FINGERS SO PAINFUL COULD NOT SLEEP
Tumbled Three Years. Inflamed and Burned. Nails Would Come Off. Used Cuticura Soap and Ointment. Fingers Perfectly Cured.

R. F. D. No. 2, Box 262, Seattle, Wash.—The three middle fingers right at the end of my hand were so inflamed, burn and so painful I could not sleep. It seemed every time I had my hands in soapy water they would get worse. They would be so very sore, then the nails would come off, and no more would a new one grow on when they would begin to get sore again. The nail came off my middle finger four times. I tried everything but could not get any relief. I was so much annoyed to have had a similar trouble cured by Cuticura Soap and Ointment. I tried to try them and sent for a sample. I bought a 20c. box of Cuticura Ointment and used Cuticura Soap and now I am perfectly cured. My fingers are perfectly cured and my hands are perfectly smooth. Cuticura Soap and Ointment cured me. (Signed) Mrs. M. H. Hinton, Apr. 24, 1912.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, wash with white, hair live and glossy, and free from dandruff and itching, begin with regular use of Cuticura soap for the face, bath and shampoo, assisted by occasional light application of Cuticura Ointment. Sold by druggists and dealers everywhere. Liberal sample of each mailed free with 25c. Skin Book. Address postpaid to Cuticura, Dept. T, Boston.

Under-fac'd men should use Cuticura Soap. Sample free.

PROGRAMME WILL BE ISSUED SOON

Everything Now in Readiness for the Transmississippi Congress.

The official programme of the Transmississippi Commercial congress, which meets in this city August 27 to 30, is expected to be out today. Senator Reed Smoot telegraphed Governor Spry yesterday that President Taft will not be able to attend the congress, although he will send official greetings, which will be read before the convention.

The committee in charge is now sending out invitations to the grand ball that will open the congress at the Hotel Utah, and an array of Salt Lake's leading citizens will greet the visiting delegates.

Yesterday the work of preparing the chamber of commerce in the Vermont building for the congress exhibits was begun. Every case, shelf and nook in the place is being cleaned and decorated. Farm products from the various counties of the state are being used in effective displays. Ernest and Sidney Lambourne are directing a corps of expert decorators to place the displays in the best possible condition for the congress.

INDIVIDUALS ASKED TO DONATE ASPHALT

In order to ascertain whether Utah rock asphalt can be successfully used for resurfacing streets the city commissioners yesterday passed a motion by Richard P. Morris asking the Utah Rock Asphalt association to donate to the city 200 tons of rock asphalt for experimental purposes.

No mention of the fact that the city itself owns two deposits of asphalt at Thistle was made, the commissioners preferring to make the test with privately owned deposits rather than use that of the city.

The city beds were purchased some years ago at a cost of approximately \$3000 for the direct purpose of doing repair work. Nothing, however, has ever been done with the material.

The resurfacing work to be done will embrace one block either on Tenth East street, between Second and Third South streets, Second avenue or on South State street.
