Two dollars per month—paid as rental—will enable you to test the merits of the WELLINGTON VISIBLE TYPEWRITER.

Should you find the machine to be satisfactory—within months to be all that we claim for it—you may purchase it on easy terms at any time within six months, and the amount paid on the machine will be credited to you. Should you want it just for a short time, you are under no obligations to purchase. The machines are sold on a "no return" basis.

THE "WELLINGTON" Combines every qualification of merit in other high-grade machines, with exclusive features of its own, which make it the highest standard of typewriter perfection. In short, it is a typewriter superior in every respect to every other machine, and it costs less. Its perfect action affords a speed unequalled by any machine. The action is quick and the touch the easiest, while its construction makes it impossible to get out of alignment. It is the only typewriter made machine placed on the market.

We would like to show you the machine and our guarantee, and also have you take advantage of our rental proposition.
