nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The women who long for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that Schramm-Johnson, Drugs, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak and out of health to get a box of Samose from them on those terms.

YOU'LL GET YOUR MONEY'S WORTH EVERY TIME YOU BUY TOMBOY HOSE
They are the BEST 25c Stockings for Children in America.
FINE RIBS FOR GIRLS, SIZES 5 TO 10.
COARSE RIBS FOR BOYS, SIZES 6 TO 10.
They outwear two pairs of ordinary 25c Stockings. Ask your dealer for them. If your dealer does not have them, write to us—WE WILL TELL YOU WHERE YOU CAN GET THEM.

ANOTHER VICTIM OF TRAIN BANDITS DEAD

Allen Taylor, Who Was Shot by Robbers, Dies in Chicago.

SPECIAL TO THE TRIBUNE.

OGDEN, May 12.—In the death this morning of Allen Taylor, one of the negro porters shot down by the train bandits while the Overland Limited of the Southern Pacific was being held up and robbed at Reese the night of January 2, additional heinousness has been added to the crime for which Victor Clore and Bryan O'Hara are now awaiting trial in the county jail at Ogden.

Word reached here this morning that Taylor had succumbed to blood poisoning which resulted from the gunshot wound in his right arm. He was dismissed from the Dees hospital several weeks ago and permitted to go to his home in Chicago, where his condition grew worse.

Taylor and William N. Davis, another negro porter, were in a compartment of a Pullman car eating lunch when the bandits entered the train. Testimony of trainmen at the preliminary hearing recently held here differs as to the manner in which the two negroes were shot down. Some of the witnesses say that the porters offered resistance to the bandits, while others contend that they were shot down. Davis was instantly killed. Taylor saved himself by rolling back his eyes and "playing dead."

After his right arm had been shattered with a lead bullet from a sawed-off shotgun in the hands of the shorter bandit, intimidating the other trainmen and the passengers by shooting the two negroes, the bandits completed their work of robbing the train without further show of resistance.

Taylor's death at Chicago came as a surprise to railroad officials in Ogden, who had been led to believe he was on the road to recovery when dismissed from the Dees hospital.

Judge J. D. Murphy of the city court, before whom the preliminary hearing of Victor Clore and Bryan O'Hara was held ten days ago, has not yet rendered his decision. It is probable that he will do so next week, as the attorneys interested in the case agreed that ample time be allowed for transcribing the testimony taken at the preliminary hearing so that the court could go over it carefully before deciding whether or not the prisoners should be held to the district court for trial.

Thursday's Games Smash All Modern Baseball Records

CHICAGO, May 12.—Modern baseball records were broken yesterday when the major league teams scored 126 runs and made 177 hits—75 runs and 92 hits in the National and 51 runs and 85 hits in the American.

The Chicago Americans led, making 20 runs and 20 hits against Washington. Philadelphia led in the National, with 19 runs and 17 hits.

The average number of hits per game for all big league teams through the season of 1910 was under 7½. Therefore, in all the games of yesterday, 11 hits in all the games of yesterday, it means the grand batting average for that day was 46 per cent better than the grand batting average of the entire season of 1910.

The average number of runs scored by each team per game in the big leagues during the 1910 season was under 4.

The figure of 126 runs in all big league games yesterday makes an average of 7.85 runs for each game, or an increase of nearly 100 per cent.

An explanation is offered in declaring that the ball used this year is livelier than that of other years, and the ball players themselves generally believe this is the reason. Outfielders have been compelled to play deeper, so many balls are being hit over their heads. This leaves a greater opening for base hits in front of them.

There has been a demand for more batting in the game for several years and numerous suggestions for changes in the rules were offered, but none was adopted. Now it seems the manufacturers of the balls have unconsciously solved the problem by making the cork center, instead of the rubber center ball. Undoubtedly the ball is more active, for it is contended that there could hardly have been the general decline in pitching and fielding, or the general increase in batting strength the games so far this year would show.

Gallatin Takes State Meet. MISSOULA, Mont., May 12.—With a total of 30 points, the Gallatin county high school track and field team won the eighth annual Montana state interscholastic meet today. Anaconda, thanks to the work of Edward Hauser, who took 21 points, finished second. Butte was third with 19 points; Helena fourth, with 12; and Missoula fifth, with 11. Missoula won the relay race, the last event of the meet.

Budweisers Play at Murray. The Budweiser team will play the Murray department nine at Murray Sunday morning at 10 o'clock. The Budweisers are not out of their season, winning all four games played. The team is generally the same as the Wagner nine of last year.

Fremont Victorious. The Fremont school nine defeated the Lonefellow team in an exciting game at Eighteenth ward square Friday, the score being 18 to 7. The batteries were Brown and Love, Gardner and Van.

TENTATIVE BASIS OF SETTLEMENT REACHED

PITTSBURG, May 12.—As the result of a conference between General Superintendent R. L. O'Donnell of the western Pennsylvania division, the railroad and representatives of the striking shopmen, it was reported unofficially today that a tentative basis of settlement had been arranged on which the strikers are to vote. It was stated that another conference will be held next week, when the result of the ballot will be reported to the company.

PARLIAMENTS TAKES TO SENATE COMMITTEE

Tells Senators Canadian Reciprocity Would Cost Agriculturists \$40,000,000 a Year.

PAPEE WORKMEN PROTEST

Timothy L. Woodruff of New York Makes Dire Predictions at White House.

WASHINGTON, May 12.—Canadian reciprocity would cost the farmers of the northwest \$40,000,000 annually, according to A. H. Wilkinson, a Minnesota farmer, who addressed the senate finance committee today. The price of United States farm products would shrink that much, he declared. A vital grievance of the farmers, the speaker said, was that they were not consulted as to how they would be affected by the proposed reciprocity.

"Do you believe that a trade agreement would have been entered into that would have injured the steel trust or the shoe industry?" he inquired, without consulting them?" he inquired.

To prove the opposition of the farmers of the northwest to reciprocity, Mr. Wilkinson invited senators who favored reciprocity to visit that section.

Workers from paper mills in New York protested against the bill when the hearing was resumed. Mr. J. Jones of Corinth, N. Y., said the little paper mill would be wiped out of existence if the tariff were reduced.

J. A. Lullin, president of the International Paper Workers, said American paper mill workers protested against being driven from their native land to follow their chosen trade in another land.

Indignant at the "insulting inference" that the farmers of the country had acted improperly in employing lawyers to advise them in their fight against Canadian reciprocity, N. P. Hull, head of the Grangers today notified the committee he would have the attorneys of the Grangers appear before the committee next week to answer questions.

Senator Stone had interrupted the public hearing on the reciprocity bill to ask that Allen and Graham, lawyers of New York, be subpoenaed to appear and bring copies of the literature they had distributed in opposition to reciprocity. His action was supplemental to the presentation to the senate yesterday of a newspaper article questioning the identity of the clients of these attorneys.

"I'll tell you something about that," explained Mr. Hull. "The farmers employed these lawyers and it is the first time that I ever knew of a senate committee questioning the right of a body appearing before it to pay lawyers to furnish technical knowledge about the tariff rates. That's what these lawyers did."

Members of the committee insisted on their right to subpoena the lawyers, as Senator Stone suggested, and Mr. Hull settled the affair by promising to have the lawyers appear with all literature sent out.

"TINY TIM" HAS DOUBTS

Former Chairman of New York Visits the White House. WASHINGTON, May 12.—Former Republican State Chairman Timothy L. Woodruff of New York brought some dire predictions to the White House today.

"If business conditions continue as bad as they are now," said Mr. Woodruff, "the Democratic party stands an excellent show to carry the state in the presidential campaign. That is due to the practice of business interests in blaming the party in power for famine, droughts and all other natural and unnatural disturbances."

"The reciprocity agreement," said Mr. Woodruff, "has made President Taft popular in the cities, particularly in New York, but the farmers are yelling 'bloody murder,' and it remains to be seen whether they will come around by election time."

NAME COMPETITORS TO ENTER FINAL CONTESTS

Miss Virginia Shannon of St. Mary's academy and Miss Kathleen Bagley of the Granite high school won in the declamation contest and Miss Helen Greenwood of the Salt Lake high school and Arthur J. McCrystal of All Hallows college in the contest of oratory held here in the Salt Lake high school gymnasium last night.

These winners will enter the final contests to be held at the University of Utah on the evenings of May 19 and May 20. There were entries from five schools in this preliminary contest, those represented being All Hallows college, St. Mary's academy, Jordan high school, Granite high school and Salt Lake high school.

Miss Shannon's declamation was "Echo and the Fairy" and Miss Bagley's "The Song of the Violin." The oration delivered by Miss Greenwood was entitled "The Place of the West" and that by Mr. McCrystal was "Socialism and Religion."

MRS. C. P. MASON DEAD AT HOME IN OCEAN PARK

A telegram was received in Salt Lake yesterday announcing the death at Ocean Park, Cal., of Mrs. C. P. Mason, wife of C. P. Mason, formerly resident of Salt Lake. During the residence in Salt Lake the Mason family was one of the most prominent in the city. Mr. Mason was one of the heavy owners of mining interests and was otherwise commercially and financially prominent. He was a member of the Alta club. In addition to her husband, Mrs. Mason is survived by two daughters, Eva and Nellie. The Mason family removed from Salt Lake about five years ago. The funeral of Mrs. Mason will be held Sunday at Los Angeles.

STATE BOARD OF HEALTH PUBLISHES NEW RULES

The Utah state board of health has recently adopted a new set of rules for the prevention and control of contagious diseases. These are thorough and cover the ground required in all cases, in view of the time of exposure to the disease to its cure, or until after burial in the case of death.

The board has adopted, also, some rules regarding the prevention of blindness in new-born infants. These rules, as those for the prevention of contagious diseases, are of a comprehensive nature. The new rules were issued from the office of the state board of health yesterday.

Commencement of A. C. Invitations are out for the annual annual banquet and ball and the other exercises of the commencement of the Agricultural college at Logan. The commencement programme has been arranged as follows: Baccalaureate sermon, Sunday, May 21, at 11 a. m.; athletic events, Monday, at 10 a. m. and at 2 p. m.; class day exercises, Monday, at 8 p. m.; commencement exercises, Tuesday, at 10 a. m.; and alumni banquet and ball, Tuesday, at 5 p. m. The alumni banquet and ball will be held in the college library.

Santry Puts Ryan Out. SOUTH BEND, Ind., May 12.—Eddy Santry knocked out Jack Ryan of Syracuse, N. Y., in the fourth round of a scheduled ten-round bout between these lightweights here tonight.

SENATE AND HOUSE MEET ALTERNATELY

Upper Branch of Congress Will Assemble Monday With Much Work in Sight.

WASHINGTON, May 12.—The senate and house of representatives, to all appearances, are engaged in a game of hide-and-seek. The senate was in session yesterday and the house was not. The house was in session today and the senate was not. Tomorrow neither will be in session. The senate will meet again on Monday, but the house will not. The house will meet Tuesday, but the senate will not.

In the house today the most important business promised was a report from the committee on territories recommending a statehood for Arizona and New Mexico after the people of each territory shall have voted on proposed amendments. A minority report signed by the Republican members of the committee urged the immediate admission of New Mexico. The house has decided to adjourn over Monday because the order for that day is the discharge of committees. One of the discharge motions would result in calling up for action a \$40,000,000 service pension bill. The passage of this bill is not on the Democratic programme for the next session.

A parliamentary contest in the senate, as exciting as the skirmishes that marked the attempt to select a president in 1900, was predicted for Monday.

Will the senate head the proposed report of the finance committee on Canadian reciprocity, consider some other legislative proposition, or continue balking? That question was variously answered by senators. Some were of the opinion that nothing could be done until a president had been selected. Others contended that the mere presence of Vice President Sherman at the senate would all that was necessary to sweep away the question of who would occupy the chair in his absence.

First in general excellence because of its preparation; first in economy because of its heat units; clean, clinkerless, economical—Hiawatha coal. Both phones 3293. Wilkes Coal Co.

Those who suffer from pimples, blackheads and other disfiguring facial eruptions, rough hands, itching, burning palms and shapeliness nails, dry, thin and falling hair, with itching, scaly scalps—all should make trial at once of Cuticura soap and ointment. No other emollients cost so little and do so much. No others so pure, so sweet, so speedily effective not only for these minor afflictions of the skin, scalp and hair, but for torturing, disfiguring eczemas, irritations, scallings and crustings, from infancy to age.

COST SO LITTLE DO SO MUCH

REST AND HEALTH TO MOTHER AND CHILD. Mrs. Winslow's Soothing Syrup has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS FOR THEIR CHILDREN WHILE TEETHING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

URICISOL

TRADE MARK

CURES ALL RHEUMATIC DISORDERS AND AIDS THE DIGESTIVE FUNCTIONS

"No man is healthier or stronger than his stomach."

The fact that certain drugs can be relied upon to neutralize uric or lithic acid is well understood. The trouble is, and always has been, that these drugs without exception antagonize and damage the digestive tract, rendering impossible their use for a sufficient length of time to accomplish a cure.

Uricisol Solves the Problem

Uricisol not only effects a cure, in rheumatic disorders, but it does it without disarranging the stomach or any other bodily function.

Edith C. Copelan 1012 1/2 Santee Street, Los Angeles, writes: "Not only has Uricisol almost cured me of rheumatism of the heart, but it has also increased my weight and given me an appetite hard to equal."

URICISOL IS THE REMEDY YOU LONG HAVE SOUGHT

Price \$1 a bottle containing 64 doses. Send for booklet.
