

POINTS TO THE PANG PERIOD OF CLEVELAND

President Taft Makes Statement Regarding Lean Years

Following Election of Democrat.

TARIFF TINKERING CAUSES DISASTER

Crash Comes Even Before the Wilson Bill Is Passed; People Warned Against Repeating Experiment.

WASHINGTON, Oct. 28.—President Taft today made public a statement in which he declared that the "four years of depression which followed the second election of President Cleveland" were due to the promise of tariff reforms and the Democratic changes in the tariff that followed.

"The American people," he continued, "have more than once surprised those who thought the people were being successfully fooled, and I believe that a similar surprise awaits our opponents on the coming 6th of November."

Statement in Part. In view of erroneous statements regarding the causes of the four years of depression which followed the second election of President Cleveland it may be well to recall the facts. In his formal letter of acceptance, September 26, 1892, Mr. Cleveland emphasized the issue of tariff reform, and made it the leading issue between the parties. "Tariff reform is still our purpose," he said.

"This has a familiar sound today, save that, instead of 'tariff reform' the Democratic slogan is a 'tariff for revenue only.' According to the Democratic platform, the tariff is not to be reformed, but the principle of protective American industry is to be excised, root and branch. On that platform...

Days of Disaster. To go back to Mr. Cleveland's second term, the proof from his own writings and utterances is that he was elected on the issue of tariff reform, and that immediately upon his election capital and industry took alarm, enterprise became paralyzed and business disorganized.

"The somewhat purple argument has been advanced that these deplorable conditions could not have been due to impending 'tariff reform' because the tariff was not changed until two years before the enactment of the Wilson tariff bill. It should be unnecessary to say that when there are signs of a cyclone the rational man does not wait for the storm to hit his house before getting into the cyclone cellar. The Wilson bill was in sight, above the horizon on the morning after the November election of 1892 and capital and industry began their start for the cellar just as, I fear, they will take to shelter again, should the Baltimore platform of a 'tariff for revenue only' be approved by the American people November 5.

Era of Low Wages. The effect of the tariff reform of 1892-97, which, as I have indicated, was actually felt from 1892 to 1897, is apparent in the statistics of wages paid in manufacturing industries in the decade 1890-1899, as compared with the preceding and subsequent periods. In 1890 wages paid had increased nearly one thousand millions over 1880, from \$247,922,735 to \$1,591,225,221, whereas in 1899, when the country was recovering from the blight of four years of Democracy, showed an increase to \$2,098,381,000—that is, about \$117,000,000 over 1890. In the subsequent decade of protection wages in manufacturing industries increased to \$2,427,938,000. The experience of the farmers is equally impressive. Their losses on the value of farm animals alone during the Cleveland tariff reform regime amounted to about \$500,000,000.

Enormous Foreign Trade. The growth of our foreign trade during three fiscal years of my administration has been set forth by Secretary Knox in a statement which ought to be read by every American who intends to cast his ballot in the coming election. Mr. Knox has received "most favored nation" gain of \$64,311,095 in our foreign trade, the total value of exports for the fiscal year ending June 30, 1912, being \$2,392,129,129, the trade balance for 1912 in favor of the United States being \$51,057,475. Under the minimum tariff clause of the Payne tariff law practically the entire world has received "most favored nation treatment." American exports to Germany alone have increased from \$249,000,000 in 1910 to \$300,000,000 and our exports to Canada have grown from \$215,300,000 in 1910 to \$229,557,502 in 1912.

As Secretary Knox says, the foreign market is a vital consideration in our industrial life. To quote from a leading newspaper: "The figures are almost bewildering. They tell the story of a prosperity which should not be disturbed. "Then why disturb it? I would not suspect the Democratic candidates for the white house of such a lack of foresight as to let their pledges that they do not intend to disturb it. Their speech in 1892 made it plain which way they would vote. They were elected and they may be presumed in justice to themselves to be as sincere in their purpose as he was."

Fatal Hunting Accident. HOUGHTON, Mich., Oct. 28.—The first fatal hunting accident of the present season in northern Michigan occurred today, when Jerry Coffey, a logging foreman, was shot, presumably by a deer hunter.

Removed for Cause. WASHINGTON, Oct. 28.—President Taft has removed Edwin L. Barnes, registrar of the land office at Great Falls, Mont., and accepted the resignation of Reuben Wilson of the same office. The action follows an investigation. Successors will be named in a few days.

Salt Laker Enlists. Robert E. Michaels, a young electrician living at 1912 South State street, enlisted in the United States navy yesterday as an electrician. He will be sent to the navy electrical school at Mare Island for a course preparing him for service at sea.

Hood's Sarsaparilla

Cures all humors, catarrh and rheumatism, relieves that tired feeling restores the appetite, cures paleness, nervousness, builds up the whole system.

Get it today in usual liquid form, or in uncolored tablets called Sarsatabs.

BRYAN'S STATEMENT AS TO THE ELECTION

(Continued from Page One.)

questions of moment that now confront the people of these United States. In this attitude of the people I can see no basis and that is the election of Governor Wilson to the presidency on the 24th of November and the utter rout of Wall street and the big money trusts.

And when the news comes that Wilson is the choice of the voters, as I believe it is, I can picture how happy that noble man and his wife will be in their New Jersey home. But out in Nebraska there will be a mother and father and his wife equally as happy for it will mean to us the consummation of sixteen years of struggling and fighting for the principles of Democracy.

This is my message to the people of the United States, a message of hope on the eve of victory. Yours for a triumphant Democracy.

WILLIAM JENNINGS BRYAN

CONDUCTOR KILLED WHEN ENGINE HITS CAR

ST. LOUIS, Mo., Oct. 28.—Charles Kemp, a street car conductor, was killed and fifteen passengers injured tonight at Fourth and Division streets when a Burlington engine struck the car in the center of the street.

Henderson, a Morningside college student, was seriously injured, a deep cut being inflicted in his side. The others received minor wounds.

Kemp, the conductor who was killed, went forward to signal a clear track. A switch engine was in view forward, followed by the Burlington engine which was on its way to a roundhouse.

Kemp did not see the second locomotive and when the switch engine had passed, signaled the Burlington engine to proceed back and boarded the rear end of his car just before the crash came.

SURETY COMPANY IS COMPELLED TO PAY

SAN FRANCISCO, Oct. 28.—The United States district court of appeals denied today the appeal of the National Surety company from the decision of a lower court, by which the company was ordered to pay the Western Pacific Railroad company \$50,000 as the liability of a surety company for the California State Deposit and Trust company.

Brown was secretary of the Western Pacific at the time of his connection with the bank. It was charged that he had deposited funds of the company in the bank when he knew the institution was insolvent. After the bank suspended payment the railroad company sued the surety company and obtained a verdict for the liability of the bond, which was affirmed today.

Tickling in the throat, hoarseness, loss of voice, indicate the need of Ballard's Horehound Syrup. It cures the lungs, quiets the cough and restores health in the bronchial tubes. Price, 25c, 50c and \$1.00 per bottle. Sold by Schramm-Johnson, Drugs, five good stores. (Advertisement)

MURDER SUSPECTED

QUINCY, Ill., Oct. 28.—The body of Mrs. Ellen Cullner was found today in the ruins of her home near Warsaw. The woman was 72 years old and lived alone. She had considerable money concealed about the house and it is believed she was murdered for her money and the house burned to conceal the crime.

FOREIGNERS ALLOWED TO SUE FOR DAMAGES

WASHINGTON, Oct. 28.—The family of a foreigner in his home country, while the land of the house is working in America for its support, heretofore may be able to sue for damages for injury or death, provided as it would if the family lived in the United States. A treaty is about to be concluded between the United States and Italy conferring this right upon Italian subjects. The right also may be claimed by foreigners of any other nationality under the revised nation clause and, as the senate committee on foreign relations already is favorably reported, ratification of the treaty seems assured.

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. Ballard's Snow Liment possesses that power. Rubbed in where the pain is felt it is all that is necessary to relieve suffering and restore normal conditions. Price, 25c, 50c and \$1.00 per bottle. Sold by Schramm-Johnson, Drugs, five good stores. (Advertisement)

Your Duty to Your Heirs

It is to the interest of your heirs that your estate be properly administered and it is your duty to select the most desirable executor obtainable. A sound and conservative Trust Company, such as this institution, which has every facility and equipment for handling all matters of trust, makes an ideal Executor.

with regard to European intervention in the Balkan area and great diplomatic activity in London. The Turkish ambassador had a two-hour conference Sunday at the French embassy, and the foreign office held today at the British foreign office between Sir Edward Grey, the foreign secretary, Winston Spencer Churchill, chief of the cabinet, and Lieutenant Colonel J. E. B. Seely, minister for war. Then the Turkish, French, Russian and Italian ambassadors, and the general staff arrived to be here, but we have not seen them.

A dispatch from Sofia to the Mail says the Bulgarian detachment, after destroying the railroad for some distance around Bist-Basin, withdrew to that village. Adnanpasa is surrounded and its fall almost immediately is thought of. Count Vranchevich, governor of Kirk Killiseh, who is said to have been responsible for the panic there, has been executed, according to a Constantinople dispatch to the Mail.

Austria Interested.

VIENNA, Oct. 28.—A cabinet council assembled at 4 o'clock this afternoon and was still sitting at midnight. Count Vranchevich, the foreign minister, presided. It is reported that the council is debating the Balkan problem and the attitude of Romania.

Fled in Haste.

BELGRADE, Serbia, Oct. 28.—The Turks evacuated Uskup in such haste that they killed one another in fighting for places in wagons and railroad cars, say reports from the front. The Serbians captured ninety-six field guns and fifteen howitzers, with a lot of railroad rolling stock. The Serbian army pursued the Turks and overtook them on the plain beyond the city.

The Serbians continued their march along the railway. The population of the towns along the way greeted the arrival of the visitors with enthusiasm. The Serbian troops continued their march along the railway. The population of the towns along the way greeted the arrival of the visitors with enthusiasm.

Servians Win.

BELGRADE, Oct. 28.—The Servian troops have taken the town of Mitrovitza, on the railroad to the north of Uskup, and Verisovitz also has fallen into their hands according to a dispatch from the Servian base at the frontier. Fifteen quick firing cannon, 4000 rifles and a mass of ammunition were abandoned by the Turkish troops during their retreat.

All the neighboring small towns are also surrendering to the Servians. The Turkish army after abandoning Uskup retreated toward Velez, the men showing away their rifles in their flight. Hundreds of wagon loads of supplies were left behind.

Turks Report Victory.

WASHINGTON, Oct. 28.—Official dispatches from the Turkish minister of foreign affairs, received here today, by the Turkish ambassador, are interpreted at the embassy as news that the Bulgarians have been repulsed from Kirk Killiseh with heavy losses and the city has been retaken by the Turks. A Bulgarian defeat at Marasch also is reported.

Mrs. A. R. Tabor of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers. (Advertisement)

GREEK HOSPITALS PROVE INADEQUATE

SPECIAL CORRESPONDENT OF THE INTERNATIONAL NEWS SERVICE WITH THE GREEK ARMY. LARISSA, Oct. 27.—The hospital arrangements of the Greek army are entirely inadequate for emergencies. The army has acted with such rapidity that it is impossible for the field ambulances to keep pace with it. Princess Alice, wife of Prince Andrew, the fourth son of King George, with a staff of picked nurses is following the army, rendering first aid to the wounded, by whom she is spoken of as "the ministering angel."

A Sarandop who performed almost miracles, fitting with her staff from one quarter to another, until late in the evening when she was compelled to stop because her clothing was drenched with blood.

Princess Appalled.

Princess Helena, daughter of the crown prince, has also followed with her hospital train. She personally described to me some of the difficulties under which she is obliged to work. Looking around the railroad station which is littered with wounded men, some on ambulances, others propped against the walls, she exclaimed in pathetic tones:

"Why three weeks ago I prepared for all this! It was too little time and this is only the beginning. A special train arrived on the day with Queen Olga on board. The queen immediately descended from her train and went at once to a hospital train that had arrived earlier on the day with its load of wounded. One by one she visited the wounded, speaking words of encouragement and thanking the brave soldiers for their efforts."

Pleaded to Remain.

At one spot which was stopped in a child's cart, she stopped for nearly half an hour. The case was that of a soldier shot through the lung. His mother, who lives at Volo, had come to the station to see that they were sent to Athens, pleading to be allowed to remain.

Rumania Aroused.

BUCHAREST, Rumania, Oct. 28.—The cabinet has decided that the circumstances do not warrant the mobilization of the Rumanian army. The king, addressing the ministers, declared that the existing situation would impose upon Rumania "the duty of arriving at important decisions."

Unable to Get News.

(Continued from Page One.)

LONDON, Oct. 28.—The Daily Mail correspondent sends the following from Teheran. "On Saturday night we encamped here. We see troops arriving and departing in long processions, but are allowed to know nothing whatever of the progress of the fighting. We are forbidden to leave camp and are held at the absolute disposal of the military authorities, who brought us here from Sulder. Abdullah Pasha and the general staff are said to be here, but we have not seen them."

A dispatch from Sofia to the Mail says the Bulgarian detachment, after destroying the railroad for some distance around Bist-Basin, withdrew to that village. Adnanpasa is surrounded and its fall almost immediately is thought of. Count Vranchevich, governor of Kirk Killiseh, who is said to have been responsible for the panic there, has been executed, according to a Constantinople dispatch to the Mail.

Strike at McGill and Ely is Off

refused being blank to make any concession after the strike or to enter upon negotiations of any sort. He had received a message from Mr. Moffat, who, in spite of the fact that Nevada will now enter upon an era of industrial peace all this is the great object to be accomplished.

Charles H. Moyer last night wired Judge Hilton that the statement issued by C. B. Lakeman, general manager of the Nevada Consolidated company, was satisfactory. This means that the strike at Ely and McGill is over, according to Hilton.

Saturday night Judge Hilton wired Mr. Moyer advising that the trouble be ended. He had received a message from Mr. Moffat, who, in spite of the fact that Nevada will now enter upon an era of industrial peace all this is the great object to be accomplished.

Convict Camp Plan Nearly Completed

Warden Arthur Pratt will leave tomorrow or Thursday for Washington county to make the final arrangements for the convict camp which will be maintained in that section during the winter months. Teams and wagons carrying the necessary road-building material left for the county last week. A total of fifty convicts will be kept at work during the winter months. Eight guards and two men appointed by the state road commission to see that the work is properly done, will comprise the camp.

Two Soldiers Killed in Railroad Wreck

TORONTO, Ont., Oct. 28.—Two soldiers of the Toronto garrison were killed and two probably fatally injured, and thirty-seven others badly hurt, when a freight train on which the troops were returning from a camp near Streetsville Junction, twenty-two miles west of this city. The special troops train crashed into the engine of the Canadian Pacific express bound for Detroit.

Bond Reduced for Alleged Panderer

Judge T. D. Lewis, in the Third district court, yesterday ordered the bond of Louis Greenberg reduced from \$5000 to \$1000. Greenberg was some time ago arrested and charged with pandering and arrested upon furnishing bond in the sum of \$500 before Justice Harry S. Harris. He was rearrested and Justice Harris charged of pandering and Justice Harris Murray fixed his bond in the second case at \$5000. Attorney William Newton yesterday argued the amount of the bond before Judge Lewis, contending that it was exorbitant. The court ordered the reduction, and in default of the bond Greenberg was locked up in the county jail.

Offer to Sell Out to Pierce People

NEW YORK, Oct. 28.—The taking of testimony of John D. Archbold in the Standard Oil-Waters-Pierce litigation was postponed until Thursday, pending the determination of negotiations to settle the suit out of court. Although counsel for neither side would discuss the case today, it became known Saturday that Mr. Archbold, John D. Rockefeller and other Standard Oil interests had offered to sell their holdings in the Waters-Pierce company to H. Clay Pierce, thus settling the fight for control. The deal would involve \$3,000,000, it is said.

Body Identified.

LOS ANGELES, Oct. 28.—The body of the young woman found in the chapparal along Silver Lake yesterday was identified today as that of Miss Tessie McCarty by the young woman's mother, Mrs. Mary McCarty of Los Angeles. The mother had reported to the police that her daughter had been missing, and as soon as she was shown the body, identified it as she was shown the body. She could furnish no clue to the murderer.

Agreement Signed.

PARIS, Oct. 28.—Premier Poincaré and Tomasso Tittorini, the Italian ambassador to France, today signed an agreement reciprocally recognizing France's right of entire freedom of action in Morocco and Italy's complete liberty in the government of Libya.

Developments at Bingham yesterday led the deputy sheriffs to believe that the strike pickets who had been on duty since Friday morning at the United States penitentiary headquarters in Bingham, have abandoned their hiding places in the mountains and are now in Bingham. The officers are satisfied that the two Grecks arrested last Friday have some knowledge of the shooting and that from them clues will be obtained which will lead to the arrest of the rioters. No further trouble is looked for.
