SYLVESTER FAVORS PUTTING ON THE LID

"Athletic Clubs" Baneful to Youths, He Declares.

COST OF LICENSE AVOIDED

In Annual Report to Commissioners, Chief of Police Says Open Poolrooms Are Done an Injustice. Moving-picture Shows on High Plane—Need of More Policemen.

Maj. Sylvester is strongly in favor of clamping the iron poolrooms known as "athletic clubs" of the District, which, he says in his annual report submitted to the Commissioners yesterday, are decidedly baneful.

Nonmembers are, in the majority, permitted to play on the payment of a small fee, and once admitted to the "club" they feel they are immune from inspection by the authorities, says the chief of police. Instances of betting are constantly coming to the knowledge of the police, he says in the report.

"The cost of a license is avoided by the proprietors of these club poolrooms, and an injustice is perpetrated on the proprietors of the open poolrooms," says the report. "Besides this, the District loses the revenue which would properly belong to it. Either this type of poolroom should be altogether abolished, or an annual license fee of \$25 should be placed upon each pool table.

Only One Objection. Moving-picture shows in this city, according to the report, are conducted on an unusually high standard; but one objection connected with them is the permitting of young children to attend these theaters at night unaccompanied.

A strong request is made for more policemen, because it is claimed the present number is insufficient to properly cover all the District and enforce the numerous regulations. Maj. Sylvester believes his department has not kept pace with the growth of the city, and, although the present force is well organized, it is weak numerically, he says. However, crime is not on the increase in the District. Last year seven murders were committed, against twenty the year previous.

Misleading as to Age. Taking up the excise law, the report says that it is extremely hard to apprehend those who "knowingly" sell intoxicants to minors, where the appearance of the buyer is misleading as to his age. In regard to the light problem in the suburbs, Maj. Sylvester takes the same view as some of the citizens living in those sections. He believes that as the suburbanites are subject to the same rules and regulations and pay like taxes as the citizens of Washington proper, they should have the same treatment, especially police protection.

CHANGES IN POLICE FORCE

Mounted Sergt. J. E. Hartman De-moted to Street Duty. Several changes were made in the police force yesterday by Maj. Sylvester. The most important of these is the demotion of Mounted Sergt. J. E. Hartman to street duty in the Seventh precinct. Acting Sergt. G. B. Cornwall will take his place. Mounted Policeman Elte is demoted, and J. W. Jones will take his mount.

Mounted Policeman M. L. Poland, suffering from infantile paralysis, relinquishes his mount to J. H. Davis. Miss Ida Braco, a graduate nurse, is appointed matron. Members of the force who are promoted from class two to class three are M. E. Horne, F. N. McPherson, S. B. Kleindienst, J. F. Watts, J. R. Stringfellow, and Wade H. Trice. Those promoted from class one to class two are Elmer Williams, John Flaherty, H. W. Turner, J. N. Roper, and Charles E. Mansfield. Eleven members of the force are transferred. They are J. W. Jones, J. H. Davis, J. W. Elte, R. Harrower, J. C. Maloney, M. Collins, R. W. Jukes, W. R. Rhine, J. T. Jackson, C. E. Barteman, and G. A. Totten.

WATER RIGHTS IN DISPUTE.

Canal Company May Fight Proposed District Plant. The proposed erection of a water power electric plant by the District at Great Falls may cause a controversy between the Commissioners and the Chesapeake and Ohio Canal Company as to water rights on the Potomac. The canal company claims the right to the use of all water in the class under its charter. M. O. Leighton, chief hydrographer of the Geological Survey, will investigate the matter and determine whether the District has the right to use Potomac water to operate its proposed electric plant.

CHURCH BENEFIT POPULAR.

Large Attendance at Third Evening of Bazaar at Pythian Temple. A large attendance marked the third evening of the bazaar at Pythian Temple for the benefit of the improvements at Ryland M. E. Church, Tenth and D streets southwest. A new feature was the comedy of F. S. Yount, who dressed himself as a clown and sold groceries to the visitors. According to the report of the treasurer, Alfred Roderick, the management has so far cleared about \$50 over expenses.

TO REACH ANY PLACE QUICKLY

And comfortably, phone North 1212 for a TICO taxicab. Always ready. \$3 per hour.

KEYSTONE STATE GROWS.

Pennsylvania Shows Gain of 21 Per Cent in Population. The Census Bureau yesterday announced the population of the State of Pennsylvania as 7,965,111 in 1910, a gain of 21.6 per cent over the population of 1900, which was 6,552,115. This gain is slightly greater than the one for the preceding decade, which was 19.9 per cent.

Famous American Beauties.

Gude's home-grown American beauty roses merit much admiration. 1214 F.

Oriental Curios Exhibited.

An exhibition of Chinese and Japanese curios is being given at the Abbey, Seventeenth and L streets, by Miss Jane Adams, a missionary of Su Chow, China. The collection is one of the most unique and complete ever shown in the Capitol.

TAPS SOUNDED OVER GRAVE.

Lieut. Col. Bell Laid at Rest in Oak Hill Cemetery. "Taps" was sounded over the grave of Lieut. Col. James E. Bell yesterday afternoon in Oak Hill Cemetery.

Services were held at Trinity Episcopal Church at 3 o'clock, when Rev. Richard P. Williams officiated. Officers of the Post-office Department, including Postmaster Merritt, as well as officers of the District National Guard, attended the services. Delegations from Dawson Lodge, No. 16, and Washington Commandery, No. 1, Knights Templars, to which Col. Bell belonged, also attended the services.

AGED MAN RUN DOWN.

John Blackford Struck by Car and May Die. Run down by a street car yesterday afternoon while returning after purchasing a number of Christmas presents, John Blackford, seventy-six years old, lies at Casualty Hospital suffering from injuries which may cause his death.

Because of his advanced age and feebleness, physicians entertain little hope for the recovery of the aged patient. Blackford resides with a married daughter, Mrs. Robert Williams, at Twenty-eighth and Monroe streets northeast. He started for home about 5 o'clock and alighted from a car at Rhode Island avenue and Twenty-eighth street northeast. He did not see a car on the other track and was struck. He was placed on the car and taken to the Eckington car barns at Fourth and T streets northeast. Word was sent to Casualty Hospital and the ambulance was hurried to the car barns. At the hospital physicians found that Blackford was suffering from internal injuries, a fracture of the right leg, and bruises and cuts on the head and body.

MILTON E. AILES CHOSEN.

Commercial Club Holds Annual Meeting and Elects Officers. The Commercial Club held its first annual election last night in the club rooms opposite Lafayette Park, and elected the following officers for the ensuing year: President, Milton E. Ailes; first vice president, Hon. Cuno H. Rudolph; second vice president, Arthur C. Moses; secretary, H. C. C. Stiles. The following were elected board of governors: James A. Cahill, Joseph H. Cranford, John W. Davidson, E. C. Graham, and William E. Shannon.

Reports were read by the officers who have served the club since its institution about fifteen months ago, and showed the club to be in a flourishing condition. The report of the membership committee showed a large gain. When the club started there were 100 charter members. The membership now numbers 250, comprising the representative business men of the city.

ROSES, VIOLETS, SWEET PEAS, AND OTHER FLOWERS AT THEIR BEST.

Shaffer, 14th & I.

SCHOOL NAMED FOR WILSON.

Former Superintendent Honored by Board of Education. James Ormond Wilson is the only living person after whom a Washington public school building is named. The Commissioners and the board of education yesterday reached a decision to name the new normal school, to be erected in Harvard street, near Thirteenth, in honor of Mr.

FRIEDLANDER BROS
Ninth and E Streets, N. W.

Wilson, who was superintendent of public schools from 1870 to 1888. Mr. Wilson is now eighty-five years old and a resident of the District. Supt. A. T. Stuart spoke in laudatory terms of the former superintendent's character and service to the public school system. It was due to Mr. Wilson, he explained, that the school system was placed on its present basis.

WE WILL PAY \$1.52 To Help You Get Well

Thousands of people in this country testify to the virtue of the Lambert Snyder Vibrator for relieving suffering and curing disease. We want you to know this by using one yourself. You know when you hurt yourself you rub the spot. When your head aches you rub your temples. Why? Because vibration is Nature's own remedy, and rubbing is Nature's crude way of creating vibration and starting the blood to going. Disease is only another name for congestion. Where there is disease or pain there you will find the blood congested and stagnant. There can be no pain or disease where the red blood flows in a rich and steady stream. Good circulation means good health. Congested circulation means disease and pain.

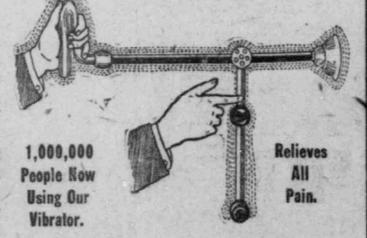

The Lambert Snyder VIBRATOR

It is capable of giving from 9,000 to 15,000 vibrations per minute—100 times more than is possible with the most expert master of massage. Is the greatest medical discovery of the Twentieth Century. It is a light, compact instrument, weighs twenty ounces, can be operated by yourself with one hand by moving the steel head over the rigid steel rod, and can be placed in contact with any part of the body. It is Nature's own remedy developed and concentrated, and with one minute's use sends the red blood rushing into the congested parts, removing all disease and pain. If you have any of these ailments you need the Lambert Snyder Vibrator: Rheumatism, Sciatica, Lumbago, Gout, Deafness, Head Noises, Stomach Trouble, Indigestion, Constipation, &c. Any disease is the result of inactivity of the organs, and slow circulation is the result of inactivity.

HERE IS OUR SPECIAL OFFER O'Donnell's Drug Store 904 F STREET NORTHWEST. FOR 7 DAYS ONLY.

We are willing to pay a big part of the bill on a limited number of Vibrators to introduce them in this community, and will stand \$1.52 of the regular price ourselves.
