## COMMITTEES NAMED

Contest Also to Be Made  
Against Importation of  
Convict-made Goods.

The directors of the Utah Manufacturers' association met in the Vermont building last evening and in addition to approving the appointment of committees, as made by the president for the coming year, discussed the matter of introducing a state products bill in the legislature. After discussing the beneficial results of the bill in question, it was decided to introduce it at an early date. The bill will provide for the exclusive use of Utah materials wherever possible in all public work, including the paving of streets.

It also was decided to push the objection to the importation of convict-made goods into the state and bar them, if possible. If the goods cannot be absolutely barred, it is the intention to impose a bond and license provision, the same as prevailing in Colorado. In Colorado dealers in convict-made goods are required to file a \$500 bond and pay an annual license of \$500. Dealers are required to label the goods "Convict Made," keep a record of where and from whom they are purchased and to whom they are sold at retail. The bond is for the performance of the duties last mentioned.

## Law in California.

In California, it was stated, with a few exceptions, convict-made goods are kept out of the state.

If further was decided to have 100,000 copies printed for distribution among laboring men employed by Utah manufacturers, the slips to be given to merchants when bills are paid, showing that the money with which the bill is paid was earned in a Utah factory. The slips read as follows:

The money that pays this bill was earned in a Utah factory.

Are you supporting these payroll builders by buying and boosting home products?

In 1912 the manufacturers of Utah distributed \$11,500,000 in payrolls alone and \$22,000,000 for Utah materials to their customers.

Their output was \$75,000,000. Won't you help them double it in 1913? It will help your business wonderfully.

## List of Committees.

The list of standing committees, appointed by the president and approved by the directors, follows:

Executive committee—John R. Bruff, chairman; Oliver B. Meredith and George Lloyd.

Finance—Heber J. Grant, chairman; W. A. Wilson, Henry Stringham, J. P. Moon, George A. Smith, William J. Allen, L. B. Hampton.

Membership—E. W. Mondell, chairman; O. R. Meredith, J. J. O'Connor, H. Herrington, John R. Bruff, A. E. Richards, Guy Wilson, Alfred T. Cull, J. H. Haslam, Frank Womack, Dr.

## COMMISSION WILL BE NEUTRAL

Decides That Active Official  
Work for Legislation Is  
Not Fitting.

Members of the city commission came to the conclusion yesterday that it would be the part of wisdom to take no active part in the support of the several legislative measures now being framed by the Commercial club to effect certain changes in the present methods of making public improvements, levying special assessments and other matters of municipal government.

Nearly all these measures, in rough draft, have been submitted to the commissioners for approval heretofore and that approval has been forthcoming, for the most part; but yesterday it was decided that the fate of the bills should be left in the hands of those who are framing them, so far as any formal action on the part of the commissioners is concerned.

At first the commissioners considered the advisability of employing a special legal counsel to look after the city's interests in the provisions of the various legislative measures. In fact, steps were taken to employ a local attorney to draft some of these measures. This plan fell through, however, yesterday when it was concluded that a too active support on the part of the commission might operate to the injury of the proposed measures.

POSAM'S RARE  
HEAVING POWER  
FELT AT ONCE

Posam works quickly. An overnight application will clear a red nose or an inflamed complexion. Pimples, discolorations and blemishes are soon eradicated. In promptly disposing of these minor skin troubles, Posam gives evidence of its remarkable powers to heal the more serious and stubborn skin diseases such as eczema, acne, tetter, itch, scabies, etc. In the cure of which it has made its great reputation. Itching is stopped as soon as Posam is applied.

POSAM SOAP keeps the skin secure against infection and disease, improves its color and texture, soothes tender skin, makes complexions clear, hands soft. The best shampoo for the scalp.

Schramm-Johnson, Drugs, "The Never-Substituted," Five (5) good stores, and all druggists sell Posam (price, 10 cents) and Posam Soap (price 25 cents). For free samples, write to the Emergency Laboratories, 22 West 25th Street, New York City. (Advertisement.)

COLLECT STALL FROM  
FOR HOME PRODUCTSBelieves That Utah Materials  
Should Be Used in Construction of Capitol.

D. F. Collett, secretary of the Manufacturers' Association of Utah, says he is still of the unalterable opinion that it is not necessary to go beyond the confines of Utah for materials with which to construct the capitol building. Mr. Collett added:

To advise the use of things that are not locally produced would be absurd, and it is foolish for the sponsors of importations to quibble concerning them.

Everybody knows that we have no glass factories here, neither do we have all kinds of wood that may be needed, nor the facilities for turning out the weightier steel structure. But we do have stone of great variety, of inexhaustible quantity and unsurpassed quality. We have brick made of cement and clay, having abundance of Portland cement and gypsum products, and much of the iron for bases and caps could be cast here.

Saturday afternoon four men who are stonemasons of many years' experience called at the Utah chamber of commerce to inspect the specimens of native stone on exhibit there. The Utah granite was likened by them to the granite in the magnificent W. A. Clark mansion in New York, which was quarried in Massachusetts and is of very good quality. None of the men is a native of Utah, but they are all in favor of Utah materials for the capitol building and he says that native granite is the material called "bushings" would be a splendid material for the structure.

The impression has gone out that the Manufacturers' Association of Utah has impugned the motives of the successful bidder in the matter of using Utah material in the capitol building. Such is not the case. The association is not responsible for the views or statements of individuals, and it has neither expressed nor implied an opinion as to what course the contractor may pursue in the matter of selecting materials. The association, backed by many other local organizations, has taken a pronounced stand for Utah and Utah's interests in the matter of the capitol building. We contend that it shall be of Utah as well as for Utah.

Speaking of the controversy over Utah materials for the capitol building yesterday, Alexander M. Stewart, president of James Stewart & Co., the capitol contractors, said:

"So far as the materials to be used in the capitol are concerned, that rests entirely with the capitol commission. We favor the use of local materials as far as it is practicable and we always take that stand when possible, as it is the best policy for the contractor at any time."

Mr. Stewart said further that the workmen would be hired here, or as many of them as possible. He also commented on the improvements made in the city during the last year and the bustle indicative of prosperity. During his stay in the city he has been able to see the plans of the new state capitol with the local representatives of the company and expresses himself as being well pleased with the preliminary arrangements.

Mutual Film corporation; capital stock, \$5000; shares, \$100 each. William F. Trotter, president; Harry Wolfe, vice president; Walter N. Seligberg, secretary; Edna L. Thomas, treasurer.

## Honor Young Sculptor.

A cast of "The Buffalo," one of the famous sculptor's pieces, placed in the banks, the local youngster whose work has attracted attention all over the nation, was placed on exhibition on the third floor of the city's side of the capitol building yesterday. It is likely that the city will purchase the cast as a permanent adornment. It will be maintained near the mayor's office.

The board of education has purchased fifteen such casts to be placed in as many of the public school buildings.

## STREET DEPARTMENT ASKS FOR \$200,000

In its annual budget recommendations filed with the city commission yesterday, the street department asks for \$200,000 to carry on its work during 1913. This is an increase of \$20,000 over the 1912 appropriations, which the department asks for to supply various funds on which there will be a heavier drain this year owing to contemplated improvements.

During 1912 the department spent \$178,841.77, which left a balance of \$21,158.23 from the total appropriation.

## Daley Trial Resumed.

Judge P. C. Lombard, having recovered from the indisposition which confined him to his bed last week, the trial of Joe Daley, charged with having robbed yesterday John Mullins a waiter in the restaurant, resumed before a jury in the district court yesterday. The case was continued from last week owing to Judge Lombard's illness.

The jury was completed and several witnesses were examined by the state yesterday. John Mullins, a waiter in the cafe, testified as to the robbery. He identified Daley as the man who thrust a knife into his chest the night of December 20 and proceeded to rifle the cash register.

REPUBLICANS OF THE  
SENATE O CAUCUSEffort Will Be Made to Ar-  
range Plan to Confirm the  
Taft Appointments.

WASHINGTON, Jan. 27.—The Republican fight for the confirmation of President Taft's 1300 appointments now pending in the senate will come to a head tomorrow when a Republican caucus will be asked by Republican leaders to bind its members to a continuous session behind closed doors in an effort to break down Democratic opposition.

The caucus has been called ostensibly to take up the proposal made by the Democrats for a joint committee to weed out the Taft appointments and select certain ones that shall be confirmed. It is understood that prominent Republicans will submit to the caucus a proposed plan by which the members would bind themselves to attempt to hold the senate continuously in session until the Democrats could be forced to give way and permit a consideration of all appointments.

It is believed tonight that many of the Republicans would not agree to the suggested plan. Since the Democratic fight against the Taft appointments began a number of executive sessions have been held but the Democrats have kept up a general filibuster and have prevented action on more than three or four nominations. The attitude of the individual Republicans is indicated by the caucus. Tomorrow will decline to meet with the Democrats through a joint committee. In case the plan for a continuous filibuster should be adopted, the situation of the appointments will remain practically unchanged.

Democratic leaders apparently have determined to hold the senate in session on appointments until toward the close of February when they believe the Republicans can be forced to agree to the confirmation of army, navy, consular, marine corps and public health service appointments, leaving the balance to fall by expiration of the session March 4.

Lame back may come from overwork, cold settled in the muscles of the back, or from disease. In the two former cases, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by Schramm-Johnson, Drugs, five (5) good stores. (Advertisement.)

DENIES REPORTS  
OF REVOLUTIONPhilippine Commissioner in House  
of Representatives Makes  
a Speech.

WASHINGTON, Jan. 27.—Manuel L. Quezon, the Philippine commissioner in the house, made a speech today denying reports that Aguinaldo and other native leaders were fomenting a revolution.

Quezon discussed reports published to-day of a battle between American troops and Moro natives in which several troops were killed.

"Coupled with this report," declared Mr. Quezon, "was the statement that Aguinaldo and other Philippine leaders were engaged in political activities and were preparing for war. This is not true. The last two months, since the Democrats won at the polls, these reports have come from the Philippines regularly, because the Democrats are endeavoring to give the Philippines their independence.

"These encounters between Moros and Americans are being used by the Democrats to conceal the fact that they are not given out of it is somebody's interest to give them out."

The Philippines are not preparing for war. They have faith in the American people and they trust their liberty at the hands of the American people. Especially they will not fight since the Democrats have pledged to give the Philippines independence, he said.

Mr. Quezon pledged the fighting strength of the Philippines to the United States. "If you ever get into a war in the east."

INAUGURAL PLANS  
ABOUT COMPLETEDResolution Passed by Senate  
and House in Hands of  
the President.

## HONOR POST ASSIGNED

Wilson Club of Trenton, N.  
J., Will Have Coveted  
Place in Parade.

WASHINGTON, Jan. 27.—Only the signature of President Taft now is needed to the resolution of congress authorizing the inaugural committee to erect stands on public space, string overhead wires or conduits for special illumination and borrow flags and emblems from the war and navy departments to carry out its plan for the ceremonies incident to the inauguration of President-elect Wilson. The resolution was adopted by the senate today and already has been approved by the house.

As soon as the resolution contained no amendment as requested by a delegation of women suffrage advocates for the erection of a special stand, south of the treasury department, to be used in connection with the suffrage parade March 3.

## Women Pleased.

Senator Sutherland said he had been instructed to report the resolution with such an amendment unless satisfactory arrangements were made between the suffragists, the war department and the inaugural committee. He announced that, according to letters he had received no objection would be raised by the war department and Chairman Eustis of the inaugural committee to the proposed stand. Suffragist leaders expressed themselves as well pleased with the result of their fight.

## Post of Honor Assigned.

The Wilson club, of Trenton, N. J., is to have a post of honor in the parade as the "original Wilson club," according to officials. The Wilson club of Staunton, Va., the president-elect's birthplace, was a contender for this honor, but it has been found that many of the members of the club are to march in the parade as members of military organizations of Virginia and that the club will not enter the parade as an organization.

Inaugural committee officials estimate the governors of three-fourths of the states east of the Mississippi will attend the inauguration and participate in the parade and that governors of one-half of the states west of the Mississippi also will be here.

## Wood Chooses Staff.

General Wood, grand marshal of the inaugural parade, completed today the organization of his staff with the selection of two additional aides de camp. They are J. D. Baguer, commander of the department of the Potomac, G. A. R., and Jere A. Costello, commander of the department of the District of Columbia, United States Spanish-American war veterans.

## Drives Off a Terror.

The chief executive of death in the winter and spring months is pneumonia. Its advance agents are cold and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George V. Place, Rawsonville, Vt., and for coughs, colds and croup we have never found its equal." RENOVATING OFFICE  
OF STATE SECRETARY

Complete renovation of the office of David Mattson, secretary of state, was begun this morning by the county commissioners. The building that houses the business office from the outer office are to be removed, the partitions removed to afford a more airy room, and the vault is to be so arranged as to permit of the orderly filing of all public records.

Mr. Mattson has cleaned out of the vaults hundreds of bound volumes containing public documents of the state of Utah, including all reports of state officers and all matters of official nature that have been recorded for the past decades. He has decided to distribute these books among the various public libraries of the state, provided the libraries desire to have them.

STATEMENT SHOWS  
POLL TAX PROFITS

Revening charges made in a local publication recently that it costs more to collect poll tax than the revenue from that source would justify, the city poll tax officials yesterday gave out a statement showing that during 1912 \$20,000 was collected at a cost of \$2,518, leaving a net balance of \$17,482. The statement also contains the information that the poll tax collections for 1912 exceeded those of 1911 by \$8000.
