DR. WILEY UPHELD BY PHARMACISTS

Pass Resolutions Commending Him for His Efforts.

HAS BENEFITED PROFESSION

Pledge Him Their Support and Will Urge Upon President Taft to Retain Him as Head of the Bureau of Chemistry—Refuse to Handle Benzate of Soda Adulterants.

By adopting a resolution forwarded to them from the New York branch of the American Pharmaceutical Association, the pharmacists of Washington put themselves on record last night as ardent supporters of Dr. Harvey W. Wiley, Chief of the Bureau of Chemistry.

The resolutions declare Dr. Wiley, by his efforts in behalf of the enactment and enforcement of the pure food law, has conferred a great benefit upon the public in general, the business interests of the country, and the profession of pharmacy.

In Accord with Action. They add, furthermore, that the pharmacists of Washington are in accord with his action, tender him their support, and will urge upon President Taft and the Department of Agriculture that he be retained in his present office.

The occasion of this vote of confidence to Dr. Wiley was the regular monthly meeting of the city of Washington branch of the American Pharmaceutical Association, which met last night in the George Washington National College of Pharmacy, at 808 I street northwest.

Following the reading of papers there was a general discussion of the subject in which many comments and constructive criticisms were made of the work of the national body of the American Pharmaceutical Association.

May Be Blacklisted. The adoption of the resolution supporting Dr. Wiley gives good ground for the belief that benzate of soda as a food preservative will be blacklisted by the retail druggists of the city.

Already many of the larger dealers in Washington have refused to handle goods containing this adulterant, and a resolution condemning it will probably be passed at the next meeting of the druggists, which will be held at the National College of Pharmacy about a month from now.

CHANGES IN POLICE FORCE

Four Promotions Necessary After Capt. Mathews' Death.

Commissioners Approve, and the Rank and File of the Force Are Also Satisfied.

Maj. Sylvester yesterday announced four promotions in the police department, made necessary by the death of Capt. William H. Mathews, as follows: Lieut. J. Thomas Hollinger to be captain, Acting Lieut. Carl E. E. Flather to be lieutenant, Sgt. James A. Duval to be acting lieutenant, and Acting Sgt. John E. Catts to be sergeant, to take effect March 15.

The promotions have been approved by the Commissioners, and meet with the approval of the rank and file of the force. Each of the men promoted has enviable records.

Lieut. Hollinger will be in charge of the First precinct, and Capt. George H. Williams, of the First precinct, will be transferred to the Fifth precinct, to succeed Capt. Mathews. Acting Lieut. Flather, who has been on duty in the Fifth precinct, will return to the Fourth precinct as a lieutenant. Sgt. Duval will be transferred to the Fifth precinct as an acting lieutenant, and Lieut. J. T. Sprinkle, of the Fifth precinct, will be transferred to the First precinct. Acting Sgt. Catts will remain at the First precinct as a sergeant.

Maj. Sylvester also announced the transfer of Sgt. W. H. Harrison from the White House to the Second precinct. Sgt. C. P. M. Lord, of the Second precinct, will be transferred to the White House.

Lieut. Hollinger is probably one of the best known men in the department, and his promotion to a captaincy has met with approval. His father was a captain of police, and Lieut. Hollinger has been on the force for nearly twenty-five years. He was born in Charles County, Md., fifty-one years ago, and was appointed a private in July, 1884. Most of his service has been in the First precinct, where he has forged steadily to the front.

Acting Lieut. Flather has gained an enviable reputation during fifteen years' service. He was appointed detective from the Second precinct, and was later made acting lieutenant, and assigned to the Fourth precinct. His promotion to lieutenant was made for efficiency and merit.

Sgt. Duval, who has been promoted to acting lieutenant, has been doing duty as bicycle sergeant, detailed as night inspector. The position is regarded as one which makes enemies on the force, but by his fairness and attention to duty Sgt. Duval has gained a host of friends.

Acting Sgt. Catts, who will remain at the First precinct as sergeant, has been doing duty in that precinct eleven years. He has been a member of the department thirteen years, and his promotion was in recognition of the ability he has displayed. During his many years' service he has been clean, and Maj. Sylvester gave the promotion unsought.

DISTRICT TO BUY LAND.

Seeks Sites for New Reformatory and Workhouse. Upon approval of the Commissioners, the District will now advertise for sites for the new reformatory and workhouse authorized by act of Congress.

The act provides for "certain tracts of land, widely separated, of not less than 1,000 acres, either or both to be situated in the State of Maryland, or in the State of Virginia. They will be used for the erection of a reformatory of sufficient capacity to accommodate at least 1,000 inmates, and for a workhouse to lodge at least 500 prisoners."

Prisoners in the workhouse and jail may be utilized in the work of construction, according to the act. For the erection of temporary structures, \$100,000, together with \$10,000 for the architect's services and other necessary expenses, is provided.

MAINTENANCE SUIT FILED.

Mrs. Swartley Says Husband Has Not Provided Support.

George L. Swartley was yesterday named defendant in a suit for maintenance, filed in the District Supreme Court by Mrs. Annie L. Swartley. The court is asked to restrain Swartley from molesting the complainant during the pendency of the case.

Mrs. Swartley says that she was married to the defendant on February 9, 1880, and that in spite of her efforts to give him a "peaceful home" he deserted her on January 2, 1885, since which time he has contributed no support toward her support. Mrs. Swartley is represented by Attorney A. B. Webb.

LABEL HEARING IS POSTPONED

Only Short Session Held in Baker-Warner Case.

Counsel for Defense Reads Editorials to Show Public Opinion on Race-track Gambling.

Because Attorney Darlington, of counsel for the defense, had to attend the Supreme Court yesterday morning, the fifth day's hearing in the Baker-Warner label suit was postponed.

Immediately after court convened, Mr. Darlington produced copies of the Washington Herald and started to read extracts from its editorials, news articles, quotations from sermons, and from prominent people of Washington, in order to show the state of public opinion in reference to race-track gambling at the time Mr. Warner wrote the article which the court has held was libelous in itself.

Mr. Darlington, of counsel for the plaintiff, objected to the reading of the papers, and the objection was sustained, but as Mr. Darlington took exception to the ruling, he was permitted, after the jury was dismissed for the third time during the trial, to read extracts and have them entered on the record.

For nearly an hour Mr. Darlington read quotations from the issues of March, 1908, by which he showed that the editorial comment at that time, combined with interviews with the District Commissioners, public men, clergymen, and others of prominence in the city, were unanimous in their severe arraignment of the race-track and their criticism of the district attorney's office for not breaking them up.

After he had read a particularly severe statement, Counsel Hogan suggested that he had omitted the exclamation point. "Mr. Hogan wishes an exclamation point entered upon the record," replied Mr. Darlington. "I offer no objection."

After a smile passed around the courtroom, Justice Claiborne increased the merriment by remarking: "The court would like to suggest that you insert a period."

IMPROVED LIGHTING DELAYED.

All Systems to Be Considered and Opinions Heard.

The question of the future lighting of the main avenues and boulevards of the city will not be settled until the District Commissioners have given all systems full deliberation, and all public opinion a hearing.

Experiments with arc lights in the center of the pavements have been conducted, and Electrical Engineer W. C. Allen has gone so far as to submit a design for the ornamental post and opalescent globe to be used if this system is adopted. As yet, only a partial report of these experiments has been received by Commissioner Macfarland, and a comprehensive improvement of the street lighting will be worked out.

The ultimate aim is to make Washington one of the best lighted cities in the world. Little can be done, however, until the necessary appropriation is made by Congress, and, even assuming that this is gained at the next session, it will not be available before July, 1910.

Full details of the "middle-of-the-road" plan were worked out, but it is understood that when arc lights are placed in this fashion they are additional to the old lights on the sidewalks.

UNION TRUST DIVIDEND.

Financial Institution Makes Quarterly Installment 1-1-4 Per Cent.

Heretofore the dividend has been at the rate of 4 per cent per annum.

At this meeting by amendments to the by-laws, the office of third vice president was created, and George E. Fleming, heretofore secretary of the company since its organization, was elected to that position after being made a director, Edward L. Hilyer was elected secretary of the company to fill the place vacated by Mr. Fleming.

GOAT IS MOUNTED BY THE WOODMEN

Convention Delegates Attend Initiation of Members.

EVENING SESSION EXECUTIVE

Officers to Be Elected This Morning, and in Afternoon Visitors Will Be Received at White House by President Taft—Welcomed by Commissioner Macfarland—Answers to Roll.

New members "rode the goat" at the evening session of the convention of Woodmen of the World, in Odd Fellows' Hall last night. The exact form of equestrianism was not made public, but from sounds issuing from behind closed doors, it is to be inferred that His Goatship qualified for a sixty-mile "Roosevelt riding test."

The exercises were held under supervision of the degree team of Portsmouth, Va., in full uniform, and came at the close of the first day's session.

The convention was called to order yesterday morning in Scottish Rite Hall, 510 Pennsylvania avenue northwest. At the same time, head camps of the organization met in other places, all over the world for the annual conference. The world is held by jurisdictions, and the convention in session here is that of Jurisdiction 1, embracing camps in Virginia, West Virginia, Maryland, Delaware, and the District of Columbia.

An Executive Session.
