# AMUSEMENTS

## SALT LAKE—100 Years of Mormonism.

MOVING-PICTURE SPECTACLE, tonight and Tuesday, at 8:30 and 8:30 p. m.

COLONIAL—William Kelly and stock company in "The Greyhound." All the week. Matinee Thursday and Saturday.

ORPHEUM—Advanced vaudeville. Performances every afternoon and evening.

EMPIRE—Vaudeville. Performance every afternoon and two performances at night.

SNAP and go are characteristic of nearly all the acts in the Orpheum road show. Apparently the impresario who assembled this aggregation of vaudeville talent endeavored to select each act not only for its liveliness but for its individuality.

This morning the officers of the Park City council put on the first degree, under the direction of Grand Knight John Leahy. The exemplification of the second and third degrees began at 2 o'clock this afternoon in Society hall. The officers of Salt Lake council, under the direction of Grand Knight A. J. Brunson, and assisted by East Grand Knight Earl Roach of Ogden council, exemplified the second degree.

Good Degree Work.  
The state degree team, headed by State Deputy S. A. Maginnis, put on one of the finest third degrees that the order in Utah has ever witnessed. The enthusiasm of the twenty-six candidates who took the degree suggested that those who witnessed the work that the local council will be materially strengthened by its new members.

At the conclusion of the degree work the knights were joined by the large party of ladies who accompanied them in the banquet served in the O. G. hall. After enjoying the feast, which was served by the Park City ladies, a programme of impromptu toasts was given by J. McLaughlin, Park City district deputy grand knight, acted as toastmaster.

Many of the best speakers in the order in Utah, as well as visitors from other states, delivered short addresses that sparkled with wit and humor. The words were given by the following: The Young Ladies' society, Park City; S. A. Maginnis, state deputy; John Leahy, grand knight of the Park City council; C. J. O'Malley, Salt Lake; A. J. Brunson, grand knight of Salt Lake council; J. E. Sullivan, grand knight of Eureka council; George J. Gibson, Salt Lake; J. Harvey, Salt Lake; R. C. Trainer, Salt Lake; J. E. Driscoll, Eureka; Earl Roach, Ogden; J. A. Tallon, Park City; J. Mackley, Cripple Creek, Colo.; William Crowley, Newport, Ky.; Meehan, Salt Lake; Dr. J. J. Galligan, Salt Lake; Miss Katherine Driscoll, Salt Lake; Miss Kathleen Graves, Salt Lake; Miss Margaret Collins, Salt Lake. The last three young ladies represented the Young Ladies' society of St. Marys cathedral, Salt Lake.

Enjoyable Trip.  
During the afternoon, when the knights were attending the degree work, the party of Salt Lake young women and the wives of a number of the knights were royally entertained by the ladies of Park City. An unusually large number of women made the trip and were just as enthusiastic as the knights. Much merriment in the way of "practical jokes" enlivened the trips to and returning from Park City.

The bill and with dancing by Oscar and Suzette, the creators of the back to back waltz. The waltz is produced in all its phases with exquisite grace and style. The two-step, the one-step and the rag combined.

The stock company at the Colonial has a thrilling though plausible and convincing vehicle this week in "The Greyhound," a four-act drama by the author of "The Greyhound." The title role is a heavy part, played by J. Frank Burke, but W. J. Kelly, leading man, happily carries it. Marie Baker, a capable and card sharp who is engaged as a detective.

"The Greyhound" is a congenial application of the law to the life of crooks skilled in confidence games. Members of the gang are the Pale Face Kid, portrayed by Arthur Moon, and a gambler, played by Marie Baker. The new character woman who made her first appearance with the company last night.

A large party of knights and ladies from the trans-Atlantic liner Mauretania on its way from New York to Liverpool, Fellman and his gang undertake to filch the two families.

Part of the plot is to have young Allen fall in love with Kitty. Allen's sister is about to marry a duke and such a party is being given for the occasion to the relatives, but the scheme is to trap the young man into protestations of affection, have the parents believe that they have been deceived and then sue for a suit for breach of promise.

Previously Fellman committed an atrocious crime, the rest of the comedy, the death of his young wife. So certain is her demise that when he catches a glimpse of a girl who resembles her he is really shaken and he is unable to his apprehensions with drink. As a matter of fact she still lives and McSherry is giving him a lesson in the play.

The new character woman was received with approval by the audience. Mr. Kelly was up to his usual standard. Mr. Burke was a wonderful actor. The title role is a heavy part, played by J. Frank Burke, but W. J. Kelly, leading man, happily carries it. Marie Baker, a capable and card sharp who is engaged as a detective.

The following theater notices are marked "advertisement" in order to comply with a strict interpretation of the new federal newspaper law. In many cases the notices are furnished by the press agents of the various theaters.

"The Siren" with Donald Brian as the star, under the management of Charles Frohman, will come to the Salt Lake theater Thursday for three nights and a Saturday matinee. "The Siren" is in three acts and Mr. Brian has the role of a young man who is supposed to be a member of the British royal family.

The value of the ore discovered is shown by the fact that one tract of forty acres drilled thoroughly shows forty feet of ore, only eighty feet from the surface, worth, if as extensive as estimates indicate, \$8,000,000. The operators have leased 400 acres adjoining this tract, also supposed to be rich in iron.

There are only 150 "Mosids-by-the-Lake" 40 acre irrigated tracts. And they are going mighty fast. Call the National Savings & Trust Co., Top Floor, Walker Bank Bldg., Salt Lake City, Utah, for complete information. (Advertisement.)

GREY DENOUNCED FOR HIS REFUSAL TO ACT  
LONDON, Feb. 2.—In his presidential address to the board of deputies of the British Jews today, David Alexander denounced Edward Grey's attitude in the passport question. He declared that it was a virtual submission to Russia's claim to discriminate between the British Jews and other British subjects.

The British foreign minister announced last November that he would decline to approach Russia with a view to securing the withdrawal of the restrictions placed on British Jews in that country, on the ground that such action on the part of Great Britain would lead to the termination of the Russo-British treaty for commerce.

## FEAR BRYAN WILL ATTEMPT TO DIGTATE

Democrats of the Senate and House Are Perfecting Defensive Organization.

By International News Service.  
WASHINGTON, Feb. 2.—Aroused by President-elect Wilson's repeated assertions that he is to stand for the progressive idea and alarmed by the fact that William Jennings Bryan is to head the cabinet and may attempt to direct legislation, Democratic leaders of the house and senate are perfecting a defensive organization.

It is their purpose to prevent the shooting to pieces by radical methods and suggestions of reforms of the existing legislative organizations, through which the business of the house and senate is facilitated and transacted.

House Democratic leaders have been unable to learn from Governor Wilson what he wants in the matter of legislation. Leader Underwood does not know what Mr. Wilson desires in the matter of tariff legislation, except that the tariff bills "shall not disturb legitimate business."

There is some suspicion that Governor Wilson in his reported intention to hold up patronage may desire to keep in his hands a weapon to force senators and representatives to come around to his views on the tariff, currency and what other matters may be brought up at the special session of congress.

GREAT ACTIVITY IN OIL REGIONS  
High Price for the Crude Product Starts Work Among Eastern Drillers.

PITTSBURG, Pa., Feb. 2.—Five advances of 7 cents each in Pennsylvania crude oil last week set the quotation up to \$3.40 a barrel and is the basis for feverish activity among drillers in western Pennsylvania, eastern Ohio and West Virginia. New operations in the oil fields are being pushed day and night. Old wells are being cleaned out and connected with pumps, while others, long looked upon as unprofitable because of the low price of crude oil, are being drilled over.

In January of this year 266 more wells were drilled in the territory east of the Mississippi river than in January, 1912, according to reports here. It is predicted February will show a much larger total.

With the exception of a short flurry in 1912 when Pennsylvania crude, the basis of all oil prices, touched \$2.89 and remained above \$2 for a short time, the present quotation is the highest since December, 1912, when the high water mark was reached at \$4.25.

The entire production of "One Hundred Years of Mormonism" is a young woman of magnetic personality and all ways smiling. She is a clever story teller and a mimic of known ability. The bill this week will feature a new and exciting program at both performances last night voted it so.

At the McNeely today the Kay-Bee multiple feature entitled "The Mosaic Law" a wonderful military drama. It depicts the vengeance of a father who relentlessly pursues the man who caused his daughter's death and cornering him in the hills squares accounts with him according to the Mosaic law, "an eye for an eye, a tooth for a tooth, and a life for a life." Striking scenes of a desert sandstorm are shown, thrilling battles and wonderful acting.

Gertrude Debest, who for five years has toured Europe, Asia and Africa in vaudeville, has returned to America and is making an exclusive tour over the Salt Lake and Ogden circuit. She will close her engagement at the Empire Tuesday, when the excellent bill that has held the Empire patrons this week will be succeeded by one which promises many surprises, beginning with Wednesday matinee. Miss Debest is a young woman of magnetic personality and all ways smiling. She is a clever story teller and a mimic of known ability. WHAT THE INTERNAL BATH Is Doing for Humanity  
Under our present mode of living the large intestine (the colon) cannot get rid of all the waste that it accumulates, so it closes up and then poisonous constipation is the result, and that lack of desire to do, to work, to think.

This waste in the colon, as we all know, is extremely poisonous, and if neglected the blood takes up the poisons and brings on countless very serious diseases—appendicitis is directly caused by waste in the colon.

If the colon is kept clean and pure you will always feel bright and capable—never blue and nervous—always up to "concert pitch."

There is just one Internal Bath which will keep the colon as sweet and clean as nature demands it to be for perfect health—that is the "I. B. L. Cascade."

Many thousands are using it, and doctors prescribing it with great success over the world. It is now being shown and explained by Selrahm-Johnson, Drugs, "The Never-Substituted," Five (5) Good Stores.

## TAKT TO NAME MORE JUDGES

Administration Makes a Record in the Matter of Appointments to Bench.

WASHINGTON, Feb. 2.—Before he quits office President Taft expects to send to the senate the nominations of five more federal judges, making a record of 114 in his administration, a record unequaled, so far as available documents show, by any other president in four years.

Counting these five nominations and ten already sent to the senate but still unconfirmed, Mr. Taft will have named 53 per cent of the 195 federal judges provided for by the statutes.

While the president is known to regard his appointments to the supreme court as the most important he has made and he has named five of the nine members of that court and a chief justice, he has taken great pride in his selection of circuit district and territorial judges.

There are 116 federal judges who require the aid of that sort of Mr. Taft has appointed 65 or about 56 per cent. Mr. Roosevelt in his first term named 43 life judges and in his second term 43 life judges and in his second term 43 life judges and in his second term 43 life judges.
