JOHNSON AND WOOD STICK TO AMERICAN

Pitchers Offered Fortunes by Federal Refuse to Break Their Contracts.

CHICAGO, Jan. 8.—Walter Johnson, the Washington pitcher, has refused an offer of a salary of \$30,000 for three years and a bonus of \$10,000, made him by Joe Tinker, manager of the Chicago Federal league team. Tinker announced today, Johnson said he "was sorry, but had already signed with Washington and would not jump his contract."

A similar offer was made Joe Wood, the Boston American league pitcher, but he also declined because he had already signed with his team. "King" Cole, who gained fame as a member of the Cubs' pitching staff in 1910, and who was drafted by the New York Americans from Columbus last fall, was signed today by Manager Tinker.

Tinker Goes Scouting.

CHICAGO, Jan. 8.—The long-promised raid upon the major league for baseball talent has been going on in earnest by Federal league interests, according to Joe Tinker, manager of the Chicago club, who left tonight on a trip which, he says, will take him to the homes of many players who have won fame in the National and the American leagues. Otto Knabe of the Baltimore club and Mordca Brown of the St. Louis club will soon start on a similar pilgrimage, Tinker said.

Tinker refused to name any of the players he intends to visit or to say where his first stop will be.

Tinker left a few hours after the return here of President Murphy of the Cincinnati at the national commission meeting. The Cub president asserted that he learned there that Tinker's disregard of rules governing drinking was one of the reasons why he was released by the Cincinnati club.

Tinker Has His Say.

Last season was my most successful in baseball, and if I thought my success was due to drinking, I would spend more time at the bar, was Tinker's reply. "I led the league averages in hitting. I was not such a hard drinker that the Brooklyn club hesitated to pay \$25,000 for my services without consulting me."

"Mr. Murphy himself had a conversation with me after the Brooklyn negotiation had started, and in violation to the national agreement he said he had paid \$10,000 for the services of Roger Bresnahan and hinted that he thought as highly of my ability to play ball."

Carisch Also Refuses.

MINNEAPOLIS, Jan. 8.—Fred Carisch, catcher for the Cleveland American league baseball team, who is visiting here today, refused an offer from the Kansas City Federal league club. Carisch said he would remain with Cleveland.

Chicago Incorporates.

Each Club for Itself.

NEW YORK, Jan. 8.—"The major leagues will take no concerted action against the Federal league, but each club will be expected to look after its own interests," President Harry Hempstead of the New York National league club asserted today, returning from the recent meeting of the national baseball commission in Cincinnati.

"We do not regard it seriously," Hempstead said.

Defy Blood Disorder BY Giving the Blood an Effective Bath

The word Medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known medicine, S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to its own healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming Rheumatism, Catarrh of the Stomach and Intestines, skin eruptions and all blood troubles.

And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause sore throat, weak eyes, loss of weight, pale cheeks and that weariness of muscle and nerve that leads to many people into the dangerous path of stimulants and narcotics.

Get a bottle of S. S. S. at any drug store, and in a few days you will feel bright and energetic. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 303 Swift Bldg., Atlanta, Ga., who maintain a very efficient advisory department where all who have any blood disorder of a stubborn nature may consult freely.

S. S. S. is sold everywhere by drug stores, department and general stores. Don't permit anyone to sell you a substitute least upon S. S. S.

BIG GROWD WATCHES GALANT WORK OUT

Four Hundred Fans Agree Pleased With Attitude of Boston Boy Is Classiest of Boxers.

The largest crowd that ever turned out to see a boxer go through his training was on hand at the rooms of the Manhattan club yesterday afternoon to watch Gilbert Gallant, who is working for his temporary bout with "Red" Hagan, which takes place at the Auditorium on this city on the night of January 23. The 2000 fans who were present put their stamp of approval on him before the first round of boxing was over.

Gallant is without doubt the classiest little fellow that ever hit the neck of the woods and he is being well liked by the manager, Alex McLean, and the eastern sporting writers, who have been following him since he was two years ago to box for the Johnston benefit. He is the local fan with his speed and ring confidence and they pronounced him the greatest little fighter of his inches they had ever watched in the training quarters.

McLean dropped him for this youngster and has maintained all along that Gallant is a ringer for his former position, but considerably faster and a better puncher. His work yesterday and today was a revelation to the crowd. He was hitting a top-notch punch, Malone has fought "Battling" Nelson and "Boss" Lincoln in a standing position. He has been in the ring of the recent game and some new lads who were unable, therefore, to do as much for our minor league members as we had hoped. But what is it, they will be materially helped.

The representatives, we felt, were sincere in their belief that an undue hardship would be placed upon them unless some requests were modified, and, as we had no disposition to do this about, we waived the points.

The treatment accorded us, except in the offensive attitude of one of the conferees, was all that we could have asked. We were met in a fair, cordial and dignified manner, which, in view of the strained relations previously existing, was gratifying in the extreme.

The statement was signed by John P. Daulton, Edward M. Reibach, Jacob E. Daulton, John L. Miller, Ray W. Collins and David L. Fultz.

PLAYERS' FRATERNITY IS WELL SATISFIED

Major; Hoped for More From Minors.

NEW YORK, Jan. 8.—The committee which represented the Baseball Players' fraternity before the national commission in Cincinnati this week issued a statement tonight expressing satisfaction at the granting of so large a proportion of their demands and pleasure at the attitude of baseball's highest tribunal toward the players. Regret was implied that the fraternity did not meet with more success for the minor league members before the representatives of the lower class organizations. "The statement reads:

"We believe that in the Cincinnati conference the ball players won a victory which a year ago could not have been dreamed of. Twelve of our requests were granted, though modified, and two were withdrawn. Eight or ten of them were vigorously opposed, but with the utmost frankness and good feeling. We met far more opposition from the minor league representatives than from the national commission, and were unable, therefore, to do as much for our minor league members as we had hoped. But what is it, they will be materially helped.

The representatives, we felt, were sincere in their belief that an undue hardship would be placed upon them unless some requests were modified, and, as we had no disposition to do this about, we waived the points.

The treatment accorded us, except in the offensive attitude of one of the conferees, was all that we could have asked. We were met in a fair, cordial and dignified manner, which, in view of the strained relations previously existing, was gratifying in the extreme.

VADAL PETERSON, university star, who may be compelled to quit athletics on account of injury.

Promising Athlete Severely Injured

As the result of an injury received in the basketball game between the University of Utah and the Y. M. C. A. team, Wednesday night, the university may lose the services of one of the greatest athletes who ever registered for work on the hill. Late in the game Vadal Peterson collided with one of the "Y" players and his knee was severely twisted. He was out of the game for a few minutes, but resumed play, apparently little worse for the injury. When he arose yesterday morning his knee was stiff. He called upon Dr. Jakob Bolig of the department of physical education for an examination.

Dr. Bolig says he fears the cartilage has been torn loose. After consulting with Dr. Lewis of the school of medicine, Peterson was told to keep off his leg as much as possible for a week and then to have it re-examined. The leg is much swollen and the doctors are unable to determine exactly how serious it is.

It is feared that if the cartilage is torn loose Peterson will have to remain out of athletics for the remainder of his college course. He is a freshman. He has already shown himself to be one of the greatest athletes in the Rocky mountains. Lieutenant Nelly, who coached the freshmen football team last year, said Peterson could easily make an end on West Point, Harvard, Princeton or Yale.

The basketball men at the university were highly pleased at their success with the Y. M. C. A., but the fact that many men played with about equal ability between the two teams has been considered as his first team this year. The equality, however, will make the boys more during the past ten days the B. Y. U. and the Aggies will find it difficult to win from the Crimson boys.

KNOCKOUTS MOSTLY ON PAPER, SAYS EYTON

Los Angeles, Jan. 8.—"Virtually all of the so-called knockouts are on paper; prizefighting, in fact, is a brutal sport," Charles Eytton, referee of the Joe Wilbert-Burr Young fight, in which the latter met his death, testified today.

Eytton testified that he never allows a fight to knock out their opponent, and said Parker McFarland was an example of a man who seldom won by the knockout route.

When the prosecution read a list of men whom McFarland was reported to have knocked out, Eytton testified that he had never seen any of the men named in the list, and that he had never seen any of the men named in the list, and that he had never seen any of the men named in the list.

The Marquis of Queensberry rules were introduced as evidence as the rules governing these contests.

McCarty testified that before any fight was started in the Vernon arena, the text of a decision by Superior Judge Frank R. Williams was read to the principals. This decision is the principal basis of the defense, as it holds that Ed Volgan and George Memphis, in their meeting here two years ago, took part in "boxing" and not in a prize fight.

Judge Craig will rule tomorrow whether this decision shall be admitted. It is expected that the trial will be completed tomorrow night.
