REV. DR. DOUGLAS GIVEN
A FAREWELL RECEPTION

Retiring Pastor of Luther Place Memorial Church
Presented with Handsome Traveling Bag by
Members of Christian Endeavor.

The farewell reception given Rev. Dr. and Mrs. Lloyd C. Douglas last night in the parlors of the Luther Place Memorial Church, under the auspices of the Christian Endeavor Society of the church, was largely attended by the membership of the church in general, as well as the Christian Endeavorers.
Dr. Douglas has been pastor of the Luther Place Memorial Church for two years, having succeeded Dr. J. G. Butler, who practically founded the church and was its pastor for nearly a half century. The sentiment was freely expressed last night that the parish accepted the resignation of its pastor with reluctance, and if it were not for the magnitude of the new work he will take up and his special qualifications for it, a strong effort would have been made to retain him. Dr. Douglas will take up religious work among the students of the University of Illinois, at Urbana, in connection with

Harry N. Atwood will make no more flights in Washington. He reached this decision last night. He will go to Baltimore this morning, where next week he will give exhibition flights.

Yesterday morning Atwood called at the Chamber of Commerce rooms, where he had a conference with several directors of that body. He asked for a definite proposition from them regarding another flight over Washington. The members of the directorate present did not feel justified in meeting the offer and Mr. Atwood departed. No ill will was shown at the meeting.

FRENCH AVIATORS MAY SEEK BIG HEARST PRIZE

Special Cable to The Washington Herald.
London, July 25.—Julius Vedrine, the French aviator who won the Paris-to-Madrid race, and was second in the race around Great Britain, announced to-day his intention of competing for the \$50,000 prize offered by William Randolph Hearst to the aviator who is first to fly across the American continent.

Commenting upon Vedrine's announced intention, Andre Beaumont, the French naval lieutenant who won the race around Great Britain and the night from Paris to Rome as well as the race around Europe, said: "I will not know for three weeks whether or not I can go to America. But I would like nothing better than to race Vedrine across the American continent." Vedrine said: "If the race can be held between October 1 and October 15, I will certainly compete for the rich prize offered by Mr. Hearst. I would not risk flying after the 15th of October, because the weather conditions make it almost prohibitive."
