The Safest Investments

Are those that do not fluctuate during disturbed conditions of the money or stock markets.

First class real estate mortgages, well secured on real estate in the District of Columbia, constitute "safe" investments.

They do not depend upon the financial responsibility of individuals or corporations for their stability, and are exempt from taxation as personal property.

We can supply such investments in amounts from \$50 upward, and for booklet, "Concerning Loans and Investments."

GRAIN AND PROVISIONS.

Quotations furnished by W. B. Hibbs & Co., members of the Chicago Board of Trade, Hibbs Building, 75 Fifth Street, New York.

Chicago, May 11—Short covering prompted by reports of crop damage in Kansas caused an advance of about 1 cent a bushel in wheat today. Many traders were short at the opening, expecting the market to move to the left, but the severity of the damage drove them to cover and the inevitable rise followed. Prices held well on steady cables and would weather any further fluctuations.

Provisions were dull and weak.
