

## EUROPEANS TAKE UP AMERICAN METHODS

Louis Cohn, Home After Extensive Trip, Discusses Conditions Abroad.

GERMANY KEENLY ALERT

Kaiser's People Well Pleased With Wilson's Election; Berlin Beautiful City.

Louis Cohn, a prominent Salt Lake business man and head of the firm of L. & A. Cohn, one of the best known dry goods stores in the west, has returned from a six months' trip to Europe, whither he was accompanied by Mrs. Cohn and Miss Edna C. Cohn. The Salt Lakeers spent a large portion of their time abroad at Bad Neuenheim, which is probably the world's most famous health resort at the present time. They are enthusiastic in their praise of the place, both as to the efficacy of its waters, its climate and attraction in general.

### Profitable Trip.

That the party's stay at Bad Neuenheim was profitable to the family, is shown in their healthy looks and cheerful countenances. Despite the hardships of travel, all three appear as fresh as roses, and Mr. Cohn declares himself wonderfully recuperated and wholly fit to renew his energetic business activity here. When speaking of the trip, Mr. Cohn said:

"We experienced a most enjoyable trip, which was filled with interest at all times. I was particularly struck by conditions in Germany. That country appears to be enjoying a high degree of prosperity. One almost may say that Germany appears at the zenith of its power. And so far as Berlin is concerned, the Kaiser, true to his predictions, is fast making it the most beautiful city in the world. Its population is approximately 2,000,000 people. Its beautiful new streets, squares and boulevards are unsurpassed in any European capital, and old buildings are continuously giving way to attractive modern structures of highly artistic architecture.

The shops, business blocks and department stores of Berlin are among the greatest in the world, and one big department store there employs upwards of 5000 persons, which gives some idea of its magnitude.

### Adopt American Methods.

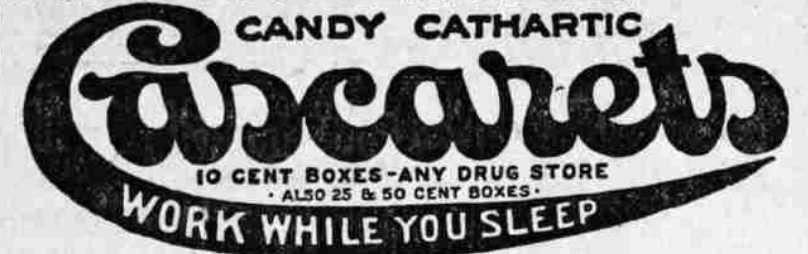

A striking feature of the trip was the obvious fact that the Germans, particularly, are fast adopting American methods, especially in the conduct of big department stores. Representatives have been in America closely studying conditions and methods and these ideas have been woven into European business more or less. The firms that have not done so are away behind and must come to it eventually in order to keep pace with their competitors.

Germany appears to be highly elated over the national Democratic victory in America. This not because they favor any particular party here, but because they believe the

## YOU'RE BILIOUS! YOUR LIVER AND BOWELS ARE INACTIVE -- "CASCARETS"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin,

mental fears, everything that is horrible and nauseating. A Cascaret tonight will surely straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bully for months.

Democratic victory will mean new wealth to their manufacturers. And they are not mistaken. For the shrewd German manufacturers are ever on the watch for changes in the American tariff. If the tariff goes down, up will go their prices, and America will be the loser.

The Balkan war at the beginning greatly depressed European stock exchanges, particularly in Germany, and this condition apparently still exists. But Germany has no direct interest in the Balkans. Its only concern is on account of the triple alliance of Germany, Austria and Italy. If one of these nations is drawn into a controversy in the Balkans, Germany will stand loyal to the "dreibund" that exists.
