given again in the near future for the same cause, but under more favorable conditions. The young girls were trained by Mrs. Annie Adams Kiskadean and Miss Lila May Taton, the latter giving a Japanese solo dance as well. Compare the taste of **Schlitz** in **BROWN BOTTLES** with beer in light bottles

Schlitz is as pure when poured into your glass as when it left the brewery. It's the Brown Bottle. It keeps out the light. Light develops in beer a peculiar taste and a disagreeable odor.
This is not a theory. It is a fact proven by scientists. Schlitz is properly aged before leaving the brewery. It will not cause biliousness, nor ferment in your stomach. Schlitz in Brown Bottles costs you no more than common beer in light bottles.

A Brother to Our BUTTERFLY 3¢ LOAF

Isn't it a splendid thing for the little children of Salt Lake that the price of all bread is the same, no matter what company sells it? There is no temptation to buy the cheapest. There isn't any CHEAPEST. And the only thing to govern the selection is QUALITY. It's a pity that quality isn't as uniform as price. Up to a certain point PURITY and CLEANLINESS are REGULATED BY LAW. It's in going AWAY ABOVE all such standards that BEE HIVE BREAD IS SO SUPERIOR. You can't BUY BETTER BREAD than BEE HIVE BREAD. ALL GOOD GROCERS SELL IT.

THURSDAY, FRIDAY and SATURDAY are souvenir days. A souvenir with every wrapped 10c loaf of BEE HIVE BREAD. Ask your grocer for it. Lots of fun for big and small, old and young.
