Electric Fans an Aid in Preventing Tuberculosis.

Good ventilation will tend very strongly to prevent consumption.

Electric Fans will greatly improve the ventilation in any building and thereby save many lives.

By having Electric Fans installed in their places of business, firms employing large numbers of clerks will perform a very humane act.

And they will soon realize that good ventilation by the Electric Fan method means better work.

SOUTHEAST CITIZENS MEET

Association Organized to Promote People's Needs.

Permanent Officers Will Be Elected at Session to Be Held in Anacostia on July 13.

For the purpose of bringing to the attention of the Commissioners and Congress the needs of Southeast Washington, the Southeast Citizens' Association was organized in Weller's Hall last night. Forty-five representative business men, property owners, and residents of that section enrolled their names as charter members, and by the selection of temporary officers and a committee to draft a constitution and by-laws, paved the way for the regular organization, which is to be formed at the next meeting of the association.

The following temporary officers were elected: Chairman, A. G. Herrmann; secretary, Harry E. Gladman; financial secretary, B. H. Bagby; committee on constitution and by-laws, Andrew Johnson, H. E. Embley, L. Fugitt, W. D. Cullen, A. D. Shaw, P. C. Garden, and Adolph Van Reuth. The entire membership of the association was enrolled as a membership committee for the purpose of securing new members.

Annual dues were fixed at \$1. Upon taking the chair, Mr. Herrmann spoke of the improvements needed in Southeast Washington, referring particularly to the Anacostia Flats, the mail service, and street improvements. Success, he said, is only to be obtained by concerted action, and he urged that the members combine in an effort to present forcibly to the Commissioners and Congress the justice and equity of appropriating for that section of the city a sum commensurate with the appropriation for the northwest and other localities.

In similar vein was the address of J. H. Thompson, who compared the city of Washington to an apple, tempting when seen upon a fruit stand, but upon investigation found to contain a decayed portion, designated by Mr. Thompson as the "southeast corner."

Suggestions in the way of improvement in the letter-carrier service and streets were also made by John McCathran and P. C. Garden.

The next meeting will be held at the call of the chairman, probably Saturday, July 13.

Growing Plants.
The summer home is made more charming by them. See Guide's Show, 121 F.

Cabin John Bridge, Catholic University, and Alexandria.

SELLING SITES IN SUBURBS.

Easley & Hill Invite Inspection of Lots at Richmond Park.
Easley & Hill report great activity in the sale of lots in Richmond Park, the new subdivision placed on the market by them a few months ago. Richmond Park lies between Wisconsin and Connecticut avenues, and is accessible by the car lines of either route. On the Connecticut avenue side the park is five blocks north of the bridge.

While some of the best properties in the subdivision have been sold, there are other just as desirable remaining, and Easley & Hill offer to take prospective buyers out there free of cost and show them their property. They believe that seeing it once is to buy, and they have obliging salesmen ready to point out the best sites and give a price upon them.

Easley & Hill are also meeting with much encouragement in the sale of lots at Silver Spring Park, out the Brightwood road, in Maryland. Here they offer excellent home sites at reasonable rates, far beyond the noise, dust, and clamor of the city. They specially invite home-seekers to visit Silver Spring Park to-day with a view to looking over its available lots and selecting one for a house.

Church Holds Annual Picnic.
The annual picnic of the Sunday school of the First Methodist Protestant Church, southeast, was held Friday last at Luna Park. After making the rounds of the various amusement features and partaking of a bountiful luncheon, the children devoted the remainder of the day to playing games, under the direction of Mrs. S. J. Luckett. A number of the older members of the congregation were also in attendance.

GUILD STORE IDEA GROWS

Co-operative Concern May Open New Store at Early Date.

Subscriptions to Stock Come in Rapidly—Permanent Board of Directors Elected Last Night.

Members of the Departmental Co-operative Guild, an association having for its object the uniting of employees of the government in the establishment of stores to be run on the co-operative basis, feel much encouraged at the success of the movement.

Although the books of the guild have not been open more than a month, it is said that subscriptions to the stock have been generous, and the management is now looking to the opening of the grocery and other departments of the general store at a date earlier than that at first fixed.

A meeting of the members was held last night to ratify the charter, adopt by-laws, elect a permanent board of directors, and select an auditor. The following were elected directors:

To serve one year—Charles D. Steaksy, Wilmington, Del.; Dr. Alphonse Patton, Treasury Department; Dr. H. M. Smith, Department of Commerce and Labor; Dr. M. J. Holmes, War Department; Benjamin T. Steele, Treasury Department, and Amos T. War Department.

To serve two years—Dr. A. D. Meitin, Department of Agriculture; G. W. W. Hauger, Department of Commerce and Labor; George W. Hall, Civil Service Commission; B. F. Chase, Interior Department; Clark Arnold, Department of Justice, and J. D. Hall, Navy Department.

To serve three years—E. W. Collamore, Navy Department; John B. Fay, Post-office Department; W. P. Goodenough, Department of Agriculture; Dr. W. F. Mosell, Interior Department; A. G. Flowers, Government Printing Office, and George M. Smith, Post-office Department.

The directors will hold a meeting early this week to elect officers and transact such other business as may come before them, it being the intention to then appoint various committees.

The selection of an auditor was postponed, a committee being appointed to make nominations and report at a meeting to be called at an early date.

TAKE UP TERRA COTTA CASE.

Grand Jurymen Begin Investigation of the Wreck.

The Grand Jury of the District of Columbia yesterday began an inquiry into the causes of the disastrous railroad wreck at Terra Cotta, D. C., on the night of December 20 last, when an equipment train on the Metropolitan branch of the Baltimore and Ohio Railroad crashed into the rear end of a regular express train, killing forty-three persons and injuring fifty persons.

The coroner's jury on January 9 held eight men of the train crews and railroad officials responsible for the wreck. William Dutton, the telegraph operator at the block tower, at Silver Spring, Md., was held by the coroner's jury to be the principal cause of the wreck in giving the empty equipment train a clear signal before the regular passenger train ahead had passed out of the other end of the block.

"THE OLD MADE NEW."
