of the most prominent people at Bar Harbor will take part. Still another novel and enjoyable event of the summer will take place August 28, when the annual flower and parade show will be held.

This is one of the most picturesque forms of entertainment given at the fashionable resort, and an old established custom.

Invitations for the marriage of Miss Louise Lake Menefee and Ensign Martin Kellogg Metcalf, of the United States navy, have been issued by Mrs. Dan Preston Menefee. The event will take place at St. Peter's Chapel, Mare Island, Cal., at 5 o'clock, Wednesday afternoon, August 22.

Miss Menefee is a decidedly pretty girl and a University of California graduate. She was a member of the Mask and Dagger Society. She possesses much dramatic ability, and figured prominently in theatrical affairs while a student at the university. Her home has been at Mare Island for some time, and it was there she met Mr. Metcalf. Ensign Metcalf is a son of Mr. and Mrs. Metcalf, of Berkeley, and is attached to the cruiser California, at anchor off Mare Island.

Representative and Mrs. George W. Smith, after spending the early spring and summer at their home in Illinois, are now at the Homestead, Hot Springs, Va., to remain several weeks. They will return later to Illinois, to remain till the middle of November.

Mrs. Mary Q. Ware, with her grandson, Clark Cunningham, of West Point, Miss., is visiting her sister, Mrs. Fred Bell, at 1230 Columbia road.

MISS VAN ALEN NOT ENGAGED. Her Brother, J. Laurens Van Alen, Denies a Report.

Newport, R. I., Aug. 18.—J. Laurens Van Alen, through his secretary to-day, authorized the denial of the report of the engagement of his sister, Miss Van Alen, to Mr. Zoltan Doehme. It was said that Mr. Van Alen knows positively that there is no truth in the report.

HOME WEEK IN BALTIMORE "Maryland, My Maryland" Planning Big Entertainment.

Sons and Daughters Entertained Everywhere, Invited to Attend Big Reunion Next October.

Special to The Washington Herald.

Baltimore, Aug. 18.—Maryland is sending invitations to her sons and daughters scattered everywhere to come to a grand reunion, and is making extensive preparations to give them a week of right royal entertainment when they come.

Old Home Week covers the dates October 12 to 19, and there will not be a moment of that time that will not thrill with the spirit of hospitality for which the Old Line State is famous.

The celebration will include a number of spectacular features in this city, such as an electrical pageant, a grand military and naval display, a gathering of patriotic societies, a parade and ball by the fraternal orders, a big concert, a night carnival, etc. There will also be a special pilgrimage to Annapolis on Peggy Stewart Day, which falls in Old Home Week.

The new Baltimore which has sprung from the ashes of the disastrous fire of 1904 will not be the least of the features that will afford delight and will surprise the returning sons and daughters of the State.

The homecomers will have the benefit of special transportation rates granted by railroad and steamboat companies, and arrangements are on foot to secure for the visitors the privilege of a side trip to Jamestown without extra charge.

Every former Marylander of whom the Maryland Home Coming Association secures information will receive a special invitation to attend the homecoming. These invitations are being sent out by Gov. Edwin Warfield in the name of the State. All persons who have information of the whereabouts of former Marylanders are urged to promptly forward such names and addresses as are in their possession to the secretary of the association, 602 Fidelity Building, Baltimore, Md.

REPUBLICANS TO CONTEST.

Will Nominate Candidate to Oppose Pullman for Virginia House.

Special to The Washington Herald.

Richmond, Va., Aug. 18.—It is reported in political circles in this city that the Republicans in this district are preparing to hold a conference in Manchester with reference to selecting a candidate to oppose Willis C. Pullman, Democratic candidate for the house of delegates.

Indeed it was evident that the Republicans were playing good politics when they worked for Pullman in the primary, for Foxworth alone has almost as many votes as the entire district, and a large number of these are Republicans. Should any one be put up there, the result might be surprising. Only one name has thus far been mentioned in connection with the Republican nomination, that of Overton Davis, of Powhatan County.

WATER BLAMED FOR EPIDEMIC. Wells at Gold Hill Affected by Deep Mining Shafts.

Special to The Washington Herald.

Salisbury, N. C., Aug. 18.—An epidemic of typhoid fever at Gold Hill, a small village of 500 inhabitants, has caused the drinking water of that place. In one day three deaths occurred and yesterday four new cases developed.

The water supply is causing serious trouble. All over the town the wells have run dry by the deep mining shafts in the Gold Hill district. The local health officer is consulting the State officers and some way to provide for the stricken town will be evolved.

MARYLAND NEWS IN BRIEF.

Frederick, Aug. 18.—The seventh annual reunion of the Western Maryland Association of the Dead was largely attended at Fraddock Heights. Mates from all sections of the State were present.

Baltimore, Aug. 18.—The old Mount Washington everglades has been sold to P. A. Van Antwerp, of Ithaca, N. Y. He proposes to undertake the development of the property, which he believes to be rich in deposits.

NEWS OF ALEXANDRIA

Delay in Wright Case Gives Rise to Comment.

EXPENSE CAUSES COMPLAINT

Citizens Want Matter Settled One Way or the Other, as Prisoner Costs County \$150 Every Month.

Washington Herald Bureau, (Bell Telephone 79, 224 King Street.)

Alexandria, Va., Aug. 18.—The prospect of a further postponement of the final disposition of the case of John Wright, colored, who was sentenced to death in Alexandria County last November, but was granted a stay of execution and later a reprieve, appears to be distasteful to a large number of the people of the county. While there is said to be a sentiment in favor of the negro's death in accordance with the verdict of the jury, it is pointed out that the present concern of the citizens is to have the matter settled definitely, one way or the other, without further delay.

The three months of grace allowed Wright by the governor will expire August 30, but it is said that an extension of thirty days will be granted in order to give the governor more time to investigate the case. Swanson recently requested Judge Barley to send him a record of the proceedings in the trial court, and in order to comply the judge suggested the lengthening of the respite by thirty days. It is said that this course will be followed.

Complain About Expense.

The intimation that the case would be held up another month occasioned considerable adverse comment among those who wish to see the matter disposed of at once. It is pointed out that each month of postponement means an additional expense of \$150 for the county.

Wright has been in jail nearly a year. He has been twice sentenced to death, first by Judge Nicol and the second time by Judge Barley. Should the governor finally decline to exercise executive clemency, Wright will probably have the experience of hearing sentence pronounced upon him by a judge twice.

Visitors Occupy Pulpits.

At several of the local churches to-day the services were conducted by visiting ministers, taking the places of pastors who are away on their vacation. At the morning and evening services at the Second Presbyterian Church Rev. L. F. Ross, of Lamar, Mo., occupied the pulpit. He will also preach next Sunday. Rev. Dr. Samuel A. Wallis, of the Episcopal Theological Seminary, preached at the morning services at Christ Episcopal Church, and Rev. L. R. Combs preached at St. Paul's Episcopal Church. Rev. W. L. Lynn occupied the pulpit at the morning services at Trinity M. E. Church. At the Washington Street M. E. Church South Rev. J. H. Balthis preached at the morning services and Rev. J. Fred Peake delivered the sermon in the evening.

Unable to Find Relatives.

Efforts to communicate with relatives of John Turner, who was killed by receiving an electric shock and falling from a tower car at Spring Park yesterday afternoon, have so far been unsuccessful. It is said that the deceased resided in Jackson, Tenn., but telegrams sent there have failed to bring information of any of his relatives. The remains are being held at the undertaking establishment of B. Wheatley, in King street.

Johnson for Judge.

It is said that the claims of Attorney John M. Johnson, of this city, for the judgeship of the Circuit Court, made vacant by the resignation of Judge Barley, will be personally presented to Gov. Swanson to-morrow by representative lawyers of this city. The governor's action is awaited here with much interest.

Corner Stone Laid.

Knights of Pythias Observe Ceremony at Hagerstown, Md.

Hagerstown, Md., Aug. 18.—With interesting exercises the corner stone for the handsome new castle which is being erected by Valley Lodge, No. 76, Knights of Pythias, was laid at 4 o'clock this afternoon. Members of the lodge, several hundred strong, marched from their meeting room to the site of the new building and occupied chairs that had been arranged upon a platform.

Palmer Tennant was in charge of the ceremonies. Addresses were delivered by Past Grand Chancellor William F. Frothing, of Baltimore, and Alexander Armstrong, Jr., of Hagerstown. The corner stone was formally laid by Justice Elias B. Hartle. Instrumental music was furnished by the orchestra of Christ Reformed Church, and vocal music by a double quartet from St. Paul's United Brethren Church.

WOMAN FATALLY SHOT.

Assailant Caught in Cornfield Near Wilson, N. C.

Special to The Washington Herald.

Wilson, N. C., Aug. 18.—In Little Washington, a suburb of Wilson, to-day, How and Johnson shot Nora Mabrey. She is not expected to live.

Johnson made a dash for liberty, but was caught in a cornfield in the edge of the city.

Track to Fair Grounds Promised.

Special to The Washington Herald.

Salisbury, N. C., Aug. 18.—M. L. Jackson and T. H. Vanderford returning from Washington, have the promise of Manager C. H. Ackert, of the Southern, to build a sidetrack to Fairview, the Yadkin Valley Fair Association's grounds and have it ready for travel by October 1. Work has just begun on the most pretentious buildings in Piedmont North Carolina.

GOV. WARFIELD BREAKS CAMP.

Proceeds to Oakdale with Members of Troop A.

Special to The Washington Herald.

Boyd, Md., Aug. 18.—Gov. Warfield and Troop A. under command of Gen. Clinton Riggs, broke camp at 6 o'clock this morning at Dawsonville, and by 8 o'clock left over the road for Oakdale, Howard County.

They had intended passing through Boyd's via Clarksburg, Damascus, Mullin, and to Oakdale, but at the last moment changed their route and went through Darnestown, via Gaithersburg, Washington Grove, Lantonsville, and on that route to Oakdale, where they arrived to-night.

The governor took supper last night at the home of Mrs. Margaret Allnut. There were no more disappointed people in Montgomery than those at Boyd's this morning. They waited until nearly noon to meet and greet him, but a message later conveyed the fact that the governor had been persuaded to take another route.

From Dawsonville, Gov. Warfield was accompanied by William Darwood, who acted as guide to the route through Darnestown.

JUMP FROM BURNING LAUNCH.

Four Men Have Narrow Escape from Crementation and Drowning.

Special to The Washington Herald.

Easton, Md., Aug. 18.—William A. Kirby, of Trappe, accompanied by H. T. Seymour, John R. Mullikin, and his brother, David C. Kirby, met with a serious accident in Mr. Kirby's gasoline launch. On the return trip at night, at the mouth of Trappe River, the launch took fire and was soon totally destroyed.

To save themselves from being burned they jumped overboard, but fortunately for them the water was not deep, and with a short swim and wading they reached the shore in safety. They landed on the shore of the farm of Charles Rice, who took them to Trappe.

WILL TEST NEW AEROPLANE

First Flight to Be Experimented at Jamestown Exposition.

Army and Navy Officers and Other Aeronautical Experts Will Witness Trial To-day.

Norfolk, Va., Aug. 18.—With officers of the army and navy serving in their official capacity, and a score of experts in the science of aeronautics studying its every performance, the new aeroplane, the invention of Israel Ludlow, of New York, will make its first flight from the Jamestown Exposition grounds to-morrow afternoon.

The War Department has detailed six soldiers, and the Navy Department the fast tug Potomac, to assist in getting the aeroplane under way. The installation of the gasoline engine in the aeroplane will not be made until after the first trip.

The tug will draw the aeroplane until it has ascended to a good height and is able to maintain its own equilibrium. Then, if it is found that the machine can be controlled as desired, the aeroplane will be taken to the fair grounds. Its engine will then be installed and a trip made independent of the tug. This will not be, however, for several days.

On its initial trip, the aeroplane will carry three experienced and daring aeronauts, Capt. G. L. Lovelace, of the aeronautics corps; J. C. Mars, of Los Angeles, and Robert C. McMillan, of New York City. This first flight will cover about thirty miles over the waters of Hampton Roads.

Plans for the flight were perfected at several conferences between army and navy officers and the aeronauts. Capt. C. Chandler, U. S. A., Signal Corps, and Capt. Merriman and Lieut. Hudson, U. S. N., attached to the battle ship Missouri, have been active in the preparation for the flight.

The new aeroplane, some naval experts think, would be more destructive to a fleet than submarines.

OLD GRUDGE ENDS FATALLY.

J. T. Shifflet Charged with Shooting and Killing Marvin Shifflet.

Special to The Washington Herald.

Harrisburg, Va., Aug. 18.—J. T. Shifflet, alias John Eaton, was placed in jail here this morning, charged with the murder of Marvin Shifflet and dangerously injuring Ashby Lawson.

Shifflet admits doing the shooting, which occurred late last evening, near Roadside, a small place in the eastern part of the county, but he claims that he acted in self-defense. Immediately after the shooting, Shifflet hid himself up to the deputy sheriff, and said that he had been attacked by the two men whom he shot and another whom he did not know.

All parties live in the same neighborhood, and the shooting is said to be the result of an old grudge.

VIRGINIA AND WEST VIRGINIA.

Richmond, Aug. 18.—William H. Sprague, aged sixty-six years, a veteran of Pickett's division, dropped dead from heart disease yesterday.

Richmond, Aug. 18.—H. H. Lettwith, foreign-born, died at his home by falling off a street car. He leaves a widow and one child.

PUSH KEEZELL BOOM

Leaders Want State Senator to Head Caucus.

AIM TO DEPOSE JUDGE MANN

New Element to Be Found in Senate of Next Virginia Legislature Making Efforts to Organize that Body and Take Charge of Affairs—Old Forces Alive to the Situation.

Special to The Washington Herald.

Richmond, Va., Aug. 18.—The movement to make State Senator George B. Keezell, of Rockingham, chairman of the Democratic caucus, is well under way and is in the hands of those who have successfully managed such affairs in the past. For many years Judge William Hodges Mann, of Nottingham, has been the caucus chairman, and it is believed that he is willing to serve again in that capacity.

The Democrats of the senate some time ago took up the question of defeating Judge Mann, senator-elect E. C. Folkes, of this city, being one of those foremost in the undertaking. When the move was first launched Judge Mann was still counsel for the Norfolk and Western Railroad, and it is believed that the plan originated from a desire to oust Judge Mann as chairman because of his railroad affiliations. Just what effect the recent resignation of Judge Mann from the service of the railroad will have remains to be seen.

Fighting for Control.

It is no secret that the new element to be found in the next senate is making an effort to organize that body and to take charge of the management of the State for the western wing of the capitol. Whether those concerned in the movement "speak the language of the tribe" is uncertain, but some of the most conspicuous lights were at one time more or less familiar with the signs and symbols of the big chiefs of a rival tribe to that which later was in the ascendant, though the few words may have been forgotten after the lapse of a few years.

At any rate, the chief of the Rockingham, embryo candidate for the gubernatorial nomination, candidate for reelection to the senate, is the man who is being fought to defeat Judge Mann. The fight promises to be a pretty one, with skill matched against skill, shrewdness against shrewdness, and ability checked against ability.

New Men in Caucus.

The senatorial caucus is to be held the day preceding the convening of the general assembly, and at that time the struggle will be decided. Interest attaches to the contest by reason of the fact that out of the total membership of the senate, the majority will be new men—that is, men who have never before served in that body, but some of whom have had legislative experience, and many of these have heretofore trained with the old men who are to be returned to the senate.

It is difficult to forecast just what the result will be in the contest for control of the senate, but the old men are not to be classed as unfamiliar with the methods of practical politics, and they may spring a surprise in the caucus and rout the prospective leaders.

FARMER KICKED TO DEATH.

Imprint of Horse's Hoofs Found on His Chest.

Special to The Washington Herald.

Harrisburg, Va., Aug. 18.—Peter Wine, a well known farmer living a few miles south of Bridgewater, was kicked to death by a horse last evening. Mr. Wine had just left the field, where he and his son had been plowing. He was riding one horse and leading another.

No one saw the mishap, but it is thought that death was due to Mr. Wine being kicked by the animal he was leading. He was found in the road by his son, but died within three minutes. Examination showed the prints of horses' feet just over the heart. Mr. Wine is survived by his wife and eleven children.

PLAN NEW SHIPYARD.

Edward S. Cramp Said to Be Interested in Project at Norfolk.

Special to The Washington Herald.

Norfolk, Va., Aug. 18.—It is announced on good authority here to-night that Edward S. Cramp, late of the Cramp Shipbuilding Company, has been invited to have just acquired for \$50,000 a tract of land on the eastern branch of the Elizabeth, which will once establish a large shipbuilding plant. The tract is 1,000x1,000 feet.

The plant will be equipped for the building of war ships or other large vessels, and heavy repair work. Cramp will be the managing head of the plant.

NAVY HAS MANY VETS.

Midshipmen Expect a Great Football Team This Fall.

Special to The Washington Herald.

Annapolis, Aug. 18.—The hardest football game in the history of the navy has been in the history of the navy's athletics is the one announced yesterday for next fall. Annapolis men have for some years believed that one reason for the navy's lack of success against the Army in football was the unwillingness to schedule enough hard games to get the men in condition for the grueling West Point match.

Negotiations were carried on this year with Princeton and the University of Pennsylvania, as well as other colleges with which games were arranged. Last year Princeton beat Annapolis by a single touchdown after one of the hardest games of the season, and the development of the Tiger team will be the opinion of its coaches, retarded by the trip.

Of the men of last year's winning team, Capt. Douglas, half back; Slingshuff, center; Meyers and Wright, guards; and Northcott and Piersol, tackles, and Jaeger, end, are eligible for the coming season, and of the substitutes, Shafroth, guard; Battle, quarter; Lange, half; Purcell, half, and Richardson, end, will also be eligible and will make hard fights for their positions.
