### POET'S OLD CABIN TO BE PRESERVED

### Mrs. Rapley Offers a Site at Randle Highlands.

Joachim Miller's old cabin on Meridian Hill, near the new residence of Ambassador White, is not to be torn down, as a site has been provided for it. M. F. O'Donoghue, president of the California State Association, has been working on the plan of getting a resting place for the historic structure and is now assured of its preservation.

An effort was made to have a site provided by Congress somewhere in the woods around Rock Creek as the most desirable setting. Two of the Commissioners of the District, who are on the board of control of parks, were favorable to extending the privilege of a site to the association, which has offered to bear all the expense of removal and protection. But a vote prevented action, and Senator Works and Representative Kahn have been asked to intercede. Should the efforts in this direction fail, the building will not be torn down and destroyed, for yesterday Mrs. Nellie Rapley generously tendered a site in the woods at Randle Highlands. If no place can be found for the old home in the region where the revered old "poet of the Sierras" built it years ago, it will be removed to Mrs. Rapley's land.

### NOTED COW GOING TO IOWA.

### President May Also Visit State Dairyman's Convention.

Pauline Wayne, that princess of Holstein ancestry which Senator Simpson, of Wisconsin, presented to President Taft last fall, is to match herself against the premier milk producers of Iowa, at the State Dairyman's Convention in Waterloo, Iowa, June 9. The dairymen through Senator Kenyon, of Iowa, got the entry of the White House cow, and found the President so agreeable to oblige them that they promptly made a bid to have Pauline's owner, also, visit their convention. President Taft goes west to Chicago to-day, and he has told Senator Kenyon that he would willingly go to Iowa next Monday if he could arrange the date of the convention.

Consequently Senator Kenyon tried last night to arrange to have the President extend his trip from Chicago to Waterloo, without consuming more than twenty-four hours, and is at the same time attempting to induce the dairymen to advance the date of their convention on Monday.

## CHURCH ADDITION WILL BE ERECTED

### Ground Broken by Rector, Rev. Dr. Dudley.

With simple services, ground was broken last evening at 7 o'clock for the addition to St. Stephen's Episcopal Church, in Fourteenth street northwest, near Columbia road.

The first spadeful of earth was turned by Rev. Dr. George F. Dudley, rector of the church. In a brief remark he outlined the story of the church until its present membership of 800. He said that it was a fitting testimonial of the eighteenth anniversary of the church to begin work on a greater church.

Lead by the rector and the choir, the congregation marched from the church to the center of the lawn, where the services were held. A number of clergymen of other parishes attended, and the addition will be completed by October. The improvements will cost about \$50,000, the plans for which were prepared by W. N. Dudley, of Boston, a brother of the rector.
